April 6th 1885

The regular meeting of the Womans Executive Committee was held on Monday April 6th. 6 present. Mrs Green, Mrs Haines, Mrs Hann, Mrs Walker; Miss Dyer and Mrs Baker. Meeting opened with Scriptural reading & prayer. Minutes read and adopted.

of S. W. & circulating of Ex. Com.

Mrs Green reports having written to Mrs Whitaker of St Louis, asking why they objected to circulate the blanks of Ex. Com^tee. Also to Mrs Barnelle, telling her she must report through the 63d of South west, but knew of no reason why she should not write to the Ex. Com^tee. of the work done, or if she wanted counsel at any time, she was at liberty to write. No answer received from either: Mrs Green reports waiting on Dr. Booth in regard to the suggestions of the Ex. Com. of having an extra Secretary in the Board. to which he agreed, and would like a very decided communication sent to the School Committee at its next meeting, April 20th. as to what the wishes of the Ex. Com^tee were. A motion is made and carried that correspondence with Mrs Quinton in regard to her being able to attend the Annual Meeting at Cincinnati be delayed for the present.

Miss Dyer reports in regard to the two letters presented by Mr Eaton about scholarships, that she referred to her books & found them all regular and correct, answered the letters, asking them to send the letters direct to the Committee. Received an answer from one who stated he was very glad to know this, & would be very happy to send it to the Committee in the future. Miss Dyer reports having written Miss Stowe asking her assistance in the office, no answer as yet. Letter from Dr. Roberts of Princeton, N.J. asking that a member of the Ex. Com.

be appointed to manage the railroad business for the meeting at Cincinnati: he will furnish all certificates to such as Com^tee will name. A motion is made & carried that Miss Dyer be appointed to attend to procuring these R.R. certificates. Mrs Green mentioned the great necessity of Miss Dyer having help, as there were many letters to answer, Mrs B. not being able to give one moment of time to it, thought it would be well if any of the ladies could assist. Miss Dyer reports having written to Miss Wheeler asking her assistance, but has had no reply. Mrs C. E. Walker being present is asked to take the position of visitor among the Mission Schools. Mrs Haines thinks it is very important that the visitor should report personally to the Com^tee: Mrs Green speaks of the anxiety of the Com^tee in regard to having a visitor for schools; & speaks in churches, but would like Mrs Walker to consider the question.

Assistance of Miss Wheeler.

Mrs. Walker as visitor of schools

Letter from L. A. Gorham of Neosho, wishing position under Ed. Com^tee would do anything from Kitchen to a class in the Infant Department. A motion is made & carried that correspondence be had with Miss Gorham asking reference. Report from Mrs Coulter of Freedmens' Department was then read. Mrs Haines proposed that in this address, Mrs C. E. Walker's name be added as being Secretary. A motion is made & seconded that the appointment of Mrs Coulter as Cor. Sec of Freedmens' Department be confirmed. A motion is made & carried that Mrs Coulter's name be added. It is moved and carried that this report be accepted but not adopted. Mrs Hale

the amount of money received for Freedmen from Mrs Boyd be added to this report, also that Miss Dyer correspond with Mrs Allen asking if she has seen the report & if there is anything further she wishes to add before it is adopted by the Ed. Com^tee.

Letter from Dr Shields speaking of the trouble in regard to title of property at Salazar, thinks Miss Hills would prefer to stay where she is until end of the year. & then be transferred. Mrs Haines reports a letter from Mrs Allen asking that the letter printed in the Interior from a Missionary teacher complaining of the number of letters they were compelled to write to every society that contributed anything to the school, be reprinted in leaflet form.

Letter from Mr Martin stating, Miss Parsons is getting
ignville-Utah on very well at Springville: nothing done in regard to
ding. building, as they have no money. Mrs Haines reports having written to Mr Martin that Mr Parker had taken a great deal of trouble in getting up plans for building.

Both Secretaries being away Mr Boyd was invited to meet with the Com^tee. Mr Boyd stated Mr Martin
d. Idaho had written proposing that a Miss Winnie Jones, whom
f. Jones to Mr Boyd understands is one of the pupils in Malad
ss Simons school, should take a position at Malad to take Miss Simons place & Miss Simons to go to Samaria. Mr Boyd wrote that about half of the money had been sent in for Samaria & he wrote some time ago to know if the money was wanted & when. This is the first answer received. Thinks the money can be forwarded, but none has been asked for before. Mr Boyd

reports receiving a letter from Mr Leonard stating that the Pres^t. had voted that the Academy be built in Springville. Mr Boyd would like to know what the Com^tee think of sending Miss Simons to Samaria. Ex. Com^tee agree if School Com^tee approve. Miss Jones to be sent to for testimonials.

Albuquerque N.M. Muscogee. Ind Ter. children coming East with R. W. D. Bryan

Mr Green asked in regard to children from Albuquerque & Muscogee coming East with Mr Bryan & Miss Robertson. Mr Boyd supposed this matter was left for the Com^tee to attend to. Mr Boyd then gave a good report of the Officers at Washington, the Commissioner being a very good man well disposed to the Indians. Mr Sheldon Jackson in Washington & wants to know if the Committee would like to see him, as he starts for Alaska on the 1st Mrs Haines & Mrs Ham were appointed to meet Jackson on Tuesday April 7th.

Interesting letter from Mormon mother

An interesting letter from a Mormon mother then read, it is deemed well to have this put in P. H. M. Interesting letter from Miss Beckerman closing this Mormon letter. Mrs Ham reports writing to Mr Bryan in regard to specimen of children's work & he replied, he would be pleased to give

Specimen of work from Albuquerque

Mrs Green desires Mrs Ham to write to Mr Bryan & see if he is coming East at the time of the Ind. meeting in Cincinnati. Mrs Ham to consult with Dr Roberts & ask if Miss Grace Roberson, in case Miss Alice could not leave her school, could bring in some Indian children from Miss A. Roberts school.

Letter from Miss Clute enclosing bill for

for Mollie French

French, also a bill is received from Miss M. L. Allison of Santa Fé. A motion is made & carried that these bills be paid. Mrs Walker of Colorado being present, was asked if she had anything to report to Ex. Com^te. Mrs Walker then reported that in regard to Miss Verbeck's work Verbeck, she did not see her personally but heard that everything in regard to her work was satisfactory, at that time Mr Phillips was having no difficulty with her. Miss Verbeck is an excellent teacher if she could be placed where there is no friction. The question being if it would do for her to go with Miss Allison at Santa Fé. Mrs Walker thought it would not do at all. Mrs Walker expressed the opinion that it was cruel to have teachers placed as they are at Santa Fé, as it places them in a very delicate position. Neither Miss nor Mrs Carpenter were relieving Miss Allison, they having no responsibility outside of the school room. Mrs Carpenter having stated she wanted to be matron & would take part of the children, but she did not feel able to do that finding the duties were too great. It was Mrs Walkers' opinion that Mrs Carpenter being nervous from overwork, & therefore not equal to so much work, she is not the one for this work. Mrs Walker had a letter from Miss Allison stating, she will not work day & night after the first of April. Mrs Walker advises that Mrs Carpenter be brought East to talk on Home Missions. A motion is made & seconded that the Sec^y of Board inquire of Dr. Kirkwood whether he considers Mrs Carpenter a suitable person to be in Santa Fe as matron. Mrs Walker thinks that if at present, there is any considera-

Gerlinger could not do the work on account of ill health. The teachers were mourning the removal of m of the boys to the Jesuit College, but now the tables turned and 19 of the boys are coming back from the Jesuit College & the Missionary influence is increasing rapidly among the Mexicans. Miss Gerlinger's place should be supplied as soon as possible, as the school is large, & Miss Speakman really needs this assistance. This information was given Mrs Walker by Dr Kirkwood. Mrs Walker was at Albuquerque three days & was

The National Indian Agent expressed self as delighted with everything at Albuquerque. Rev Dr McMillan of Montana, being in the City v ted the Comtee & mentioned very great enthusi at the meeting of the Bd of Southwest & thinks there is a very good feeling in the Convention in regard to Home work. He Stated the very interesting

fact, that they were now in a building in Montana that had been erected by the Mormons for an armory to fight the U. State officials. There being no more business to bring before the Conv^tion, On motion the meeting adjourned

April 19th 1885.

The regular meeting of the Woman's Executive Comtee was held on April 19th 1885. Present Mrs. Green Mrs. Haines, Mrs. Ham, Mrs Boyd, Mrs. Roberts Miss Dyer and Mrs. Baker. Meeting opened with Scriptural reading and prayer, in which special guidance was asked for a member of the Comtee having to leave the city on account of poor health.

Minutes of last meeting read and adopted.

Treasurer's Report

Treasurer's report for March, also report for year given and both accepted. Mrs. Green reported having received a reply from Mrs. Whitaker of St. Louis explaining views in regard to blanks, stating the Prest Auxl were very imperfect and much trouble might arise from discrepancies, as the Board of the S. West do not rely upon their Presidential reports but upon the reports of each auxiliary, in the territory. Letter was also received by Mrs. Green from Mrs. Parmelee agreeing with Mrs. Green in regard to her communication with the Comtee as she could not give that up, also reporting amount of money raised by societies during the past year, the most of which was used for local benevolence. Mrs. Haines thinks it would be well for them to send such a report on publication as they think will be satisfactory to societies. Suggestions from the Comtee prepared by Mrs. Green in regard to the Board having another Secretary were then read, and motion was made and seconded that this paper be accepted and sent to the School Comtee at their next meeting, if approved by the Secretaries.

Miss Stowe cannot leave home.

Miss Dyer reports having heard from Miss Stowe whom she asked to assist her in the office to the effect

that she cannot leave home. Also from Miss Wheeler stating she cannot leave her sister. A motion was made and carried that Mrs. F. A. Walker be invited to assist Miss Dyer in her correspondence at the office for a short time. A motion was made and carried that Mrs. Niven convey the message to Mrs. Walker and ask her to come as soon as possible. Miss Dyer reports receiving a reply to the letter sent Mrs. Allen of Pittsburgh asking if she wished to add anything to the report sent by Mrs. Coulter. Mrs. Allen said she did not wish to add anything but merely have the places and time mentioned where this cause was presented by herself and Mrs. Coulter as a matter of history and proposing that the report be condensed before being put in report of Exec. Comtee.

Carlton's Report

Mrs. Haines proposes that Mrs. Coulter's report had better be put in the hands of some one to add these different things spoken of by Mrs. Allen. A motion was made and carried that Mrs. Roberts take these papers and that Mrs. Coulter's report be read in full, separate and distinct from the report of the Exec. Comtee, and that Mrs. Roberts condense it for publication. Mrs. Green reports receiving a personal letter from Mrs. Allen suggesting a meeting for consultation and interchange of views in regard to woman's work for the Freedmen and proposing to send notice of such meeting to Pres. Home Missn. Presidents. Mrs. Green replied that she thought the notice a very good one but desired that she bear in mind that the Comtee had these meetings at Saratoga, where the different fields were brought

before the people and that one afternoon had been devoted to conference. Notice could be given at Cincinnati of the time found to be best for another such meeting. Mrs. Haines reports that two of the Pres^s among the colored people had sent in petitions that they should be under the Board of H. Missions and not have the color line. In regard to the bringing of Indian children to the Annual Meeting Mrs. Ham reports having spoken to Mr. Boyd about Henry Kendall of Carlisle but he has not been written to. It is thought best for Mrs. Ham to see the secretaries in regard to Miss Alice coming on if Miss Grace can take her place in the school. On consultation Dr. Roberts thought Miss Grace could take Miss Alice's place in her school provided the government would agree to it and if not it would be well to have Miss Grace come East with the children. Miss Dyer having written to Miss Gilchrist in regard to servants for Albuquerque, Miss G. replies that she has conferred with Dr. Lewis of Boston and it would be better to correspond directly with him. Letter from Dr. V. A. Lewis then read stating he will bring the matter before the ladies, and trusts that they will soon find the help needed. Mrs. Ham reports waiting on Mrs. Jackson at the Bible House also Mrs. Brown at the Tract House but could not get any encouragement in either place.

Letter from Mr. Bryan on this same subject stating the difficulty in getting reliable servants and if the Com^tee would leave the matter with him he would attend to it. A motion was mad

and carried that Mr. Bryan be authorized to supply his own servants but be limited as to price. These servants to be subject to the approval of the Executive Comtee. Mrs. Haines reports having rec'd a letter from Mrs. Turner in regard to holding a foreign meeting on one of the afternoons of the Ladies' Meeting, thanking the Exec. Comtee on behalf of the Exec. Comtee of Foreign Board and herself for the kindly courtesy extended to them, and would like to know as to what day shall be set apart for the conference. Mrs. Green reported having a letter from Mrs. Evans in answer to one she had written asking if there were any good boarding-houses that were lower in price than the hotels. Mrs. E. stated that good board could be obtained in boarding-houses but not near the church. This letter mentioned a number of hotels with prices stating that teachers and missionaries would be entertained in the people's houses. After discussion a motion was made and carried that 5 or 6 rooms be engaged at the St. James at 2.00 a day also the thanks of the Executive Comtee be tendered to the local Comtee for providing homes for the missrs and teachers. Mrs. Green here stated that she thought the Comtee needed a great deal of prayer for the work in this Assembly as the Comtee had always rested on Mrs. Haines and now that she was not able to go, the Comtee needed to pray for help and guidance in the work. Mrs. C. E. Walker having mentioned that she thought Mrs. Carpenter of Santa Fé was exhausted and would need rest before addressing societies with success.

Miss Carpenter - Coming East.

The Comtee perfers that the Secretaries be consulted as to whether it would be well for her to come East in time for Annual Meeting. This being simply left them. Dr. Roberts expressed the opinion that the Comtee should have some one represent the Mexicans and thought it would be well to send for her. Mr. Bryan's coming East was then spoken of. It was deemed best to ask the secretaries whether he was coming to visit his friends and whether it was advisable for the Comtee to pay his way in time for Annual Meeting to present the Indian work. Secretaries did not know whether he was coming to visit his friends. Letter was read from Mrs W. E. Dodge of New York in regard to Miss Boyd's work, stating they were waiting to see if it were best the work should continue at that point.

Mr. Harris is of the opinion that Miss Boyd would make a very interesting speaker in regard to the work in the South among the poor whites.

Mr. Bryan, shall he come East.

Miss Boyd's work in the South. Mountaineers.

Miss E. S. Boyd to present the work at Annual Meeting

A motion was made and carried that Miss E. S. Boyd present the South Carolina work at the Annual Meeting, if approved by the Secretaries and that expenditure be held with her visit Miss Pratt. Dr. Roberts thought the Comtee need not ready to increase the work of the poor whites as yet but had better wait till the Treasury was reimbursed.

Work among mountaineers. Miss Boyd.

If any one is brought to speak of this work, the Gen'l Assembly will conclude the Exec. Comtee was going straight to the work. Mr. Harris then remarked that Miss Boyd had been encouraged to make this beginning with the expectation that the

Com^tee would establish schools so as to have them in permanent form. Mrs. King of Elsinia wanted these facts to come before the School Com^tee so as to have Miss Boyd empowered in these matters if possible. It was stated that the Romans had started schools there and were giving the poor children clothing. Dr. Roberts thought Miss Boyd should be given to understand that for the present the Com^tee cannot enlarge their work. Every point in the field is growing and must be strengthened. It is better not to take new work like this one as the Treasury would not justify the Com^tee in so doing. The matter of Mrs. C. E. Walker as visiting Miss Lewis being brought up, it was proposed that in addition to the visiting of schools she give what time she has left to office work. As no decided action had been taken in regard to this matter, a motion was made and carried that Mrs. C. E. Walker of Col. be appointed visiting secretary of the Woman's Exec. Com^tee, at a salary of $75. per month during the time of her service, her duties to be the visiting of Mission Schools, Societies, or any other work the Com^tee may need to have done. Dr. Roberts thinks the Com^tee cannot get a better woman than Mrs. W. for the position. Mrs. Harris then read her report to the Board of Home Missions.

C. E. Walker as visiting & among schools & office work.

A motion was made and carried that this report be accepted. Letter from Miss Miss Verbeck stating she could not select her field of work, but as Las Vegas had been proposed to her, she was willing to be transferred to that field. Letter from

Verbeck Vegas N. M.

Mr. Phillips of Mora wishing a gentleman superintendant, and a matron when Miss Verbeck goes to Las Vegas. Also a normal class formed to which all the Miss. Sch^s could come. Needs 750.00 to complete necessary repairs and enlarge the building that they may receive 25 extra pupils. A motion is made and carried that these letters of Miss Verbeck and Mr. Phillips be referred to the School Com^tee. A motion made and carried that Mrs. W. C. Roberts be asked to continue as Editorial sec. for the present. Dr. Jackson's talk with Mrs. Haines and Mrs. Ham read. Moved and seconded that these notes be referred to Dr. Booth and Mrs. Green. A number of objections being made to Mrs. Quentan addressing the meeting at Cincinnati, it was concluded that it had better not be undertaken.

Mora - N.M. change of workers. additional work needed.

The question having come from quite a number in regard to the 2000. sent for the Hydah Mins, Mr. Boyd said part had been spent for the building, now at Hydah, about 7 or 800. or dollars. Nothing further had been done as they were waiting for the saw-mill. In talking with Dr. Jackson, the expectation was that the building would be put in shape this summer. Dr. Roberts said Dr. Jackson said the Gov^mt would buy all the tables and desks made by the scholars at Sitka and thinks it quite possible that the lumber could be cut at the Saw-Mill and taken to Sitka and Mrs. Ham here inquired as to whether reports were sent in every quarter from Mr. McCleod. Mr. Boyd replied that no reports had been received. Dr. Jackson said the mill had been put in order and Mr. McCleod had not sawed logs, as he had no money

Hydah Alaska

to pay for the work. Mrs. Hain thought there should be regular reports of the work sent so that the Comtee could know just what was needed. Dr. Roberts advised the Comtee to make an appropriation of 100.00 to pay the Ludlows for the saving of the logs and give Mr. McCleod a fair trial. Dr. Jackson having recommended two ladies, Patton by name, as teachers for Sitka, testimonials were rec'd from one which were satisfactory; the other feels capable but not sufficiently consecrated for the work. Motion made and carried that Miss Eliz. Patton be recommended to the Sch. Comtee as teacher for Sitka and correspondence be held with the other sister. Letter from Titusville, Pa. stating the ladies had offered to pay 300.00 for repairs on home at Mt. Pleasant provided the Board advance the money and give them their own time to pay it in. Mr. Boyd says it has been paid.

Mrs. Green mentions a letter rec'd from Miss Noble stating if the Comtee expected to re-appoint Miss Nella Campbell, it would be better not to re-commission her. The question was then asked by Mrs. Green, if there was anything to be done in making preparations for the Comtee's room in their new quarters. Dr. Roberts thought it would be well to consult with Mr. Eaton in regard to this matter. Mr. Boyd reports looking up a wardrobe and suggests that the ladies wait until they get to the rooms before doing anything about the furnishing. Having finished all business necessary to come before the secretaries they wished to be excused, after which the saw mill business was again brought up. Mrs. Hain was of the

opinion that it should be decided to-day what should be done. A motion was made and carried that Mrs. Boyle write and ask Dr. Hill how much lumber could be gotten out for 100.00, also how far Mr. McCleod's salary has been paid up, and ask for a statement as to how much money has been received for the saw-mill and how much has been called for, and how much securities on hand and that the Com^te wish to authorize him to apply money to the amount of 100.00 to this work. Mrs. Dam feels that after Dr. Jackson's talk, before the Com^te send out any more teachers, it would be best to have some rules in regard to their conduct. Some people think there is no harm in playing cards, but the question is does the Com^te feel that it is right for the teachers to indulge in it. Also in regard to dancing and visiting in Sundays, a decided step should be taken in the matter. Mrs. Green thinks that when teachers go out into their districts to be examples to the pupils, they should lead consecrated lives and give up such things. A motion made and carried that a circular letter in regard to the duties expected of teachers be prepared by Mrs. Green and Mrs. Dam, to be brought up at the next meeting to be printed and sent to each person applying for position as teacher. Dr. Jackson having stated that Mrs. McFarland was worn out and needed rest a motion was made and carried that she have a year's rest granted her, her salary to continue and she be allowed to come East. Referred to School Com^te. It was proposed that in Communi-

cating with Mrs. McFarland she shall be in-
formed that she will be expected to address
meetings as far as she is able. Motion made and
carried that a request be sent to the superinten-
dants of the different schools on the Miss. field,
that an inventory of all boxes and supplies of
clothing and bedding sent by societies be sent to
the Comtee, and after this the Comtee to be kept
informed of all such gifts quarterly. Bill pre-
sented for the printing of 1500 circulars $10.00.
Motion carried that this bill be paid. Miss
Dyer reports letter from Miss Verbeck stating she
has been using a sewing-machine for a year con-
tinually and it belongs to a lady in Mora, who would
sell it for 25.00. Motion carried that money
be sent to Mora to pay for the sewing-machine.
Letter from Dr. Parkhurst of the Madison square
ch. asking that the Comtee appoint two delegates to
attend the Annual Meeting of the McAll Ass.
to be held in Madison square ch. on April 23 & 24th.
A motion made and carried that a letter of
thanks be sent Dr. Parkhurst, from the Comtee
and state that none of the Comtee will be able to
attend the meetings. Letter from Mr. Mains de-
siring position as Missy but prefers an appoint-
ment as medical Missy. Resolved to refer this
letter to the secretaries. Letter from Mr. Coyner
saying Mrs. Coyner's health is not good. Wishes

The removal of the Board of Home Missions from 23 Centre St. to 280 Broadway occurring on May 4th the regular day for the meeting of Women's Executive Comtee, it was postponed until May 11th when there was an excellent attendance in the new room, 11 being present. Mrs. Green, Mrs. Haines, Mrs. James, Mrs. Langdon, Mrs. Ham, Mrs. Boyd, Mrs. Roberts, Mrs. Nixon, Mrs. Miller, Miss Dyer and Mrs. Baker. A cordial welcome was given to Mrs. Langdon who had been absent from the meetings for a long period owing to sickness.

Meeting opened by reading of Scripture and prayer. Minutes of last meeting read and after necessary corrections adopted. Treasurer's report then given showing a receipt of a total of $5225.56. Also yearly report of synodical receipts, all of which were accepted.

A motion was made and carried that an auditor be appointed to Treasurer's account. Mr. Langdon being proposed a motion was made and carried that Mr. L. be asked to audit Treasurer's acc/.

itor

As there was a discrepancy between Treasurer's report for the year and Mr. Eaton's statement at meeting of Comtee and of School Board, a motion was made and carried that Mr. Boyd be inquired of in regard to the difference. Mr. Boyd stated that Mrs. B. paid over to Mr. Eaton $116.00 & 5000.00 for specials $3.000 for Freedmen, & 4.00 for expenses making a total of $128.00. Mr. Eaton having rec'd $6000. for sch. acc/ which does not appear on Mrs. Boyd's books, makes the difference.

Mrs. Davies thought it would be well to have a call
put in for special prayer on the 29th. A motion was
made and carried that if there is still time before
the paper is issued, Mrs. Roberts be requested to wri

blessing on the meeting of the 29th. Miss Dyer reported
giving instructions from Ex. Com.^tee in regard to extra a
relating to the secretaries; Mrs. Boyd returned it with
the answer that the secretaries thought it best not to
present it to the School Com^tee just now as they were
not quite ready for it. Mrs. Ham, who was appointed
to see to the matters connected with the Indian boys
being at the Annual Meeting, reported she had cor
responded with them as Mr. Boyd said arrange-
ments had already been made with some one com
on from Carlisle to bring the boys. Had corresponded
with Miss Alice Robertson and she had selected two
girls but did not say as to whether she was coming
herself. Mr. Austin being in the city came in and
reported very much the same as Dr. Jackson had

Mrs. T. A. Walker having visited Miss Dyer for
about 2 days the question came up whether this
assistance should be continued, the Com^tee thinking
if it proved a good arrangement, she could remain

in the Office during Miss Dyer's absence in Cincinnati
Letter read from Mrs. Walker stating she could ar-
range matters to be here at that time. Also one
from Mrs. Nevin stating she had arranged her visit
thinking it might lead to a permanent engagement.
Mrs. Green expressed the opinion that no
further expenditures could be made for assistance
in the office as the Treasury is low, and thinks
it would be well if such members of Com^tee not
going to Cincinnati could manage to come to the Of-
fice during Miss Dyer's absence.
Miss Dyer presented bill of 3.25 for Mrs. Walker
and expressage which was ordered paid. Miss Dyer
reports all arrangements for servants at Albuquerque
are made and very satisfactory. They are Christian
men and women and accept going into the work very
cheerfully. Mrs. Carpenter of Santa Fé has been
written to but no answer rec'd. In regard to the
four whites of the South in the employment with the
Secretaries and Sch. Com^tee, the opinion was expressed
that the Exec. Com^tee had no authority to modulate
anything more in this work. Letter was read from
Miss Boyd of S. Carolina, stating the children are
capable of education, the needs are pressing and
the school closed at present. The Bible is a sealed
book to them for they cannot read, but they are
beginning to see the fruits of the work. In the pub-
lic schools they have poor teachers, not being able
to pay much. She is willing to assist in this work
but cannot do it single-handed. Letter from

work. Thinks it would be well to have a school [illegible] to be supplementary to Whitehall Seminary. Thinks now is the time that the children need the work and it would be well to name the school the "Ho[illegible] Memorial Home". It is moved and seconded that the Com^tee request the Gen'l Assembly to allow [illegible] to take up the work among the poor whites of the South if it can be undertaken with the work now already engaged in. A motion was made that [illegible] Sub-Com^tee be appointed to draft this petition and submit it to the secretaries as to whether it is in proper form. Mrs. Green and Mrs. James appointed as such Com^tee, Mrs. Hanies to serve as substitute if Mrs. James shall be unable. Mrs. Green reported that at the conference between the Sch. Com^tee and Exec. Com^tee on Thursday and Friday of last week the Exec. Com^tee was granted permission to employ Mrs. Chas. E. Walker as sec^y of the Com^tee to do such work as the Exec. Com^tee chose to give her.

Mrs. C. E. Walker.

A motion carried that the word visiting be dropped in connection with Mrs. C. E. Walker's name as sec^y, and that Mrs. Walker simply be notified that she is appointed sec^y of Exec. Com^tee. [illegible] thought best not to have it given out that Mrs. [illegible] is visiting sec^y but simply to notify societies that a member of the Exec. Com^tee will visit the school sometime during the year. A motion carried [illegible] Mrs. Walker's salary be fixed at 75.00 a month.

Mrs. Green read both letters and after discussion it was resolved that the two could be incorporated in one and laid before a subsequent meeting.

Motion made and carried that this Com^tee prepare a paper on topics sent to Missionary Schools as belonging to the school and not to be held as personal property by the teachers, and to lay it before the next meeting.

Mrs. Green has replied to Mrs. Parkhurst's letter inviting members of the Freed Com^tee to attend the Mc All meeting in Madison Sq. church, that they would be unable to do so just before going to Gen'l Assembly. The Home Miss'y Society of the Methodist Ch- having its head quarters in Cincinnati, Mrs. James thinks it would be well to send an invitation asking them to be represented by a delegation. A motion carried that such an invitation be extended to them for Friday 29th. Mrs. James would like to know how it was possible for the Com^tee to be in arrears for teachers salaries without running it from month to month, and thinks that action must be taken on this matter to-day as the Com^tee must know where they have no money to pay teachers as it is not right they should go part the quarter without payment. Discussion on this subject then followed, after which a motion

carried that a sub-comtee be appointed to wait upon the Treasurer of Board of Home Missions to inquire as to the best methods for procuring a [illegible] to pay the debt of Exec. Comtee. Mrs. James and Mrs. Haines appointed as such a Comtee. In regard to the appeal to the President for the removal of Officers in Alaska, it is thought best to have a form drawn up coming from Exec. Comtee. Mrs. James, Mrs. Haines & Mrs. Roberts appointed as such comtee, the paper to be sent to the President asking for the removal of these officers. There being time for it Mrs. James asked to lay before the Comtee thoughts that are in her mind as to the future method of work by the Comtee. Mrs. James then spoke as follows:

Debt of Ex. Com.

Officers in Alaska, removal.

We must change our method of working and it has occurred to me that we might with advantage adopt this plan of asking ladies, (they must of course be members of Synodical or Presbyterial Societies), to meet with us at our regular meetings to take special fields to hold under their supervision and to correspond with the teachers of these schools. So when they come to these meetings and a letter is read from the field they are interested in, they can refer immediately to their book and say there are so many teachers in that school, they had so and so last, there is requirement for such and such materials they have so many scholars, and thus all will be exactly the condition of that school. I think that we should have a lady to correspond with the teachers in Indian Ter, in Alaska, another with those [illegible]

Method of work.

teachers outside of Indian Ter. and Alaska; another with the schools among our Spanish speaking population, and another with the teachers among the Mormons; and then if we take up the work among the poor whites, one to cover that field. In this way we could have a perfect knowledge of our work such as we cannot have otherwise.

Letters come from our teachers and none of us, even the best informed, can give a correct account of them.

Mrs. Harris has always kept the run of our schools and teachers admirably but it is a very rare woman who finds it possible to do it because of the large numbers of them. In this way just suggested we shall have our fields perfectly understood, the person who has the charge of the school will say immediately, I know all about that teacher and the school; thus we can act intelligently. Then there will be another advantage, we shall bring a larger number of women into our gathering and we shall have more help in deciding questions in our meetings and the interest will be increased in the circles from which these people come. Then again, after corresponding with the teacher, they will feel very anxious to visit the schools themselves and will in time aid us very materially. I think we should have 3 or 4 from Brooklyn, the same from N. Jersey and New York, ladies of intelligence and culture. I am very sure Miss Grace Cook will take our field. Mrs. Cutter of Brooklyn would make an admirable woman, but I fear will not be able as she is secretary of

ondence with

We must make this a matter of important pre-
business to call together this company of women
immediately; this will greatly relieve those that
are here and will be a satisfaction in the conduct
of the work which has not been experienced before.
We can have an advisory Comtee; all the names
printed for instance. All letters from Indian
Advisory Committee Ter, will be directed to Miss Grace Cook, all from
Spanish-speaking population to Miss —etc, and
these persons must be instructed how to answer
these letters."

Mrs. Hanies approved most heartily of Mrs. Jan
suggestion as a whole but would like to call atten-
tion to some particulars. She did not think
that these ladies who come in to help should be
members of the Syndical Executive (?) Comtee, but invited her
to be made members afterwards. These ladies whom
we invite are not members of Syndical Comtees, h
not the right to vote until they are members, (a
take part in the discussions) (but they could remain
as corresponding members), but not vote.

Methods of work

Mrs. Hanies was not so sure that those who ha
the most leisure would be the best to invite to this
work. Also it would be wise in our publications
at present, to make any change as to how the letters
should be addressed to the office; they should
continue to be addressed as now and referred, a
being opened, to the different ladies. Another point
is, there must be some one at the head of all this
company. It would not do to break it all up in
these divisions. A number of ladies were then

spoken of to take charge of these letters. A motion was then made and seconded that Mrs. James suggestion be adopted by the Exec. Comtee and that women living in the vicinity be invited be invited to come and help, taking such correspondence as may afterwards be wanted. Mrs. Haines then nominated Miss Grace Cook. A motion was also carried that Miss Carrie Haines be invited to meet with the Comtee at the next meeting.

Mrs. Miller reported having a letter from Miss Speakman of Las Vegas stating the session of the church had decided they must have an assistant. Mrs. Miller reported that the person paying Miss Speakman's salary is willing to pay that of an assistant if the teacher can be found and allowed to go. Referred to School Comtee.

The matter of number of correspondents needed for each field now arose. Mrs. Green expressed the opinion that it would be wise to begin slowly and it was decided to have one for each field.

Mrs. Jackson of Brooklyn was proposed as our correspondent. Mrs. Green then stated the fact that the Comtee were without a recording secretary, and one would have to be appointed.

Mrs. Greer's name was proposed for this office. A motion was carried that Mrs. Niven correspond with Mrs. Greer and ask her to meet with Comtee at next meeting.

Mrs. Haines read a communication from Dr. Jackson asking that the Com^tee^ procure a communion service for Sitka as a present from himself and wife. A motion made and seconded that this matter be attended to and also that Miss F. A. Dyer be appointed to carry it through.

Mrs. Niven here stated she had long felt the [illegible] of a Home Miss^y^ prayer meeting in the city of New York under the charge of the Woman's Exec. Com. or Synodical Com^tee^, whichever seemed best.

Prayer meeting

If possible to have the subject of the prayer-meeting the same as that of Pres. Home Miss'l.

Theme for this month was Mormonism. Approved by the Exec. Com^tee and matter of woon for meeting left with Mrs. Nixon who thought Dr. Crosby's lecture - woon the most central and accessible. The meetings are desired to be under the care of the Executive Com^tee.

Motion made and carried that the Executive Com^tee establish a monthly meeting for prayer for Home Missions in the city of New-York. Mrs. Nixon was requested to make necessary arrangements for the establishment and continuance of said meetings and notify the public accordingly.

Resolved that Mrs. Nixon strive to obtain from Mr. Stoddard a permanent advertisement in the Observer. Motion made and seconded that Mrs. James prepare the petition to be sent to the President of the U.S. in regard to the removal of the U.S. Officers in Alaska, and that Mrs. James and Mrs. Quaiffe be authorized to present it. Resignation from the Exec. Com^tee of Mrs. Scott of Bloomington now read, and recommending Mrs. Robinson to take her place. Resignation not accepted by the Com^tee.

Secretaries were invited to meet with the Com^tee. The first thing brought up was the assistant to Miss Speakman, as to whether one would be allowed to go if the funds were provided.

As it was understood that no further advances were to be made at Las Vegas, the secretaries see no objection if money be raised for the purpose.

The salary is 500.00 a year. The fact was here mentioned that a proposition had been made that Com^tee retain all money sent in as specials and not pay it over to Mr. Eaton, and then if the Com thought best they could lend it for the payment of teachers' salaries. This was discussed, and a decision arrived at that matters would not in this way be altered, as all money sent in as specials could not be used except for the object specified by donor. Mrs. Green then asked the secretaries at speakers for Tuesday evening, at General Assem

The question being asked as to whether Mr. [illegible] would make a good speaker, Dr. Roberts thought he would do well at a small meeting. Mrs. [illegible] then mentioned the letters of Miss Purley & Miss Lockwood which were read at last Com^tee meeting but no action taken by School Board. Mr. Boyd reports Miss Purley's repairs were granted. In regard to Miss Lockwood soliciting, so long as she was taking a vacation there would be no objection to

Mrs. Green then asked if anything had been done with regard to the endorsement of by ministers of the teachers' quarterly reports, certifying they were correct. Mr. Boyd remarked that when the words, minister in charge, were on the reports, gave them the idea they were to have charge of everything and made trouble.

It is thought quite necessary for the minister to see that these reports are correct as far as he knows. Inquiry was then made as to whether the current expenses of the school were to be taken out of the tuition of that scholars before the teachers' salaries. It being answered in the affirmative Mrs. James expressed the opinion that it was rather hard on the teachers. Letter having been read from Miss A. Bodine, Park Hill in regard to commission, Mr. Boyd replied her commission had been sent and she would remain there.

Mrs. Harris made inquiries as to whether every teacher sends a quarterly report and if they gave any statement of their own rank. Also if anything had been done in regard to Mr. Parks rank. Mr. Boyd replied that some teachers gave a statement of their rank and some did not and Mr. Parks rank was arranged for.

The regular meeting of the Woman's Executive Comtee was held on Monday, May 17th at 11 A. M. - 14 present. Mrs. Green, Mrs. Haines, Mrs. Ham, Mrs. James, Mrs. Langdon, Mrs. Boyd, Mrs. Nivin, Mrs. Roberts, Mrs. Bromell, Mrs. Grier, Miss Haines, Miss Cook, Miss Dyer and Mrs. Baker.

Meeting opened with reading of Scripture and prayer. Minutes of last meeting read and after necessary corrections adopted. Mrs. Nivin reported calling on Dr. Crosby in regard to holding monthly Missy-prayer meetings in his church. As he was not in, Mrs. Nivin rec'd answer by letter that he would be very glad to have the meetings held in the church, but would have to get the consent of the trustees before giving permission. As the plans are still unsettled it was deemed best not to advertise this meeting as yet.

Invitation was then extended to them to assist in the correspondence. Miss Harris was requested to take the Alaskan correspondence and Miss Cork the Mexican work in New Mexico and Mrs. Grier that of Utah. Mrs. Grier being very uncertain as to where she is to locate, prefers not taking any positive places as yet, but will be very happy to do what she can as long as she remains here. It was then decided that all letters should be opened by the Secretary at the office and sent to the parties having them in charge to be signed Miss Dyer per the person writing.

Letter then read from Utah and answer given in order to give our correspondents some idea as to best methods of answering. This letter was from Miss Dickey of Salt Lake City asking for the benefit of Kindergarten schools, and expressing the desire to come East to raise funds to establish four more such schools. No encouragement can be given her as the work cannot be enlarged. It was proposed that this work be brought before the people in Cincinnati to see what could be done if the money was in hand. It is proposed that Miss Dickey speak of the work as it is at present and not in reference to enlargement. Afterwards

Letter from Miss Nock stating it was impossible for Miss Shields or herself to be at the Annual Meeting but thought Miss Rea or Miss Lockwood could attend the meeting on the 29th. A motion made and seconded that Miss Lockwood be brought to Gen Assembly 37 and Mr. Ham requested to procure passes.

Expenses, salaries

The Com^tee appointed to inquire into the matter of the current expenses of the Missionary schools, being paid before salaries, report that this rule was laid down a year ago last January, and there cannot be any change made as the whole schedule would have to be altered. The Com^tee were however advised to go on as they have done until next Spring and then they could discuss matters and have a change made in that rule if necessary.

Mr. Boyd stated that the rule was made especially with reference to the Missionaries who occupy the Mission Com^tee rooms and in order to make it just, they included the teachers but it never has been enforced in regard to the teachers. Dr. Roberts expressed the opinion that as long as this was the rule, teachers paying board should receive a little more money, or all should pay rent and thus make it uniform.

Mrs. Haines then inquired if there was any objection to the teachers sending duplicate statements to Miss Dyer when making out their quarterly reports, so the Com^tee can see what the amounts are.

This being a rule of the Com^tee it is deemed best for the teachers to hold closely to it.

Dr. Roberts then reported that Mr. Eaton had been to the Bank and had seen Mr. Vermilye, who said he did not feel like advancing any more money to the Board or to the Com^tee. A proposition was then made that the Com^tee issue a note to be endorsed and presented to the Bank. After discussion, a motion was made and seconded that a note be prepared and signed by the Treasurer of the Com^tee and put in the hands of Mr. Boyd to raise the money in case Messrs. Green and James are willing to endorse it. There being no further business to come before the Com^tee on motion Com^tee adjourned to meet on June 8th.

Annual Meeting of Woman's Executive Committee in Cincinnati, May, 1885.

MRS. GREEN'S OPENING ADDRESS.

To all our fellow-workers who have come up to this, our annual meeting, we extend a hearty and cordial welcome. We are here to tell of the progress of our work, but at the same time we must not leave you ignorant of the hindrances.

It is not well for individuals to live on without sometimes being led aside from the path of uninterrupted success and pleasure, and so it may be that the experiences of the past year have been necessary to our advance in the future.

We have gone on, one year after another, with rapid strides. We may have begun to feel our own strength and to rest upon it, instead of resting upon the strength of the Lord. Whatever may be the cause, we come to you with burdened hearts. Instead of closing our books with a clean balance sheet, we are in debt.

And yet even in the midst of trial we have cause for rejoicing. Our receipts have been sixteen thousand dollars more than last year, but the General Assembly recommended $150,000 for our department of work. Had we received that amount, we should have no reason to be sad, but we should rejoice.

Looking to the societies for the money, we undertook new work. Where does the responsibility lie—with us, or with you? Is the school work among these exceptional populations committed to the Woman's Executive Committee, or to the women of the Presbyterian Church? If you understand it aright, our answer will be: To the women of the Church. The Committee is but your servant, to carry on your work. No one can take it, or the responsibility of it, but you. The Board of Home Missions, as a Board, cannot do it. As you furnish the means the work will advance, and if the means are withheld there can be no progress. We feel that when you understand better our great need, you will come up to your responsibility as you have done in the past.

In comparing the receipts from the Synods of 1884 with those of 1885, we find in some a great falling off, in others an advance. I must ask your patience while I read a few telling figures, leaving them for your consideration:

Synod of Baltimore, $1,101 advance; Synod of Colorado, $80.32 arrears; Synod of Columbia, $69.58 advance; Synod of Illinois, $2,218.29 advance; Synod of Indiana, $436.22 advance; Synod of Iowa, $176.11 arrears; Synod of Kansas, $2.86 arrears; Synod of Kentucky, $245.74 arrears; Synod of Michigan, $456.37 arrears; Synod of Minnesota, $232.76 advance; Synod of Missouri, $324.66 advance; Synod of Nebraska, $507.73 arrears; Synod of New Jersey, $1,903.72 advance; Synod of New York, $2,131.11 advance; Synod of Ohio, $895.34 advance; Synod of Pacific, $370 arrears; Synod of Pennsylvania, $1,209.55 advance; Synod of Tennessee, $111.93 arrears; Synod of Texas, $86.15 arrears; Synod of Wisconsin, $312.36 advance.

Had we not reason to expect that those who had helped us in the past would, at least, have come up to their full measure, and not have fallen behind?

We have another cause for gratitude in the fact that in many of our mission fields, especially where schools are in operation, there has been a very deep religious interest, and many have united with the people of the Lord and given good evidence of true conversion. Rejoice with us in this, that the Lord has graciously recognized our work and blessed it.

While the number of schools and teachers has not increased largely, our school expenses and the completion of buildings have drawn heavily upon our treasury.

It is our purpose in the coming year to strengthen the work already in operation, to make our schools what they ought to be, and, if possible, to enlarge.

The cry of the Indian comes up to us most pitifully for religious instruction. There are thirty different tribes for whom no such instruction is provided; no man cares for their souls.

In Utah our teachers and missionaries, seeing in the lives of their pupils the blessed results of the religious training received in the schools, and knowing how many are denied these privileges, plead with us for enlargement and extension. In fact, from all our mission fields the appeal comes up to us, "Come and help us," to which appeal, unless our societies respond, we must turn a deaf ear.

"If the corn were ripe, it would be sinful to let it lie upon the ground and take no steps to gather it. If numbers were lying in our streets, would not the physicians be to blame if they made no efforts to heal them?" Let us then be up and doing. Let us not be idle women, sitting at ease in Zion.

I can find no more fitting words with which to close my remarks than the closing paragraphs of a sermon about giving, written by the Rev. Dr. William M. Taylor, of New York City: "How much owest thou thy Lord? That is the question which the giver has to face. Sometimes in commercial circles a man will assign a debt that is due him to some one else out of friendship, that he may take it when he has collected it and use it for himself. Much in the same way, I think, the Lord Jesus has assigned a large portion of the debt which we owe to Him to those who are around us; to the unconverted at our doors, to the foreigners now a part of us, to the pagans far away. This was what Paul felt when he said, 'I am debtor both to the wise and to the unwise, both to the Greek and to the barbarian,' and it was the constant feeling of that sense of obligation that gave his life its nobleness and its usefulness. So let it be with us, and let us see in those for whom appeal is made to us the representatives of Christ.

"There is a beautiful story told in Stevenson's 'Prayi and Working' about a little child in the orphanage of Joh Falk, at Weimar. They were having supper in the dining-hall, and the teacher gave thanks as usual, saying, 'Come, Lord Jesus, and be our guest to-night, and bless the mercies which Thou hast provided.' One little boy looked up and said, 'Teacher, you always ask the Lord Jesus to come, but He never comes. Will He ever come?' 'Oh, yes; if you will only hold on in faith, He will be sure to come.' 'Very well,' said the little boy; 'I will set a chair for Him beside me here to-night, to be ready when He comes.' And so the meal proceeded. By and by there came a rap at the door, and there was ushered in a poor, half-frozen apprentice. He was taken to the fire and his hands warmed. Then he was asked to partake of the meal, and where should he go but to the chair which the little boy had provided. And as he sat down there the little boy looked up with a light in his eye, and said, 'Teacher, I see it now. The Lord Jesus was not able to come Himself, and He sent this poor man in His place. Isn't that it?' Ay, that is just it. And so the Lord Jesus isn't able, according to His plans for this world, to come personally yet among us, but He has sent these colored people—Chinese, Indians, and heathen—to make appeal in His behalf to us; and who among us will set a chair for Him?

"Inasmuch as ye have done it unto one of the least of these, my brethren, ye have done it unto me."

THE SEVENTH ANNUAL REPORT OF THE WOMAN'S EXECUTIVE COMMITTEE OF HOME MISSIONS.

The Seventh Annual meeting of the Woman's Executive Committee of Home Missions was held at Cincinnati, in the Second Presbyterian Church, May 29.

The meetings were conducted by members of the Executive Committee.

Representative women were present from all parts of our land, and a grand impetus was given to the work of Home Evangelization.

The subjoined reports will give an adequate idea of the efforts which are being put forth by the Christian women throughout the length and breadth of our country, for the cause of Home Missions.

—:o:—

INFORMAL STATEMENTS ABOUT THE SYNODS.

Baltimore. Fresh inspiration as to the evangelization of our country has come to the women of this Synod—living as they do where lines from all parts of it converge, may the returning thrill from this center be felt to our extremest bounds.

Our Vice-President, Mrs. D. R. James, living at Washington, D. C., has sent by request of our Executive Committee, forms of petition to Congress, on the Mormon question. These have been largely signed and forwarded to Washington. But the matter did not come up in time, and the effort will have to be repeated.

Colorado. Will have to forgive our Executive Committee for taking into its own immediate service, as secretary, Mrs. Charles E. Walker. To secure for the general work the right sort of helpers, some Synod has to suffer, as in case of that of Pennsylvania, which has to give up to us Miss F. A. Dyer.

Columbia. With the workers here we are indeed called to mourn. Our Annual Report to the Board of Home Missions makes mention of the loss to us by the death of Mrs. Wm. Strong, of Portland, Oregon, whose heart and home were ever open to the cause of Home Missions.

We thank the Lord for the many earnest workers who remain in this far Northwestern Synod, of which Alaska, with its mission school forms a part. Other schools should be established as money may be received for the purpose.

Dakota. To this name, belonging to the youngest of the Synods, we are as yet unaccustomed. It has made a good beginning toward helping supply that "bread of life" so vastly more important to the world than the marvellous wheat-fields now associated with the Territory of Dakota.

The President of the Woman's Synodical Committee, is herself a practical worker among the Sioux, whose health we trust, may soon be restored, that she may still continue in service.

Illinois. "Not by might nor by power," but by the divine spirit, what wonderful increase of interest in Home Missions has been given here—a Synod a few years ago—itself a prominent field for such effort. Now its women alone contributed last year over $8,000 to our school department.

The Synodical Committee is well organized; its officers are scattered throughout the State, while the women of Chicago itself are awake to the needs of our own band as never before. We feel with them the death of Mrs. C. C. Peck, who for several years past made a large donation to Home Missions.

Indiana. Here as elsewhere rising interest is felt in the imminent need of permeating this band with the gospel. Meetings of practical character have been held, and "papers" of real value have been written by women of intelligent and consecrated minds.

Iowa. By the action of the Synod last October, the societies here are now brought into official union with us, and their reports are received with sincere and loving welcome. Iowa is a strong State. We feel strengthened at headquarters by the continuance of help from the women there, given now in more regular form.

Kansas. The women here, as in Missouri and Texas, send donations to our treasury through the Board of the Southwest.

Michigan.—How encouraging to new organization, to mark the progressive persistency of the early established Home Mission work of the women here. We hope next year every Presbytery will be blessed by a Presbyterial Society.

Minnesota.—Amid difficulties and discouragements, the dear workers here still hold on in effort; Alaska, in our most northern mission, and other points also, receive substantial proof of the self-denial exerted for their benefit.

Missouri.—The societies here send their detailed reports to the Board of the Southwest, the co-operation of which with us is most acceptable.

Nebraska.—As Nebraska, once on the vanished frontier of our country, has received the gospel, so are the women thus earnestly passing it on into "the regins beyond" them. Nearly $600 have been sent to Mrs. M. E. Boyd, Treasurer of our Executive Committee.

New Jersey.—This last has been the best year by far in regard to Home-Mission work undertaken by the women in this compact and energetic Synod. The improvement is in the line of more thorough organization, giving promise of increased results in the future. Every Presbytery now has a society for Home Missions.

New York.—In the unexpected death of Mrs. Mary Hartley Brown, President of the Woman's synodical Committee of Home Missions, it seemed as if this important arm of our work would almost be paralyzed. A year ago, she was among the most active and intelligent helpers in our meetings held at Saratoga. She afterwards took up the duties of her office with freshened interest; she laid large plans for more effective service, especially in the city of New York, but the Master has given it into other hands, who are carrying it forward in a systematic and efficient way.

Ohio.—While a little less money has been gathered here, yet the foundations for the coming year are laid more permanently than before; many more local societies have been formed —also three Home Mission Presbyterial societies—while two organized for Foreign Missions have added to their constitutions a department for the work at home.

Pacific.—It is hoped that special attention may be given to actual mission work among Indians and Mexicans, on the beautiful coast embraced in this Synod. The want of means in hand has alone delayed its prosecution. Able workers are on hand, some of them members of the Synodical Committee, ready to superintend or labor in the schools, as the way may open to establish them.

Pennsylvania—Reports every Presbytery as now organized for Home Missions—not one of them is now lacking. It is grand to think of such an army, ready for continued service. So many noble and efficient women are to be found in this ponderous Synod, it was with less regret we have enticed to to our headquarters their former Secretary, Miss F. A. Dyer.

Tennessee.—The revival at Maryville College gives us thankful encouragement. We are glad, too, because the new officers of the synodical society are taking up their duties with so much enthusiastic earnestness.

Texas.—What latent power waits yet to be brought into action in its magnificent area. There are workers there, energetic in their efforts for Home Missions—yet literally so scattered that they cannot often meet each other personally, yet by correspondence they are being drawn together in love and unity.

Utah.—What a field is immediately around the Woman's Committee of Home Missions in this Synod! Some of its members are themselves teachers in the mission schools, the work of which the Lord has so greatly blessed during the past year. There is a stirring in Utah as never before, on account of the more active measures to suppress Polygamy by the authority of the United States. This should lead to increased effort to dispel such darkness by the light of the gospel of purity and peace.

Wisconsin.—The late severe winter, which has delayed the holding of some Home Mission Conventions proposed, has not caused the hibernation of some of the women interested in the cause. Every month, for instance, eighty-four copies of extracts bearing upon the needs of our land, selected by our Vice-President, Mrs. J. V. R. Hughes, have been made by Mrs. H. R. Vedder, and sent out by her to as many societies.

June 8th 1885

Meeting of Woman's Executive Comtee on June 8th at 10 A.M. 12 present. Mrs. Green, Mrs. Ha[illegible] Mrs. Ham, Mrs. Boyd, Mrs. Roberts, Mrs. Brownell Mrs. Grier, Misses Hanies; Cook & Dyer, and M[illegible] Baker. Meeting opened with Scriptural reading and prayer. In view of the fact that there [illegible] but one or two more meetings before the necessary summer absence, Mrs. Brownell would like to p[illegible] pone taking up her duties till Fall; Mrs. Baker was therefore requested to continue till that time.

Minutes of last meeting read and adopted.

Prayer meeting — Dr Crosby's Church

Mrs. Hanies reported receiving word from [illegible] Crosby that the Exec. Comtee could have use of [illegible] room in his church for Home Miss'y prayer meeting the third Wed. of every month at 11 o'clock.

A motion was made and seconded that [illegible] vote of thanks be sent Dr. Crosby and session [illegible] the use of room for prayer meetings every month.

An interesting note then read from Mrs. Phel[illegible] speaking of the first of these meetings for prayer held on Thursday May 20th at which 11 [illegible] churches were represented, and at which sp[illegible] prayer was asked for Woman's Exec. Com Meeting at Gen. Assembly. Mrs. Green meeting Mrs. [illegible] expressed the thanks of the Comtee for her kind [illegible]

Mrs. Hanies states that there was a short report of this meeting prepared for Pres. H. [illegible] but as it was somewhat formal, a motion made and seconded that this note and report given Mrs. Roberts to incorporate for Pres. H. [illegible]

Mrs. Brownell reports a collection taken

in 5th Ave. Pres. ch. in aid of the debt for both
in 5th Ave Boards. The proportion being 2/3 for Home and 1/3
for debt for Foreign Missions. Mrs. Green expressed regret
that Mrs. Scott's request for collection for special
fund for Exec. Comtee was not placed before General
Assembly as was intended, as it escaped her memory.
It was deemed best that it so happened as it
was not thought wise to have a general collection.

Mrs. Green stated the fact that Dr. Barrows
in his Tuesday evening address merely mentioned
the women's work in a general way. Dr. Hall
spoke of the Women's work at the opening and closing
of the meeting and among the objects for work for
the coming year mentioned work among the poor
whites of the South. Having inquired of Dr. Hall
as to whether this work could be brought before the
ladies meeting on Friday, and permission given the
500 circulars concerning the work were distributed.

It was then stated that it was not considered
enlarged best to present the petition from the Exec. Comtee
Mountainous asking permission to enlarge the work among the poor
whites. Miss Dyer reports that Miss Boyd suggested
adding to the leaflet already printed a little account
of expenses as to amount needed to carry on the work
at the South, stating where contributions could be
sent. A letter from Miss Boyd that Miss Wfford
ord be removed from Concord to establish this work at
Columbia S.C. After discussion a motion was made
and seconded, that under the present restrictions, the
Exec. Comtee are not able to enlarge the work among
the poor whites at the South, but they expense deep

sympathy and interest in the work and hope a
some future time to be able to assume it. A
motion made and seconded that under these
circumstances Miss Wyford remain where she is.

Treasurer's report read and accepted.

Specials in Mrs Boyd's hands.

Mrs. Green stated that a desire had been expre
that all money contributed for specials, teachers
aries, etc, should be kept in Mrs. Boyd's hand
until paid. A motion made and seconded
that consultation be held with the secretaries on
point. Letter from Dr. Hill in regard to Mr. M

salary, enclosing bills and accounts. Dr. Hill
preceed the opinion that the saw-mill was
better than he had expected.

Dr. Roberts' suggestion at last meeting as to
supporting new schools or teachers was again re
and acted upon with the following result. A
motion was made and seconded that any
desiring to start a school, the proposition be ma

them that if they are willing to support the sch
from three to five years permission will be gr
them to do so. Mrs. Haines reports adding to
letter written to Miss Dickie by Mrs. Greer that
was no objection to her attending the meeting at
Saratoga. Mrs. Green fears this is giving her too
liberty and after conference had with the School
it is better not to give the teachers any chance
too far. Mrs. Haines proposed writing again to
Dickie. Letter from Mrs. William Boyle of

Mrs Boyle. Salt Lake City.

Lake City, stating that on account of poor
she will not be able to teach but would like

work hereafter to be out of the school-room as City Missy. Mr. Boyle wished to be engaged this summer under the Exec. Comtee as lecturer on the Mormon question. Mrs. Haines thought Mr. Boyle would not be an attractive speaker and would not advise engaging him for this purpose, and while his plans are unsettled it is deemed not expedient to employ Mrs. Boyle in her present state of health as City Missy. Mrs. Green stated that Mrs. Walker's name was left on the list as vice-president instead of secretary, but on discussion it was decided as her coming East in the capacity of secretary is still quite uncertain, it could remain as it now stands.

Miss Dyer then read report of Annual Meeting at Cincinnati written by Miss Patterson for the Cincinnati Gazette. A motion made and seconded that the minutes of the public meeting at Cincinnati be omitted. Report of meeting of Synodical Comtee held in the morning of May 29th then read.

Report

A motion was made and seconded that the Annual report and addresses of woman's meeting at Cincinnati be left to a Comtee. Mrs. Roberts and Mrs. Brownell to consult with the secretaries to see what arrangements can be made for the printing.

Mrs. Boyd proposed putting a notice in the Pres. Home Miss. stating the expense of printing the report and asking societies to assist in the expense.

Report

Motion adopted that this proposition be accepted. Motion made and seconded that the publishing of the Annual report be attended to by Miss Dyer and Mrs. Baker and that they devote themselves to the

matter for the time being. A motion made and seconded that in addition to the report of what was done last year a report of the work to be done through the coming year be given. Mrs. Brown thinks it would be very satisfactory to societies have a little statement of the work given at the wholly prayer-meetings as societies as a general thing were not aware of the workings of the Comtee. A motion was made and seconded that this matter be referred to a Comtee, Mrs. Brownell Miss Cook as such Comtee to advise in what way the work shall be presented at the meetings. A proposition was made that the subject presented the same as that of the Pres. H. Mo. for the month.

Leaflet regarding Sisseton & other schools

Mrs. Ham thought it would be well to have a little leaflet prepared in regard to Sisseton and other special schools and have them sent out to societies. The second Sunday in June being Children's day it had been proposed that a collection should be taken in the Sabbath Schools on that day for the benefit of Home Missions. It had been mentioned by a number of ladies at Cincinnati. It was proposed to wait for Mrs. Niven before ciding the matter as she had written on the same jeet. Letter from Mrs. Wilder of Champaign Ill. suggesting that all the women of the church be called upon to give one penny a week to be sent a quarter or twice a year to apply to the debt.

Collection on Childrens Day

Miss Dyer reports a suggestion from Mrs. S. Bryan of Titusville, Pa. asking the Exec. Com. to issue an appeal to Presbyterial Officers

none if they can afford it, the debt would soon be
paid. The appeal then read which she intends
publishing in the religious papers through Penn —

Mrs. Boyd made a motion which was seconded
that an appeal be made to the Presbyterian women
throughout the country that they give thank-offerings
fferings for their own individual mercies to be sent at once
to the Treasurer to be applied to the reduction of the debt,
and that these gifts shall be an acknowledgment to
God for His special blessing on the Mission field.

A motion was made and seconded that Mrs.
Boyd and Mrs. Baker attend to these notices being
ligious sent to the religious fathers. Mrs. Haines reports
notifying all the new officers of their election.
She had received a letter from Mrs. Bryan accept-
V.P. ing the position as Vice-President on the Exec. Com^tee

Also a letter from Mrs. Crosby stating she
feared she could not ~~serve~~, to which Mrs. Haines
replied and is expecting another answer — Mrs.
Green reported having an application by letter while
e applies in Cincinnati for a position as teacher, from Miss
Shrome. This letter was sent to Mrs. Folsom to
look further into the matter, which she did and
finds Miss Shrome is of very pleasing address, is
in good health and spoken of highly. Mrs. Haines
has a very good impression of Miss Shrome from
her correspondence — A motion was made that further
correspondence be had with her and certificates
sent. A motion made and seconded that

the matter of children's day be placed in the h
of Mrs. Niven and Miss Cook to attend to th

Leaflets.

After recess, Dr. Kendall informed the
that the secretaries were getting out an appe
in leaflet form for money to be raised in pay
of the debt and thought the Exec. Comtee would
to do the same, to go out with theirs or separate
the Comtee desire. It should be done immediate

appeal for raising debt.

Mrs. Haines proposes there be notice put in
July Pres. H. Misz. A motion was made a
seconded that Mrs. Roberts and Miss Dyer
appointed a Comtee to prepare an appeal to the
men of the church and issue it immediately
if the Board will send out the Ex. Comtee. Leaf
the Comtee will do the same by them.
A motion was made and seconded that
of these circulars be printed.

Mr. Boyd reports having statement of accounts of Alaska and will have it ready next week.

Also Mr. McCleod is in need of 200.00 and Mr. Hill is also in need of money. A motion is made and seconded that Mr. Boyd pay over to Mr. Hill what he finds necessary after examining the accounts. Letter from Dr. Hill in regard to different schools in Indian Territory, stating it should be decided immediately whether a school should be at Childah or Dwight. Stating that promises have been made at both places to raise money but the larger sum is for Childah. After discussion the Comtee were of opinion that Childah was the best point for a boarding-school but was hopeful that a day-school could be kept up at Dwight. Dr. Hill mentioned Pleasant Hill.

Tahlequah and Park Hill as places needing a decision. Thinks there should be a school at Tulsa and would like one at McAllister. The latter when once started would be of no expense to the Comtee. These schools referred to secretaries.

Letter from Miss Rankin of Sitka, Alaska. Having been under the employ of the Board for three years would like money to pay traveling expenses to have her teeth attended to. A motion was made and carried that the Comtee allow her 50.00.

Mrs. Roberts and Mrs. Brownell a comtee to inquire of secretaries, in regard to printing report, state that as it was published last year it occupied nearly 18 pages of Presbyterian Home Missy, if they were to put in one copy it would cost between them and

400 Dollars, the expenses being 23.45 a page.

The secretaries offer the Comtee 800 pages tak up usually with the women's and children's work; and think it should be condensed in space and the eight pages would then be put free of expense. A motion made and seconded that the offer of the secretaries be accepted, the understanding that if additional space be required, the Comtee will pay for it.

Space in P.H.M.

Miss Dyer reported sale of articles at annual meeting amounted to $331.22. Bill of traveling expenses of Miss Dyer amounting to 49.20, and traveling expenses of Miss Robertson and Indian $40.00 being presented, a motion was made and seconded that they shall be paid. Bill also presented for 1000 local constitutions, 7.00, which was ordered paid. Letters from Capt. Pratt and Miss Lafort, stating their disappointment that the Indian boys did not get to Louisville.

It was thought best to give Miss Verbeek a vacation with permission to come North to Troy to raise m for the boarding-departments at Las Vegas.

Miss Verbeek Vacation

There being some complication at Mora it is necessary that she leave there. The Comtee appr to suggest how the work shall be placed before the women at monthly prayer-meeting, now reported they think it would be well to have a lady appo for each meeting to make a little report of the w

A motion was made and seconded that the report be accepted and a trial made, Mrs appointed by Comtee for the meeting on June

Letter from Miss Meade of Sisseton Agency wishing to resign the last of June at the close of the school year, her mother requiring her attention. She wished to know if she should return her commission or leave it with Mr. Morris. Referred to Mr. Boyd.

Letter from Prof. Coyner stating that not needing rest himself he had charge of Ellis College at Las Angelas, Cal, and is undecided as to returning to Salt Lake City. Motion made and seconded to refer his letter to secretaries.

Letter from Miss Chustead of Richfield asking for an assistant who can teach music. Has been on the field for 5 years and would like a vacation to begin about the middle of June. This was granted.

Letter from Miss Blake stating her friends were not willing she should remain in New Mexico and sent in her resignation. Motion made and seconded that this resignation be accepted with regret.

Letter from Miss Carrie Nutting desiring vacation as her mother is ill. Referred to Miss Dyer and Mr. Boyd. Letter from Mrs. Knox to Mrs Nevin stating her receipt of leaflet on Work at the South desiring more to distribute.

Miss Boyd having made application to be allowed to solicit funds for the Poor Whites of the South was informed of our restricted condition in consequence of the debt, and expressed herself willing to wait till the debt was paid before doing anything further for the Poor Whites. It was proposed that she be invited to take up the General work.

Miss A. Robertson wishes to go to Muscogee

Mrs. Haines reported that Miss Alice Robertson would like to go to Muscogee and her brother to her place. Referred to secretaries.

Current expenses of Synodical Com. of H.M. Synod of N.Y.

Mrs. Nevin having written to Mrs. Boyd in to current expenses of Synod read a letter in an advising her to ask the Comtee to pay these expenses as the churches seem to have the idea that their money was not acknowledged and accredited them when taken out of the funds before it was to Mrs. Boyd to meet these expenses. Therefore resolved that the current expenses of the Synodical Comtee of Home Missions in Synod of New-York be paid by Exec. Comtee. Bills sent for payment be certified as correct by the President and Treasurer of said Synodical Comtee.

Mr. Boyd invited to meet with Exec. Com.

Schools in Indian Territory. Mr Hills

Mr. Hills' letter in regard to different stations for schools then brought up. The fact that it takes less time to instruct the Indians at Childah as they are half-breeds is very much in their favor as they are sooner able to go out as missionaries. More is therefore accomplished Childah than there would be at Dwight. Mr. Green reported an interview with Dr. Hill and others, that Childah is decided to be the most desirable place to establish school. Inquiry was then made as to what amount was to be appropriated for Indian Ter. 15.000 the amount agreed on. Dr. Roberts suggests the evidence seems to be in favor of putting the school at Childah, perhaps in another year funds will admit of putting up one at Old Dwight. The

Com^tee think Childah the most desirable point at present. A motion made that Dr. Roberts suggestion be adopted by the Exec. Com^tee. In regard to Park Hill and Tullequah it was deemed best that the secretaries write Dr. Hill and get his opinion.

Letter from Mrs. Willard at Chilcat station

Alaska Willard desiring that she and Mr. Willard may leave the school for the present, being broken down in health and proposes that Dr. McFarland should be transferred from Hoonyah to Chilcat. Miss Matthews is doing nobly. Dr. Roberts thinks she must be allowed to leave, and thinks the objection to Dr. McFarland leaving Hoonyah is that he is doing such good work there. The school at Sitka is now broken up and probably will not begin again till next Oct.

Resolved to refer this matter to School Com^tee.

Secretaries approve of Miss Verbeek's vacation.

Dr. Kirkwood was at Las Vegas and suggested that Miss Verbeek should spend the summer East and if possible raise the money for her support as matron. Everything was ready, but it would be a great convenience to have a kitchen. Dr. Kirkwood says there are a large number of ranch-men living East and South who would be glad to send their children and pay for their schooling and so make a pay school of it. In regard to Prof. Coyner

Dr. Kendall does not know whether he will be elected to go back to Salt Lake City as there was some difficulty there. Dr. Kendall intends writing to Dr. McNiece to find out the whole matter.

A motion made and seconded that the Sansons

be not re-commissioned and that they be noted
they will be paid up to end of the year.

Meeting of Woman's Executive Comtee on Monday at 10 A. M. Eleven present. Mrs. Green, Mrs. Hanies, Mrs. Langdon, Mrs. Boyd, Mrs. Roberts, Mrs. Nixon, Mrs. Crosby, the Misses Hanies, Cook or Dyer and Mrs. Baker.

Meeting opened with reading of Scripture and prayer. Minutes of last meeting read and adopted after necessary corrections. A motion made and seconded that a vote of thanks be tendered the ladies of Dobb's Ferry for their contribution of $17.12 towards the debt, as reported by Mrs. Nixon.

Mrs. Roberts and Miss Dyer Comtee on preparation of a leaflet of an appeal to the women of the church to help cancel the debt, report the appeal as written and in the hands of the printer. The Comtee finding that 5000 of this appeal which was decided upon, being insufficient, 13,000 will be ordered of the printer.

Mrs. Green then read resolution in regard to the death of Mrs. Whitaker which Mrs. Roberts was requested to publish in Pres. Home Missy.

Mr. Boyd cannot report on Alaskan accts as it was impossible to get them in shape in so short a time. Miss Dyer and Mrs. Baker needing further direction before preparing the Annual report, letter from Mrs. James was read suggesting taking the Annual report of the methodist Board of N. West as a model. It is proposed that a note be added to the Annual report stating the reason of the discrepancies between the Synodical report and Mrs. Boyd's.

Mrs. Hanies reports receipt of interesting letter from Dr. McNeice giving account of election of Prof.

Mrs. James also expressed the opinion that the Com^tee should have interesting leaflets on the Mexican schools and work giving descriptions of the peculiarities of the people, stating teachers employed, with a map of country attached. Also a similar one for Indian and Mormon work, the latter containing extracts from teachers' letters with list of schools and names of scholars. A motion was made and seconded that Mrs. James' suggestion with regard to leaflets be especially considered and acted upon. Also that Miss Dyer send the facts in her possession in regard to the different schools to Mrs. James asking her to prepare them as soon as possible. Mrs. Adams and Miss Dyer report the prayer-meeting held in Brooklyn on the 10th of June as being an excellent meeting, a great deal of spiritual feeling being manifested. Collection taken up for debt amounted to $21.00. Mrs. Cosby mentioned the meeting held in Dr. Cosby's church as being a very good one, and although they thought they had given to the extent of their ability, the collection taken up for the debt was $109.75. A motion was made and seconded that a vote of thanks be returned through Mrs. Cosby to the 4th Av. Pres. ch. for the special gift they have made and that mention be made of the time it has brought the Exec. Com^tee. A vote of thanks be tendered the Brooklyn Pres. ty—

This being an item of expense no action was taken. Letter from Mrs. Stryker of Philadelphia stating the interest of many people in a reading-room as a supplement to the Mt. Pleasant school, and asking if money sent to the Exec. Comtee. can go to their teacher at Mt. Pleasant immediately as they wish to send her 300.00. Motion made and seconded that this be referred to School Comtee asking that the Exec. Comtee be allowed to receive money for this purpose. Mrs. Craig of America writes that Dr. Roberts has consented to meet their Comtee on the 24th of June and desires some member of the Exec. Comtee to be present also as it increases the interest of the women. It was moved and seconded that Mrs. Harris be requested to attend this meeting. Letters from Miss Spekeman and Miss Gerlinger stating need of boarding-school at Las Vegas. The work has been very encouraging and the boarding-school would be the means of accomplishing much good. Letter from Mrs. Winters of Pajarito in regard to her school-room. Letter also from Mr. McGaughrey in regard to Miss Winters' rent, wishing to know who is to pay it. Referred to Sch. Comtee. Letter from Miss Alice Hyson of Mora, stating she cannot teach another year in the same room, the doors and windows being very small the air is badly ventilated. Letter from Miss Curry of Salina wishing more singing books, thinking perhaps some Musical Union could donate them. A motion made and seconded that a vote of thanks be sent Mr. Fulton for the payment of the discount on the money borrowed for the Exec. Com^tee. A motion made and seconded that bill for 7.00 for printing call for day of prayer be paid. The Com^tee on appeals to the women of the Pres. churches for thank-offerings to be published in religious papers, report it was written and sent to 11 papers. The appeal was then read by Mrs. Boyd and approved of by the Com^tee. Letter from Mrs. Kehoo desiring the Exec. Com^tee to have a card printed that societies could buy, pledging themselves for a certain amount to help pay the debt. Miss Dyer requested to make inquiry in regard to price of cards and send word to Mrs. Kehoo. Rules for teachers then spoken of, one of them to be that the teachers must send to the Com^tee first for anything wanted and not to societies, and another to be in reference to their sending duplicate reports to the Ex. Com^tee. A motion made and seconded that Mrs. Haines and Mrs. Boyd be a Com^tee to attend to getting out a set of rules for teachers. At which conference Mr. Eaton said it would be a very convenient and good thing for him to have Mr. Boyd retain the the special fund until time for payment. Mrs. Haines then inquired as to whether the Sch. Comtee were going to be able to borrow money for the use of Exec. Comtee thro' the summer. Mr. Eaton said that the Board were at the limit of their ability to borrow. A resolution was then offered by the Comtee that Mr. Boyd be asked to lay the matter before the School Comtee. Meeting adjourned until July 6th.

Letter from Mrs. McFarland extending her [illegible]
thanks to Exec. Com^tee for her vacation, desiring [illegible]
for boarding expenses, wishes also to take a [illegible]

Indian girl with her and asks that her expenses also be paid. A motion made and seconded that the Board of Home Missions be requested to grant this request of vacation to Mrs. McFarland and that money be sent her to defray her traveling expenses and the permission be given by telegraph to Mr. Hill; but the expenses of the Indian girl cannot be met by Exec. Comtee. Letter from Miss Hills wishing to know whether she is to teach another year at Salazar, also if she shall inquire into title of land for building. A motion made and seconded that this be referred to Mr. Boyd and Secretaries, with power, and Miss Dyer be instructed to get their reply. Letter from Mr. Robe desiring man and wife immediately as helpers and thinks one of the women in sewing department can be disposed of.

Mrs. Harris reports the price of printing Annual report will be $11.25 a page, and 1000 copies of 50 pages each will come to 966.00 wishing advice as to whether it is best to put 1000.00 in a statement of the work that has been done. Mrs. James stated that promise was given in Cincinnati that it should be printed, the question being how much should be included. Mrs. James thought it would strengthen the Comtee as companion could be made.

Mrs. Crosby suggested the report be condensed and a note added that but for the expense it would be fuller. After discussion pro and con, a resolution was offered that on account of the debt, the Annual report having been ordered printed, and as to the expense should be sent

to the Synodical and Presbyterial Presidents, st
cost, desiring to know how many copies will
needed in their Pres^ies, at 1.00 a-piece.
The minutes of Annual meeting in regard
matter then read as follows:

Committee on Rules for teachers

After recess, Com^tee on rules for teachers rep
having gone beyond instructions as there was so
much to be brought in. The rules were written
as a Com^tee looked over them and the secretary
well; then they were sent to Dr. Booth who st
he thought it would be well to have them arrange
as a sort of hand-book for the use of teachers
a a convenient reference for Societies and the
He also advised that at the very beginning
book, there should be a kind letter addressed
the Com^tee to the teachers, explaining wh

book was prepared. Mrs. Haines then read her letter to Dr. Booth. Dr. Booth suggested the official rules of the Board of Home Missions be marked by being put in italics and also suggested this should not be hurried through as it requires a great deal of consideration. Mrs. Haines then read rules, after which the Com^tee on rules desired they be passed to another Com^tee. Mrs. James as Chairman of Leaflet Com^tee to be one of such Com^tee. It was not deemed wise, as all people do not write, and think alike, alterations might be made that would not answer the purpose.

A motion was made and seconded that this paper be adopted and Mrs. Haines requested to write the letter for the preface of the book of rules. A motion made and seconded that Mrs. Niven procure a leader for the prayer-meeting to be held in September.

Mrs. Langdon proposed that as a Com^tee we tender our sympathy, through Miss Dyer, to Mrs. Green in her recent bereavement, the loss of a lovely daughter.

Letter then read from Mrs. Green stating that she could not bear attending the meeting of July 7th on this account. Mrs. Haines made inquiry as to amount paid by Com^tee to Clinton Gray for service, and deems it wise to have some arrangement made in regard to the time devoted to Exec. Com^tee.

Gray-bry

Mrs. Haines reports correspondence with Dr. Hays in regard to his sermon being printed in leaflet form by Com^tee. He replied stating his willingness that Com^tee should use it and referred the Com^tee to Dr. Dallas of Phil^a Pres. Pub. rooms —

On the same day word was received from Dr. Du

of August. Bill for Mollie French of 36.07 from
Miss Clute stating her father had sent for her to go
home. Mrs. Haines reports writing to Dr. Stoddard
asking if there is a probability of her returning to
the School. A motion was made and seconded
that this bill be paid and societies notified that
she has withdrawn and ascertain if they are willing
to give their money to the general work if Mollie
should not return. Letter from Miss Beekman
stating the saloon was closed and the building can
be purchased for 300.00, it costing 600.00.

Another ~~letter~~ stated she had purchased the
building and two gentlemen loaned the money for
payment, wishing it to be placed before the Board.

These letters to be placed before the School Comtee
with the statement that 300.00 has been pledged
for this building. Letter from Dr. Kirkwood from
Colorado Springs, stating he went over the whole matter
of the building department at Las Vegas and they
are willing to undertake supplementing the 600.00
the Comtee express themselves willing to grant but
cannot promise to make the school self-sustain-
ing but will do all in their power to aid it. Mrs.
Haines stated that Miss Verbeck was very glad
of the opportunity for a vacation. Mrs. Haines re-
commended that a request be sent to the secretaries
that Rev. H. A. Newell or some one else whom
they may select, be called East to speak at
Presbyterial and synodical meetings.

Minutes of Meeting of Sept 8th at 10 A. M.

It was in deep sorrow that a few members of Woman's Executive Comtee held their first fall ing on Tuesday, Sept 8th, as but three weeks passed since their loved President, Mrs. Ashbel was taken to her last resting place. All hearts too full of anguish for words. Mrs. James occupied the chair. Five present. Mrs. James, Mrs. Hamlin, Miss Cook, Miss Dyer, and Mrs. Baker. Mrs. J opened the meeting with appropriate Scriptural reading, which was followed by fervent prayers asking God's love to rest upon the stricken fam and the guidance of the Holy Spirit for the mem of the Comtee, that their hearts might be more cl bound together. Mrs. Hamlin of Cincinnati, M. T. Sinclair of Iowa, and Mrs. John Sinclair now came in. Minutes of last meeting were read adopted. Treasurer's report given and accepted.

First meeting after death of Mrs Green.

A motion made and accepted that bill of for printing, presented by Treas. of Synod of N be paid. Also bill of 9.60 for postage and exp in visiting societies, by Mrs. Hamlin. A supple mentary card noting the death of Mrs. Ashbel G was then read. A motion was made and seco that 1000 of these be printed and sent to mem of Synodical Comtees, Presidents and Secretar of Purl Societies, and teachers of Mission Scho

Card issued notifying societies of death of Mrs. Green.

A motion made and seconded that Mrs. J and Mrs. Sinclair take charge of the printing of these cards. Official notice was then given of the death of Mrs. Ashbel Green, President of Wom

Exec. Com^tee. on August 17th. A letter was then read from Mrs. Nevin suggesting a service in memory of Mrs. Green. It was necessary to decide the day so as to hold communication with Mrs. Green's family in order to obtain permission. After consideration as to the best time, it was suggested the next monthly missionary prayer-meeting be a memorial meeting, as this would be more in accordance with the taste of Mrs. Green, and communication would not be necessary with the family for permission. Therefore resolved, that a service in memory of Mrs. Green be held on Wednesday Sept 16th at the regular monthly prayer-meeting. Also that notices of this meeting be prepared immediately and inserted in N. Y. Observer, & Evangelist, if not too late. These notices having been written and sent to both papers, were returned, too late for publication.

A motion was then made and seconded that notices be inserted in the N. Y. Times and Tribune and Brooklyn Eagle of Saturday 12 inst.

After reading of Obituary by Mrs. James a motion was made and seconded that this be printed in Oct. number of Pres. Home Miss^y.

A motion made and seconded that Rev. Dr. Kendall and Dr. Booth be invited to be present at memorial prayer-meeting. Inquiry was then made if resolutions had been prepared by Mrs. Boyd. as requested. Mrs. Boyd being out of the city a motion was made and seconded that Mrs. James be requested to frame these resolutions to send to the family of Mrs. Green. Also that

Sept 29th 1845

A regular meeting of the Woman's Exec. Comtee was held on Tuesday Sept. 29th at 10 A. M. Present Mrs. James, Mrs. Harris, Mrs. Boyd, Mrs. J. Sinclair, Mrs. T. M. Sinclair of Iowa, Miss Dyer and Mrs. Baker. Meeting opened with Scriptural reading and prayer. Minutes of last meeting read and adopted after necessary corrections. Unfinished business then attended to. Mr. Knox's request for principal is granted by Sch. Comtee if it shall not increase the expense. Miss Wyford's request for assistant matron granted if within the limits of the Oper. Letter from Dr. Kirkwood concerning the purchase of the School building at Antonita Col. for 600.00. Miss Barlow has paid for it and desires the Board to assume the debt. Board decide they cannot do that but will pay rent for the building.

Mrs. James suggests that hereafter in all meetings of Ex. Comtee after the Treasurer's report is given, Miss Dyer report on all business committed in her hands and report, also all unfinished business.

The stencil desired by the Comtee will cost about $4.00. The question arose as to whether it would be better to have the stencil, or to have slips printed to put on all papers etc, as needed. After consideration a motion was made and carried that Miss Dyer be requested to see that a suitable stencil be procured with the help of Mr. Boyd, with the heading, Woman's Executive Comtee of the Board of Home Missions of the Pres. church. Green's family not having been sent, a motion was
made and carried that they be sent as soon as
possible. Mrs. Haines mentioned the fact that many
interesting things happened between the meetings that
ought to be spoken of. Miss Rodgers of Nineveh St. Y.
had been in the rooms on her way to Alaska as
missionary and had given her services for the day
copying letters etc. There was also a colored man
Albuquerque N. M. going to Albuquerque as cook who had been to the
ok office and who seemed to be very earnest in his ideas
of mission work and doing good to the Indians.

Mrs. Boyd proposed that the Com^tee have a book
for visitors in which all visitors' names could be registered. This
was put in the form of a motion and carried.

A request was sent to the Secretaries that
of Mora the picture of the Mora school be printed in the
Pres. H. Miss Y. and they bear the expense of it.
The Board not wishing to do this, the Ex. Com^tee
consented to have it engraved if it could be done

Moved and seconded that this letter be referred to Mr. Boyd.

Letter from Miss Beekman of Mt. Pleasant, Utah, enclosing a copy of the resolutions adopted by the teachers' convention; advising a course of study and text-books for schools in Utah, desiring the authority of the Exec. Com^tee. Resolutions then read. Motion made and carried that the Com^tee have heard with delight the resolutions and that they accept and heartily approve of the plan suggested by the teachers of Utah for systematizing or completing the organizations of schools in Utah if approved by the Presbytery and Mr. Martin. The Com^tee having had help from Mrs. Patterson of Elizabeth and Miss Cook of Brooklyn, this fact be entered on the minutes. A motion made and carried that Mrs. Baker get necessary carbon paper and have the type-writer attended to. After recess a very interesting letter from Miss Grace Robertson of Nenjaika was read, wishing to give 2.00 towards the debt of the Exec. Com^tee and desiring that 8.00 be deducted from her salary as her hauling expenses were 52.00 instead of 60.00. Letters from Mrs. Willard desiring that her salary be discontinued as she has left Harris and is at present in Sitka. Letter from Miss S. S. Van Wormer stating she is at home and has Dr. McNeil's authority for leaving before she received word from Exec. Comtee, as she has not been away from her school but six weeks for three years. Resolutions in regard to the death of Mrs. Green, from Tenafly, asking that they may be inserted in next number of Pres. H. M. A motion made that these resolutions be inserted in small type.

Letter from Mrs. Van Lan (Miss Salome Verbeek) enclosing bills for $85.00. Directions for album quilt then read and motion made and seconded that these be printed by Oscar J. Boyd after Mrs. James has made any suggestion which she thinks would be an improvement and that this be left to Mrs. James to attend to, to be sent to Mrs. Boyd for printing.

A motion made and carried that Miss Dyer be relieved entirely from box work so that she can give attention to the correspondence; first, with carrying out everything that is ordered by the Comtee at the meeting, second, with societies wanting teachers to support and general correspondence and third, to visit societies as the Comtee may request. A motion made and seconded that Mrs. Baker be relieved from all the work in connection with the Treasurer so that she can attend to stenography and type-writing and boxwork. It is also proposed that the Comtee employ an assistant Treasurer. A motion

Meeting of Woman's Executive Comtee on Tuesday at 10 A.M. Present Mrs. Haines, Mrs. James, Mrs. Boyd, Mrs Nivin, Miss Dyer Mrs. Roberts, Miss Haines, Mrs. Edward Cosby and Mrs. Brownell.

Meeting opened by reading of Scripture by Mrs. James and prayers were offered by Mrs. Haines and Mrs. James for help in our pressing necessities and our recent bereavement. Minutes of last meeting read and approved. Dr. Kendall came in to read a letter from Mr. Shields regarding placing Mr. Romero as teacher appointed by the Govmt school at Albuquerque.

...ing teachers
...t schools.

Dr. Kendall wrote him there need be no apprehension for this winter as our teacher was already appointed. A provision has already been made that where one of our schools is found, no other will be started, but assistance will be given to our school instead.

Dr. Kendall thinks Mr. Menaul's daughter had better be appointed to his school.

Miss Dyer read answers rec'd from Philadelphia stating the purchase of the leaflet Our Pit and Our Rock, could be had at the rate of ten pages for 1 cent. and suggests that our stamp in stencil be placed upon it before sending it out. Mrs. Roberts read letter from Mrs. Walker speaking of the mysterious Providence in the removal of Mrs. Green and that it was impossible for her to leave home at present, but she had made every endeavor to have her place filled. She still hopes she may be able to fill some post of duty in the work she loves, even at this great distance. Dr. Roberts thinks so great is the value of Mrs. Walker's services to the Comtee that he would sug-

Home Miss Y., the name to be left as it is till the 1st of Jany, and after with the star affixed till the end of the year.

Motion carried to this effect. Miss Dickey in a recent letter is very anxious that Miss Green should still open the Kindergarten in Salt Lake City. She says Dr. McNiece is in favor of it. She speaks of the meetings in Logan as of great interest. She thinks the field is ripe but the labours very few. The School Committee is therefore to be asked to reconsider this matter as well as Miss Gray's assistant.

A letter from the new superintendant of Salt Lake Institute, Mr. Mills Paugh, was spoken of. There has been some misunderstandings as to the scholarships in some cases the moneys seem to have been appropriated to teachers' salaries. He sends a list of the pupils and desires that scholarships be appropriated for them. A motion carried that the letter be left with Mrs. James to consider. Mr. Day from American Fork writes hoping Mr. M. E. Young be appointed primary teacher at Malad, Mrs. R. P. Boyd at Paris, and Mrs. E. W. One teacher is considered sufficient at Ogden.

Miss Anna McDonald is to be appointed for this point. Miss Woodruff has already been desired to continue to the end of the year. Miss Norman to be retained at Millville as she is doing excellent work. Miss Winnie Bartlett is to be appointed to ~~fill~~ Miss Green's successor at Camp Mission.

Three copies of the reports of General Assembly having been presented by Dr. Roberts, a motion carried that a vote of thanks be tendered for them.

Also that a fourth copy be paid for, for Miss Dyer's use. Mrs. Crosby read a letter from Rev. Mr. Stroops at Salina. $100.00 left from chapel he has put in the Monroe chapel. He will be in Paranan this winter where he can be corresponded with. He begs to use the remaining 100.00 for Salina for the putting up of a fence, and setting out of trees etc. He also suggests the building a house for the teacher on the lot. Mrs. Crosby does not care what use is made of the 100.00 but doubts if a fence is absolutely necessary. She does not incline to put up a house for the teacher. She thinks it may not be a good precedent, if the teacher can board as the others do generally.

Miss Dyer. Mrs. Roberts moved that Miss Dyer should confer with the secretaries as to engaging another secretary in the office. Mrs. Knox of Winona was suggested. Mrs. Hanies was directed to attend Indian conference at Lake Mohonk about Oct. 7th. The Comtee moved and seconded that the order for desks at Park Hill be paid immediately, also bill for school expenses of Miss Nutting, Hyrum, Utah, amounting to $60.00. Dr. Kendall read interesting letter from G. Hall Young of Fort Wrangel, reporting great material prosperity among the Indians and also one from Mr. McFarland showing the remarkable way in which the Indians kept the Sabbath.

Mrs. Boyd presented her report of the amounts received from the synods for the debt. Mrs. Boyd explained the way in which she fixed the proportion for the debt. Mrs. Hanies moved that this report be accepted. Mrs. James suggested that this report be printed and sent with letter to different synods. Moved and seconded. Mrs. Hanies and Mrs. James appointed to carry out Mrs. Ibbotsons' plan as Mrs. Boyd had furnished statistics. Miss Hanies was directed to write Dr. Sheldon Jackson, assuring him of the full sympathy of the Comtee. Miss Wifford of Concord N. Meeting of Woman's Exec. Com^tee, Tuesday Oct 13th, at 10 A.M. Present Mrs. James, Mrs. Haines, Mrs. Boyd, Mrs. Ham, Miss Haines & Mrs. Brownell & Miss Dyer. Meeting opened by reading of Scripture by Mrs. James and Prayers by Mrs. Boyd and Mrs. Ham.

Minutes of last meeting read and approved. Miss Dyer then reported on unfinished business of last meeting. Miss Whitaker will be allowed to return when her commission is made out. Moved and seconded that Miss Whitaker be recommended by Com^tee to be re-commissioned. Regarding Superintendant Kelly opening the boxes shut up in Sitka, action was postponed till Mrs. McFarland has been asked as to their contents.

Moved and seconded that the interest on the loan of $500 be paid Mrs. Fulton. Agrimals have not been sent Rev. J. Mrs. James M. Rowan of Trenton, N. J. had called at the office and expressed great interest in Mrs. Green's memorial by Mrs. James. Had been led to purchase the book in which Mrs. Green was much interested, Goulburn on the Inspiration and study of the Scriptures.

Miss Dyer reported on occurrences in the interval since our last meeting. She had attended the meeting at Germantown. It was a very small one owing to the weather. At 1334 Chestnut St. the meeting was also small but most interesting. Mr. Green had a stenographer present and will receive from him all the addresses. Mrs. Gregory made one of the addresses.

Moved and seconded that Miss Dyer's report be accepted. Mrs. Haines reported Rev. Mr. Beatty of Chester, N. Y. had called and stated that he saw Dr. Jackson taken in custody on the steamer and the captain clap his hands and jump up and down with delight when it was done. He was taken back to Sitka and put in a cell till the steamer pushed off. Fifteen minutes more would have secured his bail. Letter read from Mrs. Jackson giving further particulars.

Moved and seconded that Mrs. Bryan of Titusville be asked to revise her letter to the synod of Pa. and submit it to the Comtee for acceptance.

Bills for printing read and approved and ordered paid. Letter was read from Dr. Booth stating his present inability to do any work for the Comtee and expressing himself as quietly waiting for this time of enforced idleness to be over. Mrs. Haines reported on the Indian Conference at Lake Mohonk. She thinks the meetings will have great influence on the

whole country. Their resolutions were practical and to the point. She made 9.00 from the sale of [illegible] representing the Mission building at Sitka.

Miss Alice Fletcher occupied some time one evening and expressed her willingness to co-operate in the interests of our Missions among the Indians. A motion made and carried that a hearty will be extended to Mrs. Ham after her absence. They asked to give any information she could as to her travels and their reference to our work. She said

Deer Lodge College

had called on Mr. McMillan at Deer Lodge Montana. She found it a place most conducive quiet study, a beautiful, fertile valley, surrounded by snow-capped peaks. A second building had been completed to be used as a dormitory for the and a dining-room. The school had originally been started by non-believers; the first professor was hardly a moral man. This fact called Mr.

" " McMillan's attention to it as a point to be seen. He gained an interested friend in a minister settled there, and appointed a conference with managers of the school. He proposed to them take the building and assume its indebtedness with the agreement that if he succeeded in [illegible] it successfully, it should come into Presbyterian hands. The work has gone steadily on and owing to the its distance from any other such institution is likely to be well supported. In Portland Mrs. Ham attended Rev. Mr. Trumbull Lee's church and Sunday School. She also went as far as Victoria. Mr. Hill accompanied her to the

Indian school near Salem.

Letter from Miss Cornell asking several questions pertaining to the school boarding-arrangements and asking for some assistance in her housekeeping.

Rev. G. W. Martin writes a lengthy explanation of the same matter, saying an answer to the points in question at Mr. Pleasant will hold good for all boarding-schools. A motion made and seconded that Mrs. James, Mrs. Boyd and Miss Haines form a Com^tee to come to some conclusion on this subject. A letter from Miss Dauphin, Sitka says she intends to remain in the work another year.

Dauphin, Sitka.

As the Com^tee has understood from good authority that she has not given the required time to her work, it is not felt best to retain her. Mrs. Ham having been told these facts from Mr. Hill, authorized him to notify her to discontinue in the field. A resolution was passed that Mrs. Ham request the School Com^tee not to re-commission her and if she has already been recommissioned, to revoke the commission.

A motion made and seconded that Mrs. Ham write Miss Dauphin after hearing from the School Com^tee.

Rankin, Sitka.

A letter from Miss Rankin, Sitka. She thinks the Board is very fortunate in having the services of two such men as Mr. Kelly and Mr. Heaton.

Mrs. Heaton is also a valuable teacher. She asks why she has less salary than any of the other teachers; she feels she cannot remain unless this is altered and begs consideration. Motion made and seconded that this matter be left with the same Com^tee just appointed. Several letters having

been received expressing sense of loss in the death
Mrs. Green, it was decided to send them to
Green, as it is impossible to print all the
coming in, in the Pres. H. Missy.

Letter from Miss Wfford. Miss Pierce.

Letter from Whitehall seminary, Miss Wfford
It is thought best to allow Miss Fetzer to teach in
Union School-building. She is to receive 8.00 a mo
for Miss Pierce's board. They have opened their
with 23 pupils. She reports 40.00 left in the tre
belonging to the Board of Home Missions from the
of the school at Egmond. Moved and seconded
this be left to Mrs. Boyd as well as the answer re
the 8.00 for Miss Pierce.

Miss McKee's resignation.

Letter from Miss McKee N. Mex. She writes of
having to leave the work owing to her state of health
asks about refunding her traveling expenses. M
Nyson will take her place. As she has only been
year on the field and has taught very little th
quarter, a motion was made and seconded that
Boyd attend to the matter, and if Mr. Boyd
well of it, the suggestion be made that she ref
half her traveling expenses. A motion made and c
that the extra copies of the P. H. M., containing
Green's address be sent to the Presidents of Sym
and Presbyterial societies for distribution. The
of the picture of the Mona school is to be done for
Mr. Boyd will be asked to prepare the article to
company the picture in the P. H. M.

Album quilt texts of Scripture

Mrs. Cannes having suggested a text of scripture
written on pieces of the album quilt with direct
sides, a motion was carried that 1000 slips be

for distribution with the directions for quilts. Miss Shields writes the terms offered to her are entirely satisfactory and she would gladly have volunteered her services had it been possible. Miss Bronson has sent in her testimonials as teacher. Motion carried that they be referred to the School Com^tee with the desire that ~~they~~ she be employed in the first opening suited to her.

Mrs. Moore writes of Miss Hicks, that she has taught for nine years in the Indian Nations, and is a good disciplinarian and successful teacher.

Motion made and carried that her papers be handed to the School Com^tee with the hope expressed that she may receive her commission to Nanjarka Ind. Ter. Moved and seconded that hereafter our meetings close with prayer. Motion carried that a Com^tee consisting of Mrs. Barnes and Mrs. Haines confer with the secretaries as to the advisability of throwing open the meetings of the Exec. Com^tee to members of Synodical and Presbyterial societies generally. These gentlemen being absent, Mr. Boyd and Mr. Eaton were consulted. Mrs. O. R. Winters, Payarito, N. Mex. writes of her expired time and re-appointment. Moved and seconded that Mrs. Winters be recommended for re-commission.

It was proposed that some one be especially appointed to take the letters from teachers and see to the answers to be given them. The matter was not generally discussed but to come up again.

A motion made and accepted that 5000 more monthly missionary envelopes be printed. After recess, Mrs. Haines gave further interesting statement

Oct 20th. 1885. Regular meeting of Woman's Exec. Com^tee was held on Tuesday Oct 20th at 10 A. M.

Present Mrs. James, Hanies, Ham, Boyd, Roberts, Langdon, Misses Hanies, Cook & Dyer, and Mrs. Baker.

Meeting opened by reading of Scripture by Mrs. James and prayers by Mrs. Langdon and Mrs. Boyd. Minutes of last meeting read and adopted. Unfinished business being first in order, Miss Dyer reported interest on note on loan amounting to 66.33, paid. Mr. Martin's bill of 83.00 has been paid. Miss Dyer then read the unfinished business, to which no answer has been given. Oscar Boyd's bill for printing, paid. Mrs. Winters commission is all right. Directions for album quilt are to be printed without Mrs. James suggestions.

Miss Robertson's bill not reported paid. Miss Whitaker is to be recommissioned. As the hymnals for Payson have not been purchased Mrs. James suggests that a member of the Com^tee take this matter in hand, and thus relieve Mr. Boyd. Mrs. Ham appointed as

such Com^tee. A motion made and seconded that unfinished business be brought up at each meeting attended to. Reports from special Com^tee then [illegible] for. Mrs. Boyd reports writing to Miss Wfford in [illegible] to the 40.00 belonging to the Board; that she was [illegible] this amount in the expenses of the school, and reports the Exec. Com^tee of the money for Miss Reese's [illegible] was raised on the field; she was to account for that the same way. A motion made and carried that Mrs. Boyd's report be accepted. Special Com^tee [illegible] in regard to Mt. Pleasant, that the School Com^tee [illegible] this matter before them, and said Miss Crowell [illegible] have sufficient help, and that the expenses of the school should be pro rata. This Com^tee thought [illegible] should be definitely defined just what the expenses should be in regard to help, light and fuel. Not decided whether breakage was better to be put in the sum and divided pro rata, or whether this should be paid by the Board. Mrs. James then spoke of the [illegible] ference between the teachers paying board and the not paying rent. A motion accepted that the report be accepted and this com^tee to be continued [illegible] have all important matters referred to them.

try to arrange meetings for Mrs. Newell at this unexpected interval, as Dr. Kendall had put off his meetings for a fortnight on account of election.

Mrs. Newell was to be at Dr. Cuyler's church on Tuesday the 20th, and on the following Monday, Thursday, and Friday, she is to hold meetings in Brooklyn which will be arranged for. The following week for three days she is to have meetings in New-York state, which Mrs. Strong will arrange for. Mrs. Harris reports that the fresh facts from Utah given by Mr. & Mrs. Newell are perfectly thrilling. One instance of a church having 35 members and a flourishing Sunday-School. They thought they could continue, but all at once they were shut out of it and 90 children were turned into the street. This is in addition to the Mission Sunday-school which could be greatly enlarged, if they had the room, they could have 75 scholars. They had sent an application to the Board of ch. erection asking for 3000.00 for a church building, calling it a chapel; but the Board not having much money on hand did not see the necessity of this, as there was one church in Salt-Lake City. Mr. Newell had the opportunity of seeing Rev. Mr. Hall who is on the Board of ch. erection and explained it to him. A motion carried that the Comtee ask the Board of Home Missions to allow them to have Mr. Newell present this case, the erection of a church in Salt-Lake City, before the churches.

On motion of Mrs. Harris it was resolved that Mrs. Newell be allowed to make an evangelistic tour of the churches in Utah during the time of the building of their church. A number of interesting cases of

conversion were mentioned by Mr. Newell.
Mrs. Boyd moved that the Comtee ask the privilege of remunerating Mrs. Newell for her services by a sum not less than 300.00, which sum can be gathered by Presbyterial Societies over and above their present contributions or by collection at their meetings.
The Synod of New Jersey reported a sum plus in Treasury as a synod and voted it to be applied to debt. The Comtee accept with thanks.
A Presl. Society from Newark, Del. asks that one go from this Comtee to address their meeting. Mrs. Boyd was requested to go to this meeting as well as Mrs. Roberts. Bill for mite-boxes ordered paid.
Mrs. Haines presented the names of two teachers from Utah. Brigham City asks for a chapel. Miss Sa[illegible]

Miss Van Wormer visiting societies

Van Wormer of Malad had been in the office and posted the need of a belfry in that place. She also wished to have the traveling expenses of her sister, she is to receive no salary. Miss Winnie Jones wished to attend Salt Lake City Institute for a year. A motion made and carried that Miss Van Wormer have permission to ask for a belfry for Malad at any meeting she may attend, also that Miss Ada Van Wormer traveling expenses be paid. As the Exec. Comtee had requests coming in continually from societies for teachers in Utah to support, it is desired that any on hand should be given such. A motion made and seconded that the Comtee request the School Committee to open a school at Samaria provided we can obtain funds in addition to monies already coming in.

being received in regard to the apportionment of the debt, the method meeting with much favor. Mr. and Mrs. Newell stated it was received in Iowa with great interest. Mrs. Haines then reported on Dr. Roberts trip to Indian Ter, that he was delighted with what he saw. The Indians at Old Dwight were anxious to have a school opened there * Telegram from Mrs. Crosby stating inability to attend meeting, sending good-bye to the Exec. Comtee as she sails on Saturday.

Mrs Dyer reports a very earnest and enthusiastic meeting of the Ladies in the Presty of New York. The churches were fairly represented. There was great strength, power and interest in the women and she not only felt but saw in their faces that they were taking hold of the work heart and soul. There were many women there who have large social influence in their churches and will be of great service in the work. Mrs. Crosby was very impressive in her little talk to the Presbytery and it bids fair to be a strong organization. Letter from Rev. J. Livingstone Smith stating his barn was nearly finished; he gave his own labor and thus cared about 50.00. Would like to know when the year begins and ends in regard to paying rent; would like to have some definite understanding of the matter as to rent after the expiration of the year. Has paid out 10.00 for repairs, 15.00 for material making 25.00 in all. This having been referred to the Special Comtee they thought it best to bring it before the Exec. Comtee for advice. After discussion a motion was carried that this question of rent be submitted to the Comtee of three appointed

at the last meeting, also that the 25.00 expen[illegible] by Mr. Smith be paid him. Word was rec'd from Holmes of the Cherokee Agency in Georgia of the d[illegible] of a Cherokee chief who would like to continue [illegible] education and then return to her people. Mr. H[illegible] thought as she is beyond the age when the govt g[illegible] this aid, perhaps she could be retained at Tulequah where [illegible] now is. Would like to have her received in the sch[illegible] under a scholarship, her traveling expenses paid. [illegible] will also need clothing.

Mr. Holmes writes of daughter of Indian chief. Scholarship.

The Synod of Texas holding their annual meeting Wed. Oct 21st Mrs. Haines had written a telegram [illegible] tinning passages of Scripture and love from Exec. [illegible] Motion carried that this telegram be sent as [illegible] to our Synodical Sisters in Texas. Mrs. Haines expr[illegible] the desire to get a communication from the School [illegible] as to whether the Presy of Nassau could take up [illegible] salary of a teacher in Georgia among the Poor W[illegible]

Presby of Nassau & Poor Whites.

A motion made and seconded that since [illegible] Nassau Presby desire to take up this work a requ[illegible] be sent to the Board that the Comtee be allowed [illegible] give them permission to do so, as the money is [illegible] in advance of the money to the debt. The salary [illegible] teacher to be 200.00. A motion made and carr[illegible] that recess be taken at this point in the meeting [illegible] order that Miss Dyer may get these different p[illegible] ready for School Comtee. The proof of "Suggestions to Workers" having been brought in, a motion was [illegible] and carried that 10.000 copies be printed. Mr. [illegible] having written an article on Alaska a motion [illegible] carried that this be printed in leaflet form [illegible]

Mrs. Baker requested to send word to printer to have 10 proof copies struck off and send them to Mrs. James, Ham & Roberts and Drs. Kendall and Roberts, Mr. Eaton and Mr. Boyd.

Mrs. Haines reports Mrs. Chas. Walker of Colorado as having arrived, but was taken very sick on the way and brought from Jersey City in an ambulance. Is a little better, but still very sick. Letter from Mr. Martin in regard to his views of the school organization in Utah. He favors all that was asked for by Miss Beckman and desires the approval of the Exec. Com^tee.

A motion carried that a message be sent to Mr. Martin of the Exec. Com^tee's approval with the hope that they will go forward. Letter from Miss Clute in regard to clothing of French girls, enclosing list and stating societies sending it. A motion carried that Miss Dyer find out what the price of this clothing should be and that Mollie can have it. Letter from Miss Bodine of Park Hill stating receipt of desks and cost of freight 19.50, desiring to know if how many day pay-pupils she can have, also wishing to know if she shall use her own judgment as to price of music-lessons, and what shall be done with the money rec'd from such. A motion carried that the money obtained from the music-lessons be turned toward defraying her salary, and she report every quarter of the money so received and use her own judgment as to price. will leave it to her, hoping she will take as many a[illegible] can conveniently teach, and the money will be cre[illegible] to the expenses of the school. A motion carried th[illegible] this bill of $19.50 be paid. Dr. Kendall expect[illegible] to hold a convention at Tyrone Pa. the week after [illegible] Presbl. Meeting, thought it would not be well to [illegible] two such meetings in such close connection. The [illegible] being very much disappointed laid it before the [illegible] of the church and it was decided that Dr. Kend[illegible] must go there. Letter from Mrs. McCauley speak[illegible] of an article in N. S. Observer on the Dakota Mis[illegible] that would make a good leaflet. Mrs. Roberts m[illegible] tioned an article on the same subject in the Int[illegible] A motion made and carried that Mrs. Roberts appointed a Comtee to combine these two articles.

the death of Mrs. Green, by all the societies as well as by the Exec. Com^tee. Not understanding why they were in arrears last year, stating that a number of churches contributing were not published in Annual report of Treasurer in Pres. H. Miss^y. Also that Mr. Bradbury of Southern California requested that Facundo Ayon at Agua Cal. be appointed by the Board of Home Missions as teacher of the Mexican settlement where he lives, at a salary of 150.00 a year; stating that he is entirely worthy and fitted for the place. Letter from Miss Lockwood, asking that repairs be made in the building so they can use it to live in. This referred to Com^tee of 3; and Mrs. Boyd reported the request from Exec. Com^tee to School Com^tee, that half of Miss Mc Kee's expenses be paid, was granted. Miss S. Van Hoomer appointed to attend meeting at Newark Del. Very appropriate and excellent resolutions in regard to the death of Mrs. Green rec'd from Michigan. Letter from Miss Patterson of Sisseton Agency Dakota, enclosing bill of 8.70 for traveling expenses. A motion made and carried that Miss Dyer's bill of expenses to Phila. of 4.30 be paid. Letter from Miss Munger stating she thought Miss Rea did not need an assistant if she could have part of Miss Rea's pupils. Miss Dyer offers her resignation as Secretary of Exec. Com^tee on account of ill-health. A motion made and carried that this be laid on the table till the next meeting. Mrs. Ham proposed that the Com^tee have notice inserted in Pres. H. Missy stating prices of scholarships this was put in form of a motion and carried. This will be published as a leaflet. Meeting adjourned

Meeting of Woman's Executive Comtee on Monday 10 A.M. Present Mrs. James, Mrs. Harries, Mrs. M[illegible] Mrs. Roberts, Mrs. Langdon, Mrs. Boyd, Mrs. Miller, Baker and Mrs Brownell. Meeting opened by read[illegible] of Scripture by Mrs. James, and prayers by Mrs. [illegible] and Mrs. Langdon. Minutes of last meeting read approved. Treasurer presented no report as it is [illegible] in the month. Question being asked if anything [illegible] had been heard, Mrs. Brownell told of Mrs. Henry Alexander's proposition to the Ladies Missy Society Dr. Hall's church on Friday last, to make a fund [illegible] the use of the Executive Comtee in cases of emergen[illegible] to be called the "Mrs. Ashbel Green Memorial Fund," of the ready response met with, one lady alone [illegible] scribing $100.00. A motion made and carried th[illegible] Mrs. Brownell's report of of the Missy Meeting in Dr. Hall's church on Friday last be received [illegible] gratitude to God, and that Mrs. Alexander be[illegible] to write a report of the result of her effort to [illegible] fund called the "Mrs Ashbel Green Memorial Fun[illegible] and to present it to the Comtee. A motion was th[illegible] carried that Mrs. Brownell correspond with Mrs. [illegible]ander to this effect. The business to be carried to [illegible] School Comtee had rec'd no response as there had been time to attend to it. Mrs. Harries showed new write-boxes new write-box made of better paper which will furnished at the same rate as heretofore. There [illegible] proving satisfactory 10,000 were ordered.

corrupt officials in the Indian Ter, commending his course and committing him in all his decisions to an over-ruling God. The letter having been sent a resolution was passed approving it by the Comtee.

Mrs. Roberts reported that the articles on Indian work which she was to combine were being held for further additions. Bill from the secretary coming before the Comtee, it was ordered paid, as well as a book for reports. Items of expenses for more than of October being read to the Comtee, the bill was ordered paid.

Mrs. Haines spoke of the necessity of having a map belonging to the Comtee which could used at the different meetings. Mrs. Walker being in need of money owing to her long illness, a motion was carried that 10 o'c be advanced her. Mrs. Haines spoke of Miss Tyers' health and that undoubtedly she needed medical attendance. She feels unable to continue in the office at present, and it will be necessary to engage the services of some one to take her place. She may soon be able to go about among societies. Mrs. Haines spoke of Mrs. Knox, and that if Mrs. Nixon could spare her, we would be glad to have her come for a few weeks in the emergency. Mrs. Nixon asked to consult with the Executive Comtee of the Synodical Comtee before giving a reply. A Comtee was therefore appointed to meet at the hour of recess for this purpose. Mrs. Haines had several letters from societies regarding Mrs. Green's death which were handed Mrs. Roberts to use at her discretion and then have them sent to Judge Green.

Mrs. Haines reported 5 interesting meetings held in Brooklyn addressed by Mrs. Newell.

The secretaries having asked to have some of the older members of the Com^tee meet with them to talk over a matter of importance, the time was taken before recess. At the same time the Com^tee appointed to decide as to Mrs. Knox giving her assistance in the office was to meet. Their decision was that Mrs. Knox shall be requested to give a month to the work of the Exec. Com^tee if it shall not interfere with plans already formed for her outside with societies.

Resolved that the Exec. Com^tee accept Miss Dyer's resignation with regret. The discussion that had been held with the secretaries was then talked over by the Com^tee before continuing it with them. Mrs. Haines spoke of the hard pressure the secretaries were always laboring under with their work as it is and the reluctance the Com^tee feels in going to them for consultation and advice as often as is necessary.

It seems almost imperative that there should be another to assist the secretaries so that we may

have half the time of Mr. Boyd. The change w
occurring in our office necessitates a step to be
that will ensure us quater assistance. Mr
said the fact was that we need some one here

work on the field. An arm as it were to move
hand working at that quat distance. Some one
able to decide for the Synodical Missionaries w
they are in doubt. Mrs. Roberts thought that if
Boyd should visit our schools this Fall, he
tell after doing so whether he would be willing to
take that duty, or whether he thought that duty
imperative to be undertaken by another, should
not desire it. A motion was made and second
that we propose to the Board of Home Missions
we would like to employ half of Mr. Boyd's time
either to send him on the field or to have his a

Brownell's ordered

Letter read from Miss Brownell stating she had secured the help she needed but had not as yet received the funds she was obliged to pay out. Total of payments 66.00. It was decided to write her to send on a bill with explanation and it was ordered to be paid when received.

A note came in with the sad intelligence that Mrs. Baker's brother-in-law had died and she would therefore be unable to be at the office for several days.

A few lines were immediately sent in return expressing the deep sympathy of the Comtee with Mrs. Baker and special prayer was offered for her and for her sister's family. A small contumace having been

A letter was read from Dr. Jackson stating how the work is now adjusted in Alaska. A suitable matron and seamstress are wanted at Sitka thus to enable two of the teachers to return to their duties in the school room. Mrs. Haines remarked that owing to the Government employ of some of the teachers we would be warranted in sending a matron and seamstress. Resolved to consult with Dr. Jackson on this matter when we shall see him. Mrs. Haines spoke of the irregularity of the meetings of the School Comtee. If they could hold a longer meeting on the day of the meeting of the Board of Home Missions our matters could receive more attention. It was resolved to have one of the Comtee put the situation before them at their next meeting. Mrs. Haines consented to do this. A motion was adopted to bring the matter of Miss Wonner's removal before the Comtee already appointed for discussion. Miss Kate W. Hamilton who has written several little papers, writes from Bloomington, Ill, regarding writing for the Presbyterian Home Miss Y. that she could write a Miss Y serial for that paper, but could not do it without some remuneration, much as she would like to do so. Resolved to ask Miss Hamilton to write a story for our paper, offering her payment for it.

Letter from Rev. J. Livingstone Smith on the receipt of the hymnals. He proposes to give half what they shall receive to Neplin, as there will be an ample supply for both. Their school work is progressing most

While we regret not being the ones to do this, we should feel thankful the work will be done by some one.

This may make us feel like taking up the work among the Pueblos. It was resolved to-day to consult with Dr. Roberts on this work among the Poncas particularly, Mrs. James, Mrs. Knox and Mrs. Boyd to form the Comtee and express a strong desire to do this work. Word will then be sent at once to the Congregational Ladies of Brooklyn. Mrs. Haines presented a report from the School Comtee of yesterday.

Miss Nicholson of Pine Ridge Georgia was requested to be commissioned as teacher among the poor whites.

Money has already been pledged by the Presy of Nassau but the School Comtee but the School Comtee does not advise our taking it as our work but to leave it to be carried on as before for the present. Mrs. James made a motion that the Presy of Nassau to take the school in charge as they will be greatly discouraged by the refusal, their interest being so excited in it.

Resolved that Mrs. Grier ascertain all the facts in the case first, before putting it before the School Comtee.

The bell which Miss Bonner has secured for Malad, meeting a belfry, action was deferred respecting it.

Also as to her sister's traveling expenses and other matters. Deferred also action regarding the 125.00 for Miss Winnie Jones for another year's education in Salt Lake Institute. The 200.00 to be allowed to Mrs. Newell for Missy work in Salt Lake City, the School Comtee do not feel willing to appropriate in that form. For visiting churches and meeting societies it might be done. Mrs. James will confer with Dr. Roberts

A letter from Dr. Booth in regard to Hand-book for teachers requesting that the matter be left until he can attend to it, as he considers it most important.

Mrs. Haines reports some changes in the room owing to Mrs. Knox's coming, a map, thermometer, and clock, also a register for the names of those coming into the room.

Mrs. Knox presented a plan of buying a stereopticon and slides to be used in Mission Bands to interest the children in Mission fields, and at the same time time educate them. The stereopticon to be rented to societies. Mrs. Knox and Miss Haines were appointed a com^tee to attend to this matter.

Mr. Boyd's report on several subjects.

Miss Hicks is commissioned, also Miss Grace Robertson Miss Gargee and a Mrs Sullivan were commissioned by the School Com^tee, if it be the wish of the ladies; all for the school at Nanjaika. Mr Boyd says this is one of the most cheaply conducted schools, and that they really needed these additional teachers.

The Com^tee agreed to continue four of the Pueblo schools and drop two of them. The ones to be continued are Zinna, Lagunna, Jemez, & Isletta.

The Government have agreed to pay 30.00 per pupil in each school, provided they do not take more than 25 in each. This is a much better

arrangement bringing the schools more under the control of the Board.

Offer of school building at Old Dwight.

Application from Old Dwight, Indian Ter. for a school. Dr. Roberts found a building already rected that had been offered to the Baptists and the Board of Ch. erection. The latter offered 400.

Not being enough the offer is still open if the ladies will add 100.00. $200.00 is asked for at Talequah to improve building. Already full and to come in. The request granted by School Com.

is so acceptable to the Com^tee. It was thought best that the type-writer should not be engaged for the conference with Dr. Roberts. As Mrs. James' name appears on several Com^tees, it was resolved to write her asking if she would report on the matters referred to her at the next meeting.

...phion - Mrs. Knox reported on the Stereophon that she had been referred to a firm in this city who would deal fairly with her. Miss Haines learned that their best lanterns to be burned with oil cost $40.00. It would cast a picture 8 feet in diameter. Mrs. Knox thought this would be large enough. Miss Haines can get the lantern and slides at 15 per ct. discount. The pictures can be Home Miss 7 subjects with some Bible pictures and a few comic ones. The idea is to rent it to S. schools for 5.00 and express charges. So very soon it will have paid for itself. It was resolved that the Com^tee who had this in charge be empowered to purchase the stereophon with 50 slides and all the pictures, the bill to be paid on presentation. Motion carried that this same Com^tee continue in charge and rent the lanterns at their discretion. +

...of Mr. ...ed - A letter having been rec'd from Rev. T. F. Day regarding the death of Mr. Leonard of Utah, it was resolved that Mrs. Roberts publish the letter in the Ens. Home Missy. and Mrs. Ham write to the widow expressing the sincere sympathy of the Com^tee.

Miss Crowell's bill was received and voted to be paid.

Rev. J. Livingstone Smith sends a number of [illegible] bills and inquiries if he is to pay rent for the par[illegible]age or have it free. He has paid out some mon[illegible] on it and cannot afford to give this if he is to [illegible] rent. He has built a barn costing 100.00. It was resolved that the secretaries be asked if the [illegible] can be paid him for the smaller expenses. It [illegible] also moved and seconded that some other soc[illegible] be urged to send a bell for the waiting belfry.

Miss Delia Hills' purchase and explanation.

A letter read from Miss Delia Hills explain[illegible] her purchase of the property at Salazar N. Mex.

The money to purchase the property was advan[illegible] to her, $150.00, by a gentleman of high integrity in whom she felt she could place perfect conf[illegible]

She now pays him 10.00 a month rent instead of the Mexicans. $175.00 was spent on repair[illegible] which she paid out of her salary. She has since it from Dr. Kendall. As to furnishing the room she had rec'd word that a bell, organ and bl[illegible] board were not furnished. She tried to think [illegible] could supply some of these necessaries out of salary but found it impossible. Desks to seat pupils, bell, organ and blackboard and sch[illegible] books are all needed. It was resolved that [illegible] strive to get Mr. Boyd to ask permission to purch[illegible] without delay, the blackboard and books, without

waiting for the meeting of the School Com^tee.

Hills' ... be paid. It was resolved that Mrs. Walker include Salazar in her appeal for bells in writing to societies.

It was suggested that correspondence be held with Miss Hills to express the hope that she can secure a deed with full title and that we are willing to pay the 10.00 rent of the school-rooms and would propose their being offered for other uses when desirable.

...oes in Arizona ... may expect. Dr. Hart writes what he can expect in the way of help among the Papagoes in Arizona. It was resolved that the attention of the School Com^tee be called to this letter and ask if the buildings can not go on as we receive money to warrant it.

Moore ... trained ...se. Letter from Mrs. Moore regarding the sickness among them. She feels unwilling to be responsible any longer in cases of illness without a trained nurse, as they are 15 miles from a physician. It was resolved that correspondence be held at once with Miss Robertson and that she try to obtain the nurse she had in view, as they feel they can do without Mrs. Sullivan for the present.

...y. repairs ... Marshall's ...d removal. Miss Pooley writes about house repairs. The letter was referred to Mrs. Roberts and Mrs. Boyd to look into the matter and see if the repairs are necessary.

Mr. Marshall writes from Charmita N. Mex. that he has much opposition from the Roman Catholics.

He does not know that his dismissal is contemplated. It was proposed that Dr. Kirkwood, the Synodical Missy be requested to look into this matter and that the School Com^tee be asked to

to reserve their decision regarding him till he is h[illegible] from.

Miss Floretta Shields Laguna

Application of commission for Miss Floretta S[illegible] who is stationed at Laguna. We recommend th[illegible] she receive a commission for the present as she [illegible] on the field. Some objection being made to Miss Shields' lack of qualification as a teacher, the m[illegible] was referred to Mr. Boyd for decision.

Course of study sent by G. W. Martin.

Rev. Geo. W. Martin writes, sending a course of study sent him by Prof. Millspaugh. Mr. H[illegible] has handed this course of study to Dr. Roberts [illegible] his consideration. Till we have heard from him [illegible] defer an answer. Mr. Martin also wrote concerni[illegible]

Mrs. Boyd was asked to report on the division of labor in the Comtee. The paper was read which had been prepared by the Comtee, but the Comtee themselves were not prepared to give in their report until after further consideration. It was resolved after hearing the report read, that Mrs. Walker take departments Nos. 1 & 2. Mrs. Knox, Nos. 3, 5 & 6. Mrs. Roberts No 4. Mrs. Langdon No 7. Mrs. Baker No 8. Recess was here taken.

Mention was made of the name of Mrs. Green remaining still unchanged in the Pres. Home Missy. It was thought best to have an asterisk placed before it at once so that no misunderstanding may occur. Mrs. Ham was asked as to her correspondence with Alaska as to its being a burden. Under the new arrangement of work Mrs. Ham could be relieved of this special duty. It was resolved that the same Comtee shall correct and revise the list as it now appears in the Pres. Home Missy. It is only fitting to

In the paper of Arrangement of Work of the Comtee, resolved that a fourth Comtee be added on the Stereopticon. Resolved that Mrs. Knox's name be added to the Comtee on Publication. Resolved that a card be published similar to that issued by the Board of Home Missions putting forth the office of the Executive Comtee for general circulation. & Resolved that the Comtee approve most heartily of the plan for "a penny a day for thirty days", started by Mrs. Knox. +

The cyclostyle is proving very satisfactory and if we cannot get the Board to pay half of it, we will charge them one dollar for each use of it!

Miss Lucy Hineman at Springville wants a stove flue and 2 windows but could wait for plastering a little longer. Resolved to ask the secretaries if money for these purchases can be sent her at once.

Mrs. Boyd stated the receipt of a paper from Mrs. Keigwin of Washington Del., an appeal to the women of the church. It was resolved to put it in the hands of Mrs. Roberts that she may make extracts from it for the Pres. Home Missy.

Letter read from Mrs. Henry M. Alexander, giving an official report of the starting of the Mrs. Ashbel Green Memorial Fund and enclosed the appeal to be distributed for this purpose. The secretaries hardly approve of this appeal going out from the Executive Comtee, but any donations coming in can be held for the object. They also object to the name as being too distractive. Meeting adjourned.

Hamilton

Miss Hamilton writes she will not be able to do anything for the Comtee for two months. Also asks if serial story or a leaflet be preferred.

Resolved that Miss Hamilton be asked to write a story for the Pres. Home Miss Y. about as long as Pitchers and Lamps, to be used afterwards as a leaflet.

Also resolved that she be advised of the points the Comtee would like to have brought out in the story.

...lets.

...ckelts Mite Box

... Lamps

The Comtee on Publication can decide this matter. Moved and seconded that this same Comtee order 1000 of Mrs. Pickelts' Mite Box. Also 5000 of the leaflet, Pitchers and Lamps. Mrs. Bryan having begged that a leaflet be made of Twilight Reflections as it embodies thoughts she has frequently felt the necessity of putting before societies, the Comtee on Publication will consider it and if they deem best have 5000 leaflets printed from this paper. An article of Dr. Jackson on Alaska, one of Mrs. Keigwin of Washington Del. one by Mrs. Aikman, a small map showing the Illiteracy of the U. States, sent from Boston, were all referred to the same Comtee for decision as to numbers to be printed. Thanks giving Ann also being called for, 200 copies are to be ordered for further use, and bill for those just ordered for Denver paid. The leaflet on Alaska, published by Methodist Book Concern, having been ordered, the bill is to be paid when presented. Mrs. Bailey of Harrisburg proposes that we have a circulating library in our room for the use of societies wanting information. The necessity of such a library having long been felt

the Publication Com^tee will take this into consideration. The articles for Sunday-Schools prepared by Mrs. [illegible] will be also brought before the same Com^tee. [illegible] that are deemed best to be printed in the Pres. [illegible] Miss J. may require an extra page which we can [illegible] to pay for outside of our space. Mrs. Russell [illegible] and Miss Hinkel came in to ask information [illegible] their society in the West 42nd St. Church.

Mr. Gillespie's purchases at Box Elder.

Mr. Gillespie writes from Box Elder that he has a lot already purchased in Mantua, and will wait for further instruction before building. Also others which he can purchase with authority. Moved and seconded that these matters be put [illegible] the secretaries. Mrs. Knox has found the children much interested in the logs and bricks and Mrs. Wickham has asked for tickets to use as certificates [illegible] stock in various objects. Mrs. Knox refers this to [illegible] Com^tee on Publication.

Miss E. Van Wormer to go to Bellevue, Idaho.

Mrs. Harris reported that Miss Eva E. Van Wormer had rec'd a good offer to go to a school in Bellevue, Idaho, so whether she had better remain at [illegible] or accept the new offer was at once referred to the secretaries, the result of which was that a telegram sent her to go to Idaho.

Brooklyn Society and Miss Howard.

Mrs. Walker reported from Mrs. Quentin in Brooklyn that the Poneas are under the charge of the Presbyterian in Indian Ter. and Miss Howard is already [illegible] among them. They are quite ready to have us [illegible] Miss Howard, the more as her salary is in arrears nearly a year. Objections being made to paying this deficiency, Mrs. Quentin concluded that

might be able to pay what was due her, if we should undertake her support after November. Mrs. Quentin also offered us her furniture at quite a reduction. It cost 75.00 and was offered to us for $50.00.

Howard ...ferred ...r care.

Dr. Kendall says we cannot take decisive action till we receive answers to letters he has written to Indian Ser. Two hundred and fifty dollars is sufficient to carry Miss Howard on till March including her furniture. Resolved to ask the secretaries if Mrs. Walker may try to obtain this sum by special appeal. Mrs. Haines read a list of special objects needing immediate attention. Teaseton Agency has been promised 400.00. New room at Nenjarka 300.00.

...work.

Miss Barlow having advanced money on the Antonita property 500.00 is needed to relieve her.

At Samaria, near Malad, the Mormons have asked for a school. We have a teacher ready to go, the salary would be 450.00.

The work among the Poncas follows and the 14 schools in Idaho. All these objects seem necessary to meet before the debt is all paid. Mrs. Roberts was asked to make an appeal for these schools in Idaho in the next number of the Pres. Home Miss J.

It was therefore resolved that we beg the Synodical Comtee at their meeting to-morrow to allow us to retain Mrs. Knox for all the time not necessarily given to the Synodical Comtee.

Meeting of Woman's Exec. Com^tee on Tuesday at 10 A. M. Present Mrs. Walker (in the chair.) Mrs. Haines, Mrs. Kunz, Mrs. Roberts, Mrs. Ham Mrs. Langdon, Mrs. Baker, and Mrs. Bennell. Meeting opened with reading of Scripture and prayer. Minutes of last meeting read and approved with necessary corrections. Treasurer's report delayed till Mrs. Boyd should come in. Bills presented, not acted on by motion of Com^tee. Mrs. Roberts reported on the presenting the need of 15 new schools in Idaho, in the Pres. Home Missy. Dr. Kendall thought it had better not be done; one reason being the opposition it would cause among the Mormons. Dr. Kendall came in with a budget of news from Alaska. He reported that Rev. Mr. Adams at Fort Tell having to leave that post it was thought one might be of service among the Kiowas. Mrs. Haines reported that it was decided to change the hour of the Monthly prayer meeting to 3 o'clock. Some small expenses attaching to the meeting, portals etc, the question arose whether the Exec. Com^tee would meet these payments. It was resolved to ask Mrs. Niven to send a bill to the Com^tee once in 3 mos, of these expenses and to continue to send out the notices for the present. Moved and seconded that the section of the 4th Ave. Pres. ch. be presented with a copy of Geike's Life of Christ from the Executive Com^tee if found to be acceptable. Mrs Niven came in about eleven. Miss Hamilton's leaflet is still referred to the Com^tee on Publication. Mrs. Kunz found that Mrs. Pickett's Miss^y box was published by the

Mr. Gillespy has not yet been ordered to purchase the lots at Mantua. Mrs. Ham stated she had met the ladies of Brooklyn interested in the Poreas and found they did not feel inclined to assume any further pledges.

Mrs. Quinlin gave Mrs. Walker to understand that they were willing to continue the Poreas in connection with the lots, if nothing can be done by us. Miss Caldwell could be sent to Samaria at once if the money can be raised for her salary. Her endorsements are the most satisfactory. Dr. Kirkwood has gone on to locate a building for Mr. Hart. Dr. Marshall's removal having been referred to Dr. Kirkwood, the latter writes, Dr. Marshall has the respect of the entire community and has done much good there. He thinks however he will have to leave the Pueblo but not the valley since the Government demands it. If he had a commission as an Evangelist in the valley he would be of much service. He wrote of Miss Atkins's school at Santa Cruz as doing very valuable work and should not be given up.

Mrs. Roberts made a motion that Dr. Kirkwood's letters be sent to the School Com^tee begging them for further consideration of Mr. Marshall's case. *

It has been decided that Miss Eva Van Wormer is to go to Idaho, and Miss Sarah to Smithfield, Utah. As Miss Woodruff is at present at this station it was resolved to write her explaining the situation. A letter from Mrs. Knox, Malad, Idaho, expresses uncertainty as to the future, sudden changes having come to them without notice beforehand. They did not know whether to open the school after the holidays or not. Moved and

the school and a teacher will be sent them on

from Rev. Pratt of Idaho. Adams to this point. Dr. Kendall came in to say that Mr. Pratt of Idaho was in the office and asked if the Com^tee would like to have a few words with him. They invited him at once to come in. Mr. Pratt stated that the southern part of Idaho is strongly Mormon. The ladies sent out by the Exec. Com^tee as teachers among them, is the greatest power at work among them. Their refinement, their intelligence carry great weight among this people so gross and sensual by contrast. In their religious services they discuss the breed of cattle and the condition of the crops. While many Christian truths are inculcated they are all lost in superstition and ignorance. They are loyal to one another for the most part and often kind and gentle, but this makes it sometimes more difficult to show them the need of different living.

Account of Mormons in Idaho

Mr. Pratt is stationed at Bellevue where Miss Van Vorman has just gone, a mining town of 1200 inhabitants. The place is filled with gamblers. They are 5000 feet above the sea level but the climate is delightful altho' the snow in the winter lies from 3 to 15 feet deep. Twelve of the miners have expressed the wish to connect themselves with the church at the next communion.

A recess was taken when Mr. Pratt had finished. An important letter was received from Miss Wifford. She stated that the ladies of Nassau Pres^ty, had promised 200.00 towards Miss Strykers salary. She asked what could be arranged for the Miss Avisworths' salaries.

from Miss Wifford

She also expressed anxiety to know the decision of the Com^tee as to starting the boys' school in the Fall; some funds could be looked for on the spot.

Miss Eva Ainsworth's salary.

Mrs. Miller reported that the ladies of Nassau Pr[illegible] had promised to pay Miss Stryker 200.00. With [illegible] gard to Miss Eva Ainsworth, she volunteered her [illegible] vices to teach if her traveling expenses were paid. It in no wise alters the contract with her that [illegible] other receives salary. If Miss Stryker's references pr[illegible] satisfactory resolved to send her as soon as possible. Mrs. Honeyman president of Synodical Com^tee of N. Jersey, came in and was received by the Com^tee.

Mr. Miller of Talequah makes his appeal.

Mr. Miller of Talequah, Ind. Ter. was then asked come in to speak a few words. He said, About [illegible] year 1812, Mr. Blackburn became interested in [illegible] among the Cherokees. He soon rec'd assistance fr[illegible] the American Board. After the war of 1812, the [illegible] coming into that section intermarried considerably among them. This made quite a change in their con[illegible] and they became much more civilized. Persecu[illegible] was however begun against those preaching to them. Several ministers were given their choice to gin[illegible] preaching to the Cherokees or go to the Penitentiary. They chose the latter and remained in custody [illegible] one year while the courts were trying the case.

The U. States decided in favor of the Missiona[illegible] and against the State of Georgia. The Cherokees [illegible] forced west of the Mississippi leaving comfortable [illegible] behind them. Naturally they hated their oppre[illegible] the white men, but the missionaries went with [illegible]

They educated the women especially and left [illegible] stamp upon the whole tribe unmistakably. Sev[illegible] Indian preachers arose and did zealous work a[illegible] different stations. Churches are now planted a[illegible]

them, one of them at Talequah, and one at Pleasant Valley, where God's Spirit has been most wonderfully poured out. He told a pathetic story of a boy whose death-bed was the means of the conversion of a number of Indians old and young. He was not only baptized himself at the request of his parents, but the younger children were all brought in and many more belonging to others present. The appeals the dying boy made to his companions and neighbors to come to Jesus, were most touching and effective. He thinks that the time has come now when much can be done among this people, through the agency of the Miss'y teacher. He wants a school for 16 girls and 4 boys at Talequah, at once, presided over by 3 lady teachers. A 2-storied-building will cost $1500.00. Other out buildings 3 or 4 hundred dollars. For all 2300.00 will cover necessary outlay. 24 girls can then be taken in as well as 16. He only proposes to take such boys as are to go into the Ministry. These he will take into the parsonage. On this is now due 800.00 the original cost having been $1200.00. $3500.00 will therefore include this. Mr. Miller went from our room to address two churches in Brooklyn, and possibly Trinity ch. in same city, to-morrow evening. Motion was made and carried to ask the secretaries to permit Mr. Miller to put this appeal before such churches as he can during his stay here.

Mr. Bryan sends on a check for 250.00 to relieve Miss Barlow, loaned by a Mrs. Harris of Warren to be backed by the society of Erie. The lot a Springville has been purchased for 900.00 instead of for $1000.00

Motion made that Mrs. Walker shall confer wi
Meetings for Mrs McFarland Dr. Kendall and Roberts to arrange for meeting
with Mrs. McFarland. The matter of Miss

and the little girl she has taken to be referred to the Com^tee of 3. The secretaries having been invited to a conference, the first point put before them was the motion made regarding Mr. Miller making an appeal for his boarding-school before such churches as he can during his stay. Dr. Kendall thought he might make the addresses but could get no money. Dr. Roberts has seen the field and is convinced of the great importance of having a boarding-school at Talegash, a much more accessible point than Park Hill, but as to having Mr. Miller remain East till he raise 3500.00 is quite another matter.

He said also that on the spot it is thought the people could do very much towards building such an institution. A Mr. Phillips of Washington has promised 500.00 and he could probably raise another 500.00 on the field. Dr. Kendall thought it was a question whether churches want men making such appeals let loose upon them. The objection was, Dr. Roberts said, in giving them the endorsement of the Board. The secretaries agreed that it would be quite in order for Mr. Miller or anyone so situated to speak to ladies' societies and so work through the Woman's Exec. Com^tee, but there is a point beyond which the churches and women will not suffer. While he is here, Dr. Kendall said, let him speak as often as he can, and on his way home, let him stir up your women by the way. Dr. Roberts gave Mr. Miller and the people in Talegash to understand that the women in the East could do nothing for their enterprise until

after the next meeting of Assembly when they hope to have their debt paid off. The case of Mr. Newell was spoken of, that he had collected very little going from church to church. Far better rely upon the strong up your societies by sending your Mrs. Walkers and Mrs. Hayes among them.

Vanita-Muscogee

Mr. Adams has been decided for Vanita Mus[illegible] so is not likely to go among the Kiowas. Mrs. [illegible] Farland can come on at any time and fill the 15 appointments already made for her. She is [illegible] cerned with growing favor. Motion made to adj[illegible]

Meeting of Woman's Executive Comtee on Tuesday at 10 A. M. Present Mrs. James, Mrs. Haines Mrs. Ham, Mrs. Walker, Mrs. Knox, Mrs. Brownell, and Mrs. Quaiffe of Washington.

Meeting opened by reading of Scripture by Mrs. James and prayer by Mrs. Walker.

Minutes of last meeting read and approved - Treasurer will present report later.

"Diamonds"

Mrs. Potter of Schenectady note that Diamonds had been printed by a few boys and had been imperfectly done. It will therefore be necessary to have it reprinted here - Mr. Knowles and Mr. Martin are to be asked their prices for this same leaflet and it will be left to the Publishing Comtee to decide of which one to order 5000.

Mrs. Walker reported that Dr. Kirkwood is on his way to locate the building among the Papagoes.

The case of Dr. Marshall is still before the Board

Marshall

Motion made and seconded that Mrs. Marshall receive commission as teacher if her letters prove satisfactory. The sending of a teacher to Malad was delayed till laid before School Comtee. Mr. Boyd the map on Illiteracy is not a satisfactory one for our Comtee - as it shows mostly work among the Freedmen and poor Whites. Mrs. Knox had prepared extracts to cover the back, all with reference to school work as it is to be a map showing the schools - Motion was made and seconded that the matter be referred back again to same Comtee to alter map at discretion and report at next meeting it being desired that moral darkness rather than illit-

Mrs. Knox was requested to report progress with calendar, getting estimates and having it in as permanent form as possible so as to cause but little alteration from year to year. Note came from a lady in Dr. Crosby's church as if another church could join them in raising Caldwell's salary at Samaria as they felt unable to promise the whole. Mrs. Phillips resignation came before the School Com^tee to-morrow, also Mrs. Adams going among the Kiowas.

Miss Stryker a Methodist

Miss Stryker being a Methodist the doubt was expressed whether the Board would feel willing to commission her as matron at Whitehall Seminary. Motion carried that the be referred back to the secretaries to ascertain if an exception could not be made in Miss Stryker's case as she will not be a teacher. A laundress is needed at Sitka as well as matron and seamstress.

Mr. Haines has written Dr. Jackson on the subject.

Mormonism

The leaflet on Mormonism will be sent to Mr. Eaton to ask for revision if necessary before reprinting. Discussion was held as to combining the pyramid showing comparative view of expenditures in the United States, with the map or with some leaflet. Motion made and seconded that the pyramid be printed on the back of the map and also in the Presbyterian H. Missy. The various visitors at the rooms were mentioned, Mrs. Quaiffe of Washington, Mr.

Motion made and accepted that this report be accepted also that bill for current expenses be paid.

Mr. Joy having been in the office during the week was inclined to think that we should have [illegible] liberty in taking up new work, moved to it by seeing a statement of some of these very expenses. Mr. Haines, in view of this, thought it would be well to have a copy of the Treasurer's report sent in to the School Com^tee to-morrow, that they may see just what expenses come to us and how great our increase has also been. Motion made and seconded that Mrs. Bond send in such a statement, also that she put in the Pres. Home Miss^y, an appeal to have a greater increase in gifts to meet the work before us for the coming year. Mrs. Knox gave several reports of work done in the interim, one of which was called upon Mr. Ralph Wells, to interest him in presenting Home Missions before the Sunday Schools. He is just now much interested in the Foreign work and has not gone at all into Home Work. Mr. Wells said access must first be obtained through the Superintendent and they were moved by the women of the church. Mrs. Knox therefore thought that she could put the importance of addressing Sabbath-Schools before the Ladies' societies when she met with them. Moved and seconded that the Board of Home Missions be invited that when speakers are wanted to address Sabbath Schools we have women here who are equal to the work. Motion was made and seconded that a paragraph be put in the February no. of Pres. Home Miss^y, and the women of the church to unite in prayer for Home Missions between the hours of 7 and 9 in the morning by request of Executive Com^tee.

Importance of reaching Sabbath Schools.

Mrs. Boyd presented 3 small bills for leaflets etc, which were ordered paid. Mrs. Haines brought up matters which were to come before the School Com^tee to-morrow. First, that we ask to build the boarding-school at Talequah, feeling confident that we can raise sufficient money without interfering with work already engaged in; Mrs. Knox having a practical plan of obtaining it.

...t to build ...l at Talequah.

Mrs. Walker reported four matters which Mr. Boyd requested to be brought before us. First, sending a teacher to take Miss Leonard's place. The salary is pledged and all that is wanting is a name to be sent in to School Com^tee. Mrs. Haines will request that Miss Sorrensen be continued there at present and Miss McNair will be considered. Mrs. Knox looked over the list of teachers and gave the names of several competent teachers who are musical. Mrs. Knox is requested to write to Cleveland to inquire about Miss Gee for Malad, Mr. Knox writing that a teacher is wanted at once there. One who is musical will be most acceptable as well as one thoroughly competent to teach. Mr. E. M. Knox is willing to help his wife till one is found but is much pressed with work. Another point to come before the School Com^tee is adjusting scholarships in small boarding schools. The Com^tee thinks that the sums of money sent in for scholarships should not be sent on in an irregular way. A sum ought to be settled upon to enable teachers to take in a child when wanted to board with them. These girls taken in in this way are of great use to the teacher as well as being companions for them in

their loneliness. Smaller sums ought to be sufficient in such cases than is required for a regular boarding pupil. The necessity is to control the sending of money for such purposes by anyone whose interest may be aroused in such a case. Mrs. Gamers the number of children allowed to a teacher ought be limited to two, unless the school is a regular boarding-school. Mrs. Knox thought the sum ought to be stated, for instance, 1.00 a week, to be allowed for the board of such a child. Motion made and seconded that the number should be restricted to two, with exceptions when found necessary. The School Comtee to be asked to allow the teachers to take one or two children at most as boarding pupils when desired. Mrs. Walker received definite instructions as to explanations to be given to the School Comtee, so they might realize the importance of regularity in these matters; a quarterly report to be required from the teachers.

Boarding-pupils with teachers.

Mr. Boyd was called in to put the statement of Albuquerque before the Comtee. He read a notice received from the Commissioner on Indian affairs, informing the Board, that the Government will take possession of the School buildings at Albuquerque on July 1st, that any sale they may wish to make of property could be effected before that time. Mr. Hanley writes from Isletta, not far from Albuquerque that he has a large school of 72 boys there in a rented [illegible]

Government takes possession of Albuquerque-

and

School at Isletta

The idea occurred to both Mr. Boyd and Dr. [illegible] that a school building might be put up at Isletta as land cannot be very high at that point.

Otherwise, the whole region will be in the hands of the Roman Catholics; We can look for about 4000.00 in return for what we now own at Albuquerque. New buildings would probably cost from 5 to $10.000. They would be of adobe or brick. Mr. Boyd spoke of a letter from Mr. McMurray offering to go to Mora, his wife to assist him. Motion made and carried that we present the names of Miss Gee for Malad and Miss Caldwell for Lamania, to be sent to the School Comtee to-morrow. Dr. Jackson has been asked to look up the needed assistants for Sitka and to send their names here and Mrs. Jackson was asked to see them also. Motion made and seconded that we ask the secretaries to allow us to order a team of mules or oxen for work at Sitka. After recess was taken Mrs. James read a letter from Herain telling of Miss Best's lonely condition at Wellsville. Miss Nutting thought it would be well to have another teacher put in the school and Miss Best to be allowed to do missy work instead of teaching till she is ready to leave Wellsville at the end of the year. Resolved that the School Comtee be requested to allow us to send a teacher to Wellsville to overlap Miss Best's time. Mrs. Nivin read letter from Mrs. Levi Hamilton expressing a desire on the part of societies to have some information from the field, letters from teachers and facts of interest. The fact that letters from teachers are constantly copied for use of societies cannot be known by Mrs. Hamilton. Mrs. Nivin suggested that a paragraph be put in the Pres. them and to apply to the Exec. Com^tee for facts or copies of letters as often as needed. Motion made and seconded to this effect. Motion made and seconded that we have additional help in the office.

Mrs. Grier suggested as assistant in the office.

Mrs. Boyd suggested asking Mrs. Grier if she could come in at her own convenience and give this necessary help. It was put in the form of a motion and carried. Mrs. Haines made a motion that Mrs. Knox be relieved of dep^t no 3. so securing more time for S. School work giving it over to Mrs. Grier. Mrs. Niven spoke of the desirability of asking for requests for special prayer from Mrs. teachers and others at the monthly prayer meeting. It was favorably thought of and decided to be brought up at the prayer meeting to-morrow. Letter had been received from Miss Fanny Purley giving items of expenses at Springville.

Miss Fanny Purley's indebtedness.

Mr. Leonard had purchased furniture for her school-room just before death and not liking Mrs. Leonard to bear the burden of it, she paid her out of her own salary. The letter was put in Mr. Boyd's hands to hand Mr. Boyd to pay if found correct. Miss Beekman writes to ask if she may use a temperance text-book in school as she has already been having a temperance meeting once a week. Motion seconded that she be allowed to do so. The outline of study prepared by Prof Millspaugh is to be requested to be brought to School Com^tee for immediate action. Mrs. Haines reported list of Syndical members is now ready in printers' hands. 2000 copies ordered. Mrs. Knox spoke of trying to form a Home Mission organ

in every Sabbath School throughout the Country, and has asked the permission of the secretaries to allow her to send the leaflets on the subject together with an article she has prepared for the purpose of interesting teachers in the Talequah school. This paper she read to the Comtee who found it delightful and gave it their hearty approval. Moved and seconded that this article be published at once. Secretaries came in for consultation with Comtee at half-past two.

Dr. Kendall thought it would be best to feel our ground in that neighborhood first before bringing down the ill-will of our opponents upon our heads.

Dr. Kendall thinks it a false statement that the Government intended to establish a school on ground already occupied by us, and Mr. Hanley has been written to to that effect. But he has heard with dismay that the Government is about to displace all the Republican officers through that section, and filling their places with Democrats. Mr. Boyd said that Laguna and Isleta are the two most enlightened points in that region. Dr. Kendall thinks there is no chance for us to receive more than half what we have laid out at Albuquerque. Mr. Knox's assistant was then brought up. The secretaries were glad to hear that the school continues so large. The sending of Miss Caldwell to Samaria was then spoken of. The secretaries had sent Mrs. Phillips her commission, thinking she would soon change her mind and remain as matron. The Comtee feel disinclined to continue Mrs.

Phillips and think Miss Burke would make a good
matron. Another reason for this is that Mr. & Mrs.
Phillips are just about going into the Mauce and a
matron is still needed to oversee the school.
The secretaries thought it would be well till Mrs.
Phillips was again heard from. Mrs. James then
of the teachers taking in one or more children to board
for the sake of their companionship and service.

Boarding of children with teachers.

The number to be limited to two and the expense
not over 75.00 a year, and as much less as the teacher
can make it. Mr. Boyd asked if this was decided
only in schools where there is one teacher. The answer
was that the thing existed where two or three teachers
were employed but where they lived separately. Dr.
Roberts put the other side of the question before the
and thought it caused unpleasant feeling some
this selection of children for some personal attraction.
It would be nice to insist on good reasons being given
by the teacher in selecting a child to give a home
in this way. Dr. Roberts felt it would be nice to
limit the number to one. Miss Best's case was
brought up and the secretaries agreed that Miss
Best was not in condition to be left alone, and it
would be well to let her go as soon as she wished
Park College. A teacher could therefore be placed
there as soon as one is found. Mrs. James mentioned
that a lady in Washington had told of a section in
Arizona of which Hickman is one of the towns

Mrs. James to write out a statement of it for

Pres. Home Missy. and said that Mr. Boyd would write Dr. Kirkwood to look into the case and see what could be done. The secretaries were then asked if the pair of oxen or mules could be purchased for Alaska. No definite answer was given. Mr. Boyd was asked if the Comtee felt inclined to have Mrs. Marshall as a teacher in a neighboring place, while her husband shall be employed as evangelist under the Board. The Comtee had already decided to do so provided her papers prove satisfactory. Mr. Day writes the land he has purchased cost him 415.00. Mr. Boyd thinks it will be a very good thing to secure it as it will prove an excellent site for a church. The purchase was approved by all the Comtee.

Mr. Hartt's estimate of the building among the Papagoes is for 4500.00. The first call was for 3000.00. The opinion is that Phila. will raise the remainder of the money after the building is put up. Mrs. Harris expressed the hope that money would be reserved to pay the note due on 8th of Feb. Moved and seconded that a vote of thanks be sent to Mrs. Henry of Warren, Pa. for the loan of 250.00 for Antonita. Resolved, that 2000 copies of Plea for our Envelopes, are desired if printed, by Missy Society of Dr. Cuylers church. Resolved, that Miss Hull be allowed 25.00 for purchase of appliances for her work; also money for medicines. Meeting adjourned.

Meeting of Woman's Exec. Comtee on Tuesday at [illegible]
Present, Mrs. Walker in the chair, Mrs. Haines, [illegible]
Nicin, Mrs. Roberts, Mrs. Langdon, Mrs. Boyd, [illegible]
Mrs. Honeyman, Mrs. Ham, Mrs. Knox, Miss [illegible]
and Mrs. Brownell.

Meeting opened by reading of Scripture by Mrs. Walker and prayer by Mrs. Haines. Minutes of last meeting read and approved. Treasurer presented no report because of its being the first of the month. Mrs. Walker has rec'd no answer from the Board regarding Mrs. Marshall. The Board accepted Miss Stryker and she had been to the rooms and received her money and commission to go to Whitehall Seminary. Mrs. Maxwell Phillips had written again to say she did not wish to [illegible] unless with the same salary as a regular matron.

Motion made and carried that Mrs. Phillips [illegible] ignation be accepted by the Comtee and the Schools Comtee be informed of the fact. The Laundress, [illegible] and seamstress are to be allowed for Sitka. The permission of the Board has been obtained to [illegible] up the building at Talequah. Also a chapel on the Bench at Salt Lake City, belonging to Westminster church. But in both cases the money must first be raised before the buildings are commenced.

been done in regard to her. The removal from Albuquerque to Isleta was favorably thought of, and still under consideration. No decision has been given regarding the pupils boarding with teachers.

Mrs. Walker gave her testimony to Mr. Bryan's character and qualifications for the work at Albuquerque. Thinks he is doing excellent work and showed the Comtee reports of scholars which it was ordered to be sent to the School Comtee. Motion also seconded that we inform the School Comtee that it is the desire of the School Comtee to have Mr. Bryan retained at Albuquerque. Miss Purley's bill was ordered paid by the secretaries after learning the particulars of her change of post. Mrs. Knox has seen a plan of Mrs. Dodge's for boarding-school buildings which she thinks will be found to be very desirable.

Mrs. Sherry of Dr. Crosby's church, sends word that they will support a teacher at Samaria entirely. We can send Miss Bronson to fill Miss Best's place whenever she shall resign.

Mrs. Knox reported on the calendar, the offers that had been made her by two different printers.

Mrs. Knox had not made much advance with the map of moral darkness. She asked for directions to enable her to continue her efforts. It was left in Mrs. Knox's hands for further investigation, to report at the next meeting. 5000 copies have been made of Why we move time for the Masters' Work. A letter had come from the authoress of this which was published under the name of Twilight's Reflections in Pres. Home Miss Y, expressing great gratification

unfortunate occurrence. The promises of the Indi[illegible]

of the teachers gave a vivid account of the sad

at once pledged themselves to put up a one-storied building at once. They think as the people are interested and are eager to begin the work, it would be well not to dampen their ardor by tardy action. Motion made and seconded that a conference be held with the secretaries as to what had better be done at Park Hill, so different advices coming from the spot.

Mrs. Boyd read short article she had prepared for the Pres. Home Miss y on raising money for the debt.

Alison's Leaks.

Mrs. Nixon stated that Miss Alison had written from Santa Fé that the rain and mud comes thro' the roof on articles in the room. She begs for assistance. Motion made and seconded that this matter be brought for conference before the secretaries. Mrs. Harris spoke of the valuable assistance we had received from our vice-president from Colorado and that as circumstances will call her away through the summer it is an important matter how we shall fill the vacancy.

Mrs. Knox too is soon to start on a long journey; her place will have to be filled. Motion made and seconded that the Com^tee of 3 have power to fill these vacancies. Mrs. Knox mentioned Mrs. Low of Brooklyn as very competent to help in the office if such should be needed. She could not be here regularly. Mr. Gillespy of Box Elder, writes of the difficulties they have met with of late thro' the Mormons. He speaks of the importance of this point the fifth in size in the Territory. They need a new building greatly. The money they have promised them from the Board and the Exec. Com^tee is not sufficient to warrant them to begin, $950.00 in all.

Meeting adjourned for lunch, after which the Comtee of 3 reported that they recommend Mrs. Finks of Colorado be invited to come to the office as soon as possible for the summer, to help here wh Mrs. Walker is away. Mrs. Knox gave the name of Mrs. N. S. Lowe, 1548 Pacific st. Brooklyn, as one who might possibly be useful. The Comtee rep that Mrs. Grier has been most helpful in the offi and very regular as well as prompt in attendance

The secretaries came in for conference. The Fé matter was first brought up. Dr. Roberts suggested that Dr. Jones be written to, to find out the cost of a new roof to Miss Allison's building

Santa Fé new roof.

Next the fire at Park Hill was discussed. Dr. Kendall recommended that Dr. Timothy be consulted first and that the school be carried for the present, in Mrs. Foreman's house. Motion made and carried to that effect. Dr. Rob

will write John Ross and Miss Bodine.

The Comtee called the very earnest attention of the secretaries to the Brigham City church, so very much needed. The secretaries said it must be brought before the School Comtee in the Spring when planning for the next year. The sending Miss Fidelia T. Gee to Tamaria was then discussed. It was advised that the responsibility of the decision be put upon Mr. Martin and if the building is ours, Miss Gee might be sent. But it is doubtful if it be wise on account of its being new work. Mr. Boyd says the Woman's Exec. Comtee have a building there which is paid for.

Letter from Mrs. Willard were spoken of, evidently she and Mr. Willard hope to return to Alaska.

Dr. Kendall, on the subject of Albuquerque, said, he was in Washington, and on talking over the subject with Mr. Seeley found he was in favor of going to Utah and the Government will help as they ~~have~~ at Albuquerque at least in the day-school. The secretaries feel much encouraged with the prospect of the new school, but nothing yet known about the probable cost.

Dr. Roberts advises that Mrs. Walker write Dr. Kirkwood with regard to Mrs. Phillips asking him to go to Mora and report on the situation, as neither of the secretaries agree as to the wisdom of accepting Mrs. Phillips' resignation.

Mrs. Haines reported that Mrs. McFarland has appeared and she has been visiting societies in New York. It was resolved that Mrs. Knox be requested to visit as many Sunday-Schools as possible also that the Comtee write to the Superintendent of Dr. Hall

Sunday-School saying that they would like to h

Meeting of Woman's Exec. Com^tee on Tuesday at 10 A.M. Present Mrs. Cames, Mrs. Hanies, Mrs. Roberts, Mrs. Walker, Mrs. Ham, Mrs. Knox, Mrs. Elmer, Mrs. Niven, Mrs. Finks of Colorado, Miss Hanies & Mrs. Brownell. Meeting opened by reading of Scripture and prayer by Mrs. Cames. Minutes of last meeting read and approved. Mrs. Knox reported that she had exhibited the Stereopticon in Brooklyn in company with Mrs. Ham. The result was not altogether satisfactory and further attempts will be made to obtain better results. She has had an application from Indiana for it to be sent there, making with others 12 in all already. Motion made and seconded that Mrs. Ham be added to the Com^tee on the Stereopticon. Also that every effort be made to perfect it, at any reasonable additional expense.

Stereopticon perfected.

The secretaries advise giving up the publication of a large map as suggested, and favor instead, small maps attached to the catechism being prepared by Mrs. Knox for the instruction of Sabbath Schools in Miss'y work. These are to be in leaflet form. Motion made and seconded that Mrs. Knox prepare these catechism leaflets to be issued once a month on the different fields in succession. A note to be made at end of the questions, that the answers will be found by careful reading of the Pres. Home Miss'y.

Catechism [illegible] with [illegible] maps attached.

Motion made and seconded that this matter be referred for consultation with the secretaries, before decision by the Exec. Com^tee. Mrs. Roberts and Mrs. Knox to go before the secretaries. Mrs. Knox has culled from the children's department of Pres. Home Miss'y

the most telling stories to be printed singly as some
leaflets. The Com^tee on Publication is to decide on the
Children's Leaflets. articles. Certificates for the use of Sabbath-School
are now ready and many have already been sent.
Mrs. Kunz asked how she could put the letters
the Tahlequah School before Sunday-Schools. The
Tahlequah Lord Ter and S. Schools matter was referred to the Com^tee on Publication.
After some discussion on the power held by the dif-
ferent sub-Com^tees, Mrs. Haines moved that the
Publication Com^tee have power to decide on the above
matters without referring them again to the Exec. Com.
Mrs Finks Mrs. Finks of Colorado was introduced to the Com.
who gave her a cordial welcome. Mrs. Leonard had
responded to the letter of sympathy sent her by the
Miss Polk's death. Com^tee. Resolved to send a letter of condolence
to Mr. Polk on the death of his sister, also that Mrs.
Sunderland be asked to prepare an article on Mrs.
Polk to be published in the Pres. Home Missy. Mrs.
James is to see Miss Sunderland personally.
Unfinished business was left till Mr. Boyd
Miss Stryker come in. Miss Stryker joined the 1st Pres. ch. of
Brooklyn before leaving for her post in N. Carolina.
Miss Nutting writes that Miss Best is somewhat
Miss Best better and she thinks she can continue without
further assistance for the present.
Miss Gee & Miss Bronson If Miss Gee decide not to go to Samaria, Miss
Mrs. Phillips to have full salary. Bronson can be proposed to take her place. The
School Com^tee advise paying Mrs. Phillips the
full amount she wishes, altho' the Exec. Com.
do not approve of so doing. Mrs. James reported

also is coming nobly to the front. Mrs. Knox was present at a meeting in the University Place Church, which Mrs. McFarland addressed. Miss Gould of the Hydah Mission is supported by Miss Wheeler's society. Miss Wheeler writes that 2000.00 has been appropriated for this school but has never been sent them by the Board. The Goulds are therefore very much discouraged. Mr. Eaton was asked to come in and report on this subject. He said that the 2000.00 had been received for the Hydah Mission 4 years ago.

A few months afterwards the amount was given to Dr. Jackson and supposed paid till long afterwards. Mr. Gould has not been persistent in making a statement of what was needed. The saw-mill was to have cut the lumber for the buildings, and for this they have also waited. Mrs. McFarland states that the saw is now broken. Mr. McCleod writes that he has sawed 26.000 feet of lumber at a cost of $100.00

McCleod

Mr. Boyd said the Board has nothing to do with Mr. McCleod, and the secretaries of the Woman's Exec. Com^tee should obtain information of Mr. McCleod. Mr. Eaton thinks a letter from Mr. Hill would give all the facts in the case. Mrs. James requested Mrs. Harris to write Mr. Hill inquiring what are the difficulties. Mr. Eaton's impression is, that 4 or 500.00 were expended on the building there but the rest was expended elsewhere. There were various reasons given for this; one was that Dr. Jackson had purchased the lumber but was unable to land it at Hydah, so it was taken to another point.

Mr. Boyd presented Mrs. Boyd's report.

Mr. Eaton thinks our chances for coming out at the end of the year without a debt on this year's ou[illegible] are good. 7000 still remain as our share of the debt.

Mrs. Nixon presented a bill of 90cts for postals used for Monthly Prayer Meeting. Bill from Mr. M[illegible] for cards, circulars, etc. $160.25

Mr. Eaton has conversed with Mrs. McFarland on Mr. Gould's difficulties and has asked her to g[illegible] a statement from him as to what he really need[illegible] this summer. The thing was decided that the fi[illegible] lumber cut by the Saw-Mill should go to Mr. [illegible] rather than to Sitka. Mr. Eaton thinks much of the trouble arises from the non-communicativeness of Mr. Gould. No complaints have come to the Bo[illegible] but they are met with in many other quarters. [illegible] Eaton says letters shall go from the secretaries by [illegible] next mail making the necessary inquiries. Mr. [illegible] Kung read extracts of a letter from Mrs. Gould to [illegible] Wheeler, stating that the Boards were saved by the Saw-Mill, but no windows, doors, or nails for a[illegible]ing were to be seen. They felt disinclined however to carry their troubles to the Board under the pres[illegible] state of their finances. Mr. Eaton thinks another source of trouble lies in the lack of harmony betwe[illegible] Mr. Gould and Dr. Jackson; Mr. Gould think[illegible] he could put up his own building.

Mrs. James spoke of Miss Morris' needs at Fu[illegible]

Agency. Mr. Eaton said a large amount of money had been expended on the buildings at Sisseton Agency and yet but little shows for it. The difference in Miss Morris' condition under the Board and under the Congregational Society consists in the fact that she is now running a large boarding-school and before had only a small day-school. Mr. Eaton stated that most of the large boarding-schools are paid monthly in advance, that is, on their application for having it so done. Mrs. Niven read a letter she had received from Fr. Kirkwood in answer to one she had been requested to write him by the secretaries. He says they are much in need of a new building at Santa Fé, but a new roof would relieve the immediate necessity at present. Mr. Eaton says the difficulty in doing anything there is that the title to the property is not clear, and till the matter is looked into by some lawyer it is useless to make much outlay there. Half of the ground only is ours, but the building itself is clear of difficulty. Mr. Eaton having finished his statement, Mr. Boyd was asked to report on the unfinished business.

The School Comtee has decided to go on with the work at Albuquerque, at that point or some neighboring one. They agreed to send a teacher to Samaria, leaving it to the Exec. Comtee to decide the person. At Pajarita they will buy the building that Mrs. Winters' wishes provided they find everything all right in making their inquiries. At Box Elder they will allow them to commence their building when the money for it has all come in. Mr. Phillips is to

Mrs. Bryan has been permitted to raise the money for the Sisseton Agency. The shoemaker wanted at Sitka by Mr. Kelly is to be granted. Dr. Hill's report on Park Hill. No action will be taken till word is received from him.

Dr. Jackson to be written to regarding the Goulds.

The request for a teacher at Hoonyah, Alaska, is to be inquired into before decision. Recess was taken at one o'clock. Motion made and seconded that our secretary be requested to write Dr. Jackson asking what had been done with the money originally sent him for Mr. Gould and how much had been directly expended for him. The information when received be sent to Miss Wheeler.

Book of Registry in Office

Mrs. James stated she thought it would be well to have a book of registry in the Office which would show just what action had been taken, who had been written to, etc, etc, an index of the work done at each meeting. After some discussion on the best method of carrying out this idea, a motion was made and seconded that the matter be referred for consideration to the Comtee on Publication which meets to-morrow. Motion made and seconded that Mrs. Nevin's name be added to those already on this Comtee. Motion made and seconded that every leaflet published by this pass under a final revision of two of the Publishing before going to press.

Dr. McNeice and Mr Blohm

Dr. McNeice writes that he is very glad to have Blohm as a helper in the work as he considers him every way competent and full of zeal.

He mentioned a Mrs. Reed who would be

great service as a visiting missionary should the Exec. Com^tee feel like pledging themselves for 25.00 a month for her support. Motion made and seconded that this letter be referred to the School Com^tee with the urgent request that they give it favorable consideration.

Motion made and seconded that Mrs. King report the work at the monthly prayer-meeting to-morrow, at which Mrs. Langdon will preside.

A report of work among the Freedmen was read.

Work among Freedmen.

The school at Gainsville and — prospering, Mrs. Hallock having given up room after room for the use of the scholars. The school in Crockett, Texas, is started and opens most favorably. A number of others were mentioned all reporting favorable progress, and some wonderful revivals among the students.

This long and interesting report was handed to Mrs. Roberts to make extracts from it for the Pres. Home Missy.

Mrs. Walker reported several answers from teachers

from teachers boarding-pupils.

she addressed asking for information on the subject of the boarding-pupils. In some cases out of fifteen the support of these children comes from societies, the rest are kept at the expense of the teachers. Various opinions were expressed in the letters on the advisability of having these children as companions for teachers.

Mr. Dayon the subject.

Letter was also read from Rev. Mr. Day. He expressed the opinion that no child should be rec'd in the house of teachers without some compensation from the parents. A fixed price for board should be fixed upon where the parents are able; when they are too poor, still some compensation could be given

or work expected from the child. The board sh[illegible] in no case be gratuitous. The taking of these child[illegible] should only be permitted by such teachers as are [illegible] to be qualified for such guardianship. The [illegible] considered generally, a fair price to allow for [illegible] is 1.50 a week. Miss Alice Robertson, who had [illegible] come in, gave her experience with the girls under [illegible] care. She asked if she was warranted in having [illegible] little comforts in her home, which they would [illegible] find among their own people, most of the pupils [illegible] paying good board. Mrs. James thought nothing that could be called a luxury should be given the[illegible] and for the most part very simple fair. Mrs. Haines thought that this taking of pupils to board would have to be recognized but we must have [illegible] case reported here. Mrs. James thought the cl[illegible] for the children might come from societies as the teachers could not be supposed to have time for m[illegible]ing garments. Mrs. Walker having rec'd full in[illegible]tion from the teachers, it was resolved to place [illegible] matter in the hands of the School Com^tee as a recommendation. The amount fixed to be 75[illegible] the child expected to work in addition, but in [illegible] separate case it should be reported here. The [illegible] of such pupils to be limited to one for each teach[illegible] It was left with Mrs. Walker to prepare a resolution to place before the Com^tee of 3 to-morrow before [illegible] presented to School Com^tee.

Meeting of Woman's Exec. Com^tee on Tuesday Mar at 10 A. M. Present Mrs. Haines, Mrs. Ham, Boyd, Mrs. Finks, Mrs. Baker, Miss Clyphant, Mrs Haines and Mrs. Brownell. Mrs. Ham was asked to take the chair, no vice-president being present. Meeting opened by reading of Scriptures by Mrs. Ham and prayer by Mrs. Haines. Minutes of last meeting read and approved after necessary corrections.

+ Treasurer read report, showing large advance on last year, and quite a diminution of the debt. + Bills presented for printing leaflets $90.00 for 31.00

Printing other matter 9.75. Motion carried that these bills be paid. Matters from previous meetings.

Map and Catechisms

Secretaries approve of the small maps attached to the Catechisms, but they will not be issued till next Fall. They advise more attention be given to the quality of our printed matter, so it is thought to see Mr. Martin on the subject, inquiring if by doing all our work, he can make sufficient reduction to enable us to employ him. The leaflet on Miss's exercise for Sabbath Schools will be sent out, with Primary Dept at the head of it. Motion carried that the Pub. Com see Mr. Martin as above suggested.

Mr Gould

Mrs. Finks wrote to Mr. Gould as was directed in minutes. The investigation is in progress. Dr Hill has written to Dr. Kendall and the secretaries will leave it to Dr. Hill to put up a larger building at Park Hill, so money can now be applied for that purpose. The necessity of a teacher at Hoonah has not yet been decided on. Mrs. Haines will be inquiring again, before the matter goes before

School Com^tee. Motion carried that the employing Mrs. Reed as a Bible reader in Salt Lake City be sent before the School Com^tee, at their next meeting.

Lake City Utah Reader Fund

Mrs. Newell's name will be added to Mrs. Reed's and Mr. Boyd consulted as to the sending of the request to go before the School Com^tee. The paper prepared by the Com^tee of 3 to go before the School Com^tee on the subject of pupils taken into the homes of teachers, was read to the Com^tee. The paper gave the substance of the letters rec'd from the various teachers, and the request was made that the taking of such boarding scholars should be permitted by the School Com^tee provided the rules laid down by the Exec. Com^tee in so doing shall be strictly complied with by the teachers. Motion carried that this paper be sent in to the School Com^tee with an earnest request that it may meet with favor.

The W. C. T. U. of ~~Texas~~ New Mexico, wish to send a book on Hygiene for Young People to the teachers in the different schools, if the Exec. Com^tee shall consent. In which case they ask for a list of teachers in New Mexico, and will see that they receive the books. The book being well recommended, Mrs. Boyd will examine it and if it meet with her approval will send the society the desired list of teachers. Miss Haines had met Miss Green on the subject of Mrs. Green's picture. The Com^tee accepted her report and made a motion that the Com^tee be continued with power and have the picture ordered. 30.00 was ordered paid to Miss Shields for her services in attending meetings in the month of January.

for her services in attending meetings in the month of January. Mrs. Haines suggested that Miss Shields represent the work in New Mexico at our Annual meeting. Motion carried that when her money is sent her inquiry be made whether she will hold herself in readiness, if it should be desired, to attend the Annual meeting and represent New Mexico.

Miss Shields to be asked to attend Gen'l Assembly.

A letter had come in from a daughter of Mr. M[illegible] of the Tahlequah school. They had secured the Cyclostyle and had sent the circulars they had prepared. They intend sending out a Monthly report of [illegible] directly from the field.

The letter to Mr. John J. Polk has been written.

Mrs. Ham reported that a teacher at Box Elder had been supported by the Brooklyn society but were uncertain whether they would be able to fulfil their pledges this year and continue the full salary. So as to giving them help towards the building, they were not prepared at once to decide.

Dr. Kendall brought in two letters from Mrs. Young which he desired the ladies to read and return with their opinion.

Mrs. Haines to Sitka. at the office but had not her papers here in time to go before the School Com^tee, but Mrs. Haines was told she was safe to make her preparations to go.

The School Com^tee will be requested to examine her papers at their next meeting. Mrs. McFarland had mentioned some one for the laundry at Sitka. Inquiries will be made regarding her. Teachers are wanted at Payson and Wellsville when Miss Best shall leave. Mrs. Knox has been making efforts to collect pictures of points desirable for the stereopticon. Another trial had been made of it in Mrs. Haines' parlors and it was more satisfactory. Miss Haines, however, thinks it will only serve for parlor entertainments or for small lecture rooms, as an oil lamp does not give a strong enough light for a church. It was resolved to have it stated in sending it out that this is the case. In New York and vicinity a man with gas appliances could be had at a small extra expense. Mrs. Haines reported friends coming in every day.

Mrs. McFarland's arrangements. Mrs. McFarland is anxious to visit her sister in Kansas City before the middle of April. As she could attend the Annual Meeting of the Board of the S. W. at Kansas at the same time she might combine the two. The question is whether to have her back again to address societies still asking for her after this visit. Dr. Kendall advises her doing so as he will go with her through Penn, and many societies are still expecting her. Motion carried that Mrs. McFarland be invited to return and continue visiting societies. A discussion was held as to the Indian child with her, whether she added

sufficient interest to the meetings to warrant p
her expenses about the country. It was resolved
appeal to Dr. Kendall for advice.

Disposition of legacies.

Two legacies having been received with no ins
ions as to their disposal, the question arose as
whether they should go into a permanent fund
to the debt, or into the general fund. Motion
to confer with the secretaries in regard to this.

30.00 has come in during the last month for Leaflets. Letter having been rec'd from Dr. Jones of Santa Fé, it was read and discussed before the secretaries should come in. They have had the promise of the Academy on the hill free of expense for the coming year, if the insurance and water tax be paid. The objection to the building is that it is so far from the centre of the town. They are holding school in it temporarily for the present, on account of the leaky roof in their own building. He discussed the teachers that would be necessary for another year. An application came from Rev. Milton Green, New Mex., for a Mrs. Wilson who would like to work with the Rev. Mr. Gulick at Las Vegas. She had made an unfortunate marriage and wanted employment in a field at a distance from her old associations. An opening occurring at Albuquerque, she might fill that vacancy at present.

Mrs. Stuart Dodge writes that she would like to come down and confer with Mrs. James and Com^tee on a letter rec'd from Miss Ufford. Motion made and carried that this letter be put in Mrs. James' hands for conference with Mrs. Dodge to employ such parts of Miss Ufford's letter as would be suitable for publication. Letter came from a Missionary Society of Phila. called Our Effort, inquiring about money sent for books to forward to Alaska. Motion carried that Mr. Boyd be requested to see that the books be

purchased and sent to Alaska, the money having rec'd. Letter from Richmond, Utah, from Mr. C. Renshaw. It was with regard to Miss Noble receiving 50.00 more than her assistant. 50.00 having come in for tuition, he asks how this shall divided; or whether Miss Noble shall keep the whole.

Money for tuition to be sent to head-quarters.

We recommend that the money be divided equally. Hereafter the money received for tuition is not to be retained by the teachers but sent directly to head-quarters.

Miss Noble & Miss Decker of Monroe Utah vacations.

Miss Noble and Miss Carrie Decker of Monroe, both want vacations this summer. A cousin of Miss Rea at Ephraim writes that she has been spending the winter with her, as her health is quite broken down, and Miss Cogle, her assistant and herself, have done all her work. She writes without the knowledge of her cousin, begging she may have a vacation this summer and her expenses to and from the East paid, as she has been six years on the field in faithful labor. A motion carried that Miss Rea have a vacation as requested, her leave of absence to commence a few weeks before the school and her traveling expenses paid. It might be proper to have her at General Assembly. Resolved to correspond with Miss Rea to that effect. We recommend that Miss Noble also have a vacation and her expenses paid one way. Mr. Eaton can give the particulars of her other vacations. Miss Decker also to have the vacation and traveling expenses paid.

Miss Rea of Ephraim to have a vacation.

Miss Noble and Miss Decker to have vacations.

Miss Lockwood's alterations at Nephi.

Miss Lockwood writes from Nephi that she has had a partition put in the chapel and has altered the school-room back of it into a dwelling-house

She wants to know what sent the Board will ask them. She was paying 2.00 a week for a better room before. A barrel has been sent here from Hammondsport N. Y. to be forwarded to Mora, New Mex. What shall be done with it?

Lyon's ... from ... Lake City.

Mrs. Lyon writes from Salt Lake City where she is spending a year and states she has visited a large number of the schools and is greatly impressed with the magnitude and importance of the work. The difference between Presbyterian teachers and others is that the former make it a life work and stay for years in one spot. She thinks one teacher should not go ~~out~~ on the field alone, the nervous strain being too great. It is much lessened when two are together.

She speaks particularly of Mrs. Green and her daughter at Gunnison as doing such excellent work.

" She approves decidedly of industrial schools. Mr. Parks is the bishop of Cache Valley, to whom all go for assistance and advice. His family is a noble one all working for the one great cause. The Collegiate Institute is the most important school in the Territory but its buildings are ~~quite~~ inadequate and poorly equipped. She approves of putting up three smaller chapels for the same sum that Mr. Newell wishes for one, as they would reach further in their influence than if concentrated at one point.

Mr. Boyd was asked to come in before the secretaries to explain the condition of things at Santa Fé.

...a Fe. N.M.

Mr. Boyd said that the garden could be used for the new building, but it would destroy the beauty-spot of Santa Fé. It was amply large enough

Buildings at Sancta Fé.

But some of the smaller of the old buildings could be torn down and in that case that would leave sufficient ground for re-building without encroaching on the garden. Mr. Boyd thought as Dr. Jones occupying the Academy; it would be [illegible] to write to Dr. Kirkwood to have a conference with him and let them decide together what is best to done. Miss Alice Robertson having been cut out her salary by losing her Gov^nt appointment, it was moved and seconded to refer her case to the secretaries. The secretaries coming in Mrs. Ham inquired if Mr. Gillespy had been ordered to begin the building at Box Elder. Mr. Boyd replied not till the money had come in for it. This is thought the third case of the kind, the others being Iberia in Salt Lake City and Talequah. Dr. Kendall thinks Mr. Gillespy could repair the present building to make it hold for 6 mos, or a year longer. Dr. Roberts' opinion is that it would be easier to appeal for the money before commencing to build, rather than begin to build now and appeal for the money afterwards. Mrs. Ham replied, the only objection to waiting was that though the summer, societies hold no meetings and if appeal is not made now it will have to be postponed till Fall or early winter. Dr. Kendall suggested getting them to pledge themselves now, for money to be paid in later.

Box Elder. Utah

Mr. Gillespy not to build yet at Box Elder.

Regarding the teacher wanted at Hoonyah for the Mc Farlands, the secretaries thought that if Mrs. Mc Farland will be unable to [illegible] her duties, a teacher will be a necessity there

Hoonyah. Alaska

Mrs. Ham then asked about paying the expenses of the Indian girl traveling about with Mrs. McFarland. The secretaries think undoubtedly the presence of the child draws larger audiences.

This being the case, it would warrant the paying of her expenses in going about.

The disposition of the legacies falling to the Exec. Comtee then came up. The secretaries think the Exec. Comtee could decide themselves what they prefer to do with them. In the Board they put them in the General Fund when not specified. With regard to Mrs. Young, Dr. Kendall said, they want to find what Mrs. Young really wants before they make any propositions to her. Motion made to adjourn.

Report on orders of previous meeting then presented.
Book on Hygiene submitted to Mrs. Boyd.
on Hygiene. Mrs. B. found it exceedingly interesting and recommends it without reserve. Mrs. Knox made a motion, which was carried, that this book be sent not only to the schools of N. Mexico but to all our schools.
The names of all our schools will in this case be given to the W. C. T. U. with the statement that those schools they are unable to furnish may be left to Exec. Com^tee. Mrs. Wmains going to Sitka is still in the hands of Sch. Com^tee. No laundress has as yet been secured. Motion carried that this matter be put in the hands of Mrs. Hann. Mr. Martin has not yet been communicated with on printing. A barrel having been sent from Bath, will be sent to the Freedmen, the destination to be left to Mrs. Coulter this afternoon.
Tunison's tion changed Mora to on Agency. Mrs. E. Tunison had been appointed to Mora N. Mex. full directions had been given her and ~~time appointed~~ for her to leave. In the meantime word was rec'd from Mora that a Mrs. Hume had been found on the spot and secured. It was therefore put before Mrs. Tunison and Sisseton Agency suggested to her instead. She took the disappointment very amiably and decided finally to go to Dakota.

She has already been heard from en route and has fallen in with pleasant friends who have become much interested in her. While writing the above a telegram came in that Mrs. Hume will not act for Mora and they are ready for Mrs. Tunison. It was decided to fill that vacancy by some one else. The legacies left to the Com^tee were then discussed. Motion carried that in this case as well as all to come hereafter, the money to go to the Fund when not specified, to be appropriated as desired. Motion carried that we confer with Mr. Boyd regarding these two legacies. The bowel that came from Sugarsuna was sent to Newyork. Sum had been rec'd, the destination of which has not been determined. Resolved that Mrs. Finks and Mrs. Baker decide this point.

Legacies

Mrs. James suggested having stated in every issue of Pres. Home Miss. the work we are encouraged by the Board in undertaking, with a monthly statement of what has been rec'd for each object.

Account of work of H.E.C. in P.H.M.

Mrs. Haines stated that while this is desirable for many reasons, on account of the opposition to movement causes among the Mormons, many have to be kept out of print. Mrs. James thought exceptions might be made in the statements published. Work among the Indians not causing any opposition. This matter referred for conference with the secretaries to-day. Mrs. Haines made a suggestion that a statement of these objects be sent to Presbyterial societies, these in turn to make appeals to the churches.

In this way no mischief would be done.

Mrs. Ham made a proposition for better securing an increase of giving among societies, that in all cases where teachers are being supported, societies be allowed to fulfil their pledges for these salaries and to promise 10 per cent in advance above these. This 10 per ct. to be sent in to Exec. Com^tee.

...ion as to ...g an in- ...of giving in ...ities.

Mrs. Boyd responded that in her opinion the sooner special objects of all kinds are done away with the larger will be the giving, the grander will be the work. Mrs. James thinks that in the Brooklyn Pres^ly they are very much hampered by local needs.

...pecial objects

Mrs. Knox stated the methods of work in Yonkers. Cards are issued to every woman in the church and the membership fees all go into the general work, each card specifying what will be given to Home Work, Foreign work and local work. Whenever the amounts fall short of what is promised the deficiency is made up out of Gen'l fund.

...s of Mr. ...

Mrs. Haines reported the serious illness of Mr. Parks while he was making a tour of Cache Valley.

...of Mrs. ...Allen.

Mrs. R. H. Allen had died on March 3rd. This is a most mysterious Providence and how her place can be filled is a serious question. Mrs. Allen had the entire confidence of the Com^tee. She was a rare woman, and her loss is irreparable. The Com^tee desire to record their deep sense of loss. Motion carried that a resolution adopted at this meeting be sent to Dr. Allen expressing the great esteem in which Mrs. Allen was held by this Com^tee and the deep loss they have sustained. Motion carried that a Com^tee of

Mrs. Roberts and Mrs. Knox prepare the resolution and send it to Dr. Allen as well as have it put in Pres. Home Miss'y.

Mrs. Knox asked if money coming in from Funds Schools and Mission Bands when not designated could be put in the Talegnah fund. It was decided it was best not to make this a rule. The 25.00 still needed for a bell at Copper City can be made by appeals to Mission Bands by Mrs. Langdon. An organ is also needed and inquiry will be made. An organ donated last fall by Rev. Mite-box calendars.

Mrs. Knox presented the new calendar with mite box attached; price 10 cts each. The envelopes will cost 6.00 per thousand. Motion made and accepted that necessary expense of envelopes and wafers be ordered paid. Mrs. Knox to attend to. A book is also needed by Clinton which was left with Mrs. Knox to procure. Motion carried that as many should be sent to the secretaries of the bytorial societies as there may be churches in the Pres^ly. As far as ascertained where the Annual Meetings have been held 10 only be sent

flets for children.

Mrs. Knox mentioned that there was a decided need for leaflets for children, and she had a number of articles selected for the purpose which would be very taking. Resolved that the matter be left to the Publication Com^tee to decide the number to be printed. Mrs. Knox has written to Alaska, Dakota, New Mexico, and other places, asking for negatives of views of the different schools. Answers came that it would cost 75.00 to 100.00 to get a photographer to take a view. So the suggestion was made that as this would be too great an expense, every advantage should be taken of obtaining photographers and views taken when possible. Motion made and seconded that we return the Camera sent us on approbation with the statement that we pay for the use of the instrument and will wait to secure good slides before purchasing. Should they refuse to take back the instrument, we will pay the bill with the proviso that if it be proved the fault is in the instrument, there should be some reduction made. A card came from the Methodist Society of Boston, asking if they may publish some of our leaflets and place their own name above them, but giving us credit for them. Motion made and seconded that the permission be granted. Mr. & Mrs. Willard are to be in town to-day and will come to the office on Thursday. They have an important matter to propose. This is, that they leave Chilcat and go to Juneau. It was proposed that a representation of the Com^tee shall meet with them and the secretaries for consultation at 2 o'clock on Thursday. Teacher wanted at Payson.

A teacher is greatly wanted at Payson. They would like to have Miss Alice McNair. They write also begging for the bill promised them 2 years ago. There are 70.00 now on hand for it.

Miss McNair proposed.

Referred to Mrs. Langdon. Motion carried. if Miss McNair's papers prove satisfactory her name be presented to the School Comtee. Miss Beckman writes from Mt. Pleasant recommending Miss McNair highly. Miss Larsen is not entirely satisfactory not having had the Christian training as teachers from the East. Her father was a Mormon but gave up that faith. Mr. J. have been doing very stirring work in their place but have been trying to draw the Presbyterians into their church, even going so far as to offer them to preach after a few months adherence to their church. The case is deemed so serious that it was referred for conference with the secretaries.

Teacher wanted at Conejas.

A letter from Mr. McLane, Conejas, stated their need of a teacher, as it had been given out that two teachers would be employed there. A letter to be referred to School Comtee. A letter from Dr. Kirkwood to the secretaries regarding a [illegible] among the Pimas and Papagoes.

Motion seconded that Mrs. Brownell see to the purchase of a shade for the window of our room before the next meeting, also 4 towels.

After recess had been taken it was [illegible]

and seconded to place Dr. Kirkwood's letter before the Comtee to meet on Thursday in conference with the secretaries. It was proposed that Mrs. Finks lead the prayer-meeting to-morrow and also present the work for the month. A Communication had come from the Exec. Comtee of Domestic Missions of the Reformed church, cordially inviting a delegation to their Annual Meeting at Tompkinsville S. I. Mrs. Haines is appointed to represent the Comtee. Mrs. Haines reported wonderful increase of interest in the Washington Presl Society, $1000.00 having been given in advance of last year. She saw the Indian Commissioner and Mr. Oberly, and Mrs. James thinks our schools will be looked after with much more care. Mrs. Walker writes that she will be back again in her old place before the Annual Meeting. She has the strong feeling that New-York will be her home and this work her mission hereafter. She is visiting churches and societies on the way and is gaining much information of the troubles and difficulties arising in the work, by seeing herself those engaged in it.

Motion carried that if we obtain the approval of the secretaries, in the circular letter to be written to the Presbyterial societies they be asked what amount they can pledge for the four objects now before us, and inform them that when the money is all in for any one of them, the work can be immediately begun. Mrs. Dodge has met Mrs. Knox and they had consulted together on the work so near to Mrs. Dodge's heart, that among the Poor Whites.

Proposition of Mrs. Dodge regarding new building for White-hall Sem-

The White-hall seminary she considers the Mt. [illegible] yoke of the South, and Miss Ufford is exerting [illegible] energy in the cause. They propose putting up [illegible] larger building at a cost of 15.000. This does [illegible] mean such a building as we would put up in North, but the plainest brick building on a stone foundation, with rough plastered walls. Mrs. Dodge's proposal is for us to pay half this sum she herself to be responsible for the other half; and we shall have a free deed and title to from [illegible] to 20 acres of ground in addition. The building will not be completed for 2 years, therefore [illegible] that time to collect the sum named. The object of the school is to train teachers, and no pupil [illegible] admitted but on the payment of 5.00 each. With 150 pupils, quite a sum will come in, in [illegible] way. Motion carried that the Exec. Com^tee appr[illegible] of the enlargement of this work and that we [illegible] appeal to the School Com^tee to allow us to go on the same. A motion also carried that we refer [illegible] paper of Mrs. Gist of Washington on the subject [illegible] the Pres. Whites to the Publication Com^tee with [illegible] regarding its publication.

Object of the school.

Mr. Martin writes that he is very thankful that buildings are to go up at Westminster and Box [illegible] but he is the more persuaded that new buildings [illegible] needed at Richfield and Richmond. General fund, or to the Memorial fund. The reply was, to the general fund, the Memorial fund to take care of itself. In the general fund it could of course be applied to the debt if desired. As to new buildings at Richfield and Richmond Dr. Roberts thinks it is too near the end of the year only 30 days remaining, to give any promise of starting some work. He thinks the two mentioned considerations should be finished first. Dr. Roberts thinks that the money and not the pledges must be secured before the buildings shall be commenced, but advises urging hasty to societies in pledging themselves to pay as the work is moving till the funds are in. Dr. Roberts stated that nothing has been heard from Albuquerque but expects an answer in a few days from Washington. Mr. Bryan must therefore wait till information is received before speaking a matter.

Dr. Roberts was asked for permission to publish a leaflet in the cause of the Sanitarium. The answer was that we must move cautiously in this line of work as the work as yet has not been put in our hands. Mrs. James said it was only to spread information, not to ask for money that she had in view in publishing this leaflet.

Dr. Roberts urged that it was desirable for us to spread ourselves on this immense field while we have already gone into the work among the Indians, Mormons and Negroes. He think that we already have in hand is what needs all our strength at present. But as regards

Woman's Board of Foreign Missions to meet in Brooklyn to send a delegate to their Annual Meeting on the 14th & 15th of April, Mrs. Ham and Mrs. Haines were suggested to go as delegates to these meetings.

Caldwell ad Idaho

Letter from Miss Caldwell, Malad Idaho, stating she has reached her destination and is happily settled with Mr. & Mrs. Fenn.

Mr. Greig who furnished the stereopticon sent in a note to say he would exhibit a lantern with oxo-hydrogen light this afternoon and would like some members of the Comtee to see them. Mrs. Fenn will attend the exhibition. The samples of bags and work for the Industrial schools having been approved by the Comtee, motion carried that Mission Bands be recommended to prepare such bags and samples of work for the Industrial schools. The samples to be put in Mrs. Langdon's hands to secure the services of young people in making them up.

Letter from Mr. Kelly to Dr. Hays setting forth the need of a pair of mules or yoke of oxen for Alaska. Dr. Hays also writes of the debt on Mrs. Barlow's furniture. The letter to be referred to the secretaries.

Coulter.

Mrs. Coulter the amt of Mrs. Allen came in and Mrs. Haines asked Mrs. Ham to lead in prayer as it would be our only meeting with her.

N.M. Arinthera

Letter from Miss Carruthers, from Santa Fé, is to be referred to the secretaries. Mrs. Ham reported that she had received a letter from Mrs. Boyd of Paris Idaho. She wished Mrs. James to look it over before they should meet again on Thursday, when it could be discussed with the secretaries.

She has been receiving no salary but has been at work a year. The opinion is that she ought to be paid. Mr. Boyd was asked to come in and report on school-work. He reported resolution to pay Mrs. Newell 200.00 for the 4 mos. work in conventions. Nothing had been voted her in addition for city work, for which we had asked 250.00. As to Mrs. Boyd of Paris, Idaho, Mr. Boyd said if we ask her make out a quarterly blank with such work as she has been doing and send it in regularly to the Board she may have something voted to her. Miss Miller has been hays [illegible] to Tafeguah. Miss [illegible] has been sent to Mt. Pleasant, Mrs. Thomas to [illegible] Mrs. Thomson has sent to Possitive Agency. Meeting of Woman's Executive Com^tee on Wednesday at 10 A. M.

Tuesday the regular day for meeting of the Exec. Com^tee proving very stormy, no meeting was held and a quorum being present on Wednesday an informal meeting was called for the purpose of attending to a few matters needing immediate action; to be confirmed at next regular meeting. Present Mrs. Walker, in the chair, Mrs. Harris, Mrs. Roberts, Mrs. Knox and Mrs. Fiske.

A motion was made and carried that the paper prepared by Mrs. Roberts in memory of Mrs. R. H. Allen of the Freedmen's Department be accepted and published in the Pres. Home Miss^y.

Letter then read from Miss Laura B. Shields of Oville, Ohio, giving account of meetings attended also an itemized bill of traveling expenses for the month of March. She stated that the local expenses for meetings in Cincinnati were mostly paid by the societies extra from the collections; desiring that the amount due her for February and March be sent her as she was in need of it. 5.00 being the price agreed upon for her attendance at single meetings, 3.00 was deemed a good price for a series of meetings; there being 15 meetings in March and 4 in February would amount to 57 in all which with traveling expenses of 18.75 came to $75.75. A motion was made and carried that 75.00 be sent her for the months of Feb. and March; (this included the 25.00 voted her which had not been sent.) Also that Mr. Boyd be asked to send this money at once.

Mrs. Kurz then desired to know how many of the leaflet, Mrs. Pickett's Miss'y box should be ordered there being constant call for it. 5000 could be prin for 35.00, 2000 for 27.00. A motion was carried that 5000 be ordered. Mrs. Kurz then reported on the Stereopticon, stating that Mr. Gregg was willing to take back the Stereopticon and slides asking the Exec. Com^tee to pay merely for the work done. A motion was made and carried that this bill of 35.00 for work done, be paid. Mrs. Kurz also reported that according to action of Ex. Com^tee she had written to various Miss'y schools for negatives from which to get good pictures and had received a number with the bills for them. Out of 15 sent by Prof. Bryan of Albuquerque N. M. 7 were so bad as to be of no use. The bill for these was 7.50. The question then arose as to who was to bear the loss of the broken negatives. After consideration a motion was made and carried that correspondence be had with Prof. Bryan stating the condition of the slides, and ascertain who packed them and who is to be held responsible for this breakage. Mrs. Kurz reported some Minister who paint pictures for his own use and would send some to the Com^tee for negatives also a correct map of Indian Ter. should they so desire.

Stereopticon returned.

Obtaining negatives from the schools.

The bills for negatives received were then presented and on motion ordered paid.

Children's Day Collection for H. M.

+ Portion of letter from Mrs. K. M. Hale asking if it would not be well to have a collection taken on children's day for the benefit of Home Missi

and some Sunday near Emancipation Day for the Freedmen as it would be a great gain to the cause and to the givers. A motion was made and carried that correspondence be had with Rev. Dr. Worden Sec. of S. Schools, in order to ascertain if there is such a day appointed, what month and day and whether the way is open to suggest a collection for Home Missions. Mrs. Haines reported Mrs. Niven stopping at the rooms on her way to Richmond Va.

Niven to Miss Ufford's school

While there she mentioned the fact of having had $50.00 given her last October by Synodical Com^tee of N. York, for traveling expenses, and would like to know what the Exec. Com^tee thought of her using a portion of this money to defray expenses to visit Miss Ufford at her School at Whitehall Sem. as she would not be very far away from it. Mrs. Niven's idea being that as this work was started by Mrs. Graham's Board, it belonged to the N. York Synod. After consideration it was resolved that as this $50.00 belonged to the Synod of N. York the Exec. Com^tee had no authority to say anything about it but would be glad of any information concerning the work. A motion was made and carried that Mrs. Haines write to Mrs. Niven to this effect.

Mrs. Haines reports receipt of telegram from Mrs. Haines stating she could meet with the Exec. Com^tee on the 21st of April having an engagement on the 20th. A motion was made and carried that the next regular meeting be called for the 21st instead of the 20th. Also as there are a few matters that could be attended to before the 21st in

order to save time, as there will be a great deal of business preparing for the conference to be held with the Board of Home Missions, a motion was made and carried that the Com^tee hold meeting on Tuesday the 13th. The 21st being the day for the monthly prayer-meeting of Exec. Com^tee, and members of Com^tee being unable to take charge having other engagements, a motion was made and carried that Mrs. Alexander invited to conduct the prayer-meeting.

On motion meeting adjourned.

Meeting of Woman's Exec. Comtee on Tuesday at 10 A. M. instead of on the regular day the 6th which was very stormy. Present Mrs. Haines Mrs. Walker, Mrs. Knox, Mrs. Boyd, Mrs. Greer, Mrs. Fuiks, and Mrs. Brownell. Meeting opened by Mrs. Knox in absence of Mrs. Walker, by reading of Scripture and prayer. Minutes of last meeting read and approved.

Mrs. Haines reported another meeting had been held by five of the Comtee since last meeting, business having come up that needed immediate attention. The minutes of this extra meeting were then read and motion made that they be accepted and action adopted. Treasurer then read report up to date which showed such great advance in every department of work that the Comtee were in-

the fact that a society supports a teacher often belittles their views and narrows their sympathies. They think of no one besides, and confine even their prayers for Home Missions work to what is being done by this one teacher. Mrs. Walker thought it must be clearly defined what the special objects objected to by the Board, consist of, as societies have special appeals made to them and yet they are told that special objects are not desirable.

Discussion on special objects.

As the result of this discussion, all that was concluded was that salaries and scholarships are not to be considered specials, any further defining of the subject being left for further consideration. X Mrs. Harris proposed that as the debt had become so reduced whatever may remain of it at the time of the closing of the books for the year the balance shall be made up from the general fund, and the fact that the debt is paid be published in June No. of Pres. Home Miss'y. X

Debt paid off.

Mrs. Henry Alexander is willing to take charge of the prayer-meeting on the 21st. The money for the Westminster ch. in Salt Lake City is nearly secured, Mr. & Mrs. Newell having rec'd 1300.00 and 700.00 having come in for it here. 2000.00 is therefore in hand. To obtain the remaining 1000.00 Mr. Newell appeals to the Board of Ch. Erection. Should they feel they cannot grant this, the money will have still to be raised. A report has come from Mrs. R. P. Boyd showing that while she has not taught school she has been engaged in City Miss'y work. We feel Mrs. Boyd's work has

has been so important, the Com^tee will beg the School Com^tee to allow us to send her a salary for what she has done - Motion carried to this effect.

Miss Florence Eaton having done very good work and given much extra time to it, it was resolved to allow her four days for a vacation when these reports shall be made up. Miss Hindman has rec'd a box valued at 300.00 from the West 42nd st. church and has had shopping done for her from time to time. We feel she should be written to and the fact made plain that it establishes a precedent which cannot be carried out with the other teachers. Mrs. Walker was requested to write Miss Hindman kindly to this effect.

Letter to be sent to Miss Hindman.

Mr. Dodge writes concerning the proposed change of name of Whitehall Seminary. She states the facts of its receiving its name from Mr. W[illegible] who suffered much in its establishment. Miss Ufford writes that the name might be retained, the old building now holding it, and to be used as a Primary dep^nt, the new building to have a different one if thought best. Repairs in the old building amounting to 185.00 are greatly needed. Miss Ufford also mentions the desire of some to have it kept open during the vacation, Miss [illegible] being on hand, and sends a statement of [illegible] cost of so doing. The length of the vacation being [illegible] it was resolved to refer this matter, with all the preceding, to the conference with the School Com[illegible] week. proposes coming to Pleasant Grove for the summer with his family to occupy her rooms. She also asks if the Com^tee approve her going to California for eight weeks. This matter of vacations expected by teachers generally is to be referred to conference with the School Com^tee. A motion carried that we recommend that the teachers have one month's vacation allotted to them; if more time be desired, application should be made to Exec. Com^tee. Mrs. Boyd suggested that the vacation of those who have fellow-workers, should be taken at different times so that the work may not be left uncared for. Letter from Rev. Mr. Day, Utah speaks of the vacations needed by certain teachers, Misses Crowell, Fischback, and Noble and that they were recommended by the Pres^ty of Utah. Resolved to leave this matter to the School Com^tee. Also that Miss Ivy be employed as assistant teacher at American Fork at a salary of $50.00. Resolved to write to Miss Pierce and others at American Fork to ascertain if this appointment would be satisfactory to them. That Miss Jenny Simonds be transferred to Wellsville to take charge of Miss Best's school, Miss Best to confine herself to Miss Y work. Approved by the Executive Com^tee.

Resolved to ask the School Com^tee to allow us to send a teacher to Silver Reef on a salary of 350.00, the money to be raised on the spot. That the Board be urged to allow the purchase of a lot at Provo^t. Motion carried that the School Com^tee be asked to look into this matter at Provo^t. The names of

Miss Miller writes from Talequah -

Letter from Miss Miller, Talequah, expressing more
gratification at hearing of the money already raised
for their school. They feel the need of prompt
action as much depends upon it. An excellent
teacher had offered her services but seeing no near
prospect of engaging her she had decided to accept
of another position. She writes for her father in
absence. It was thought best to write Miss Miller
that it would have been better to have consulted with
the Com^tee about the teacher. Mrs. Haines to write
letter. Letter from Miss Delia J. Hills sending
for rent 30.00 and for wood 5.00. Left with
Boyd to see to the payment of these bills.
Mrs. Haines asked the Com^tee what was their opin

Moved and seconded that Dr. Kirkwood be invited to be present at our meeting at ~~Indianapolis~~ Indianapolis to represent Ind. Ter. and New Mexico. Motion made and seconded that the monthly prayer-meeting in May just before General Assembly be made a Meeting of Praise in view of all the benefits of the past year and that Mrs. Fiske be asked to have full charge of it, as she has done so very successfully in the West. Motion made and seconded that Mrs. Haines decide the color and number of Birthday boxes to be ordered, samples for which had been sent in.

Praise Meeting to be held in May.

Miss Burke of Toquerville having written and sent in a bill of expenses, the decision as to Com^tee's action was left to Mrs. Boyd. Mrs. Haines stated that in conference with the Board, the secretaries report a desire to continue a school at Albuquerque.

Mrs. Walker reported 90 scholarships already held and 10 more to be counted on. This assured us of 4500 at the start if we keep the boys, as boys are the favorites with societies. A letter from Mr. Willard to Dr. Jackson asking if they could expect the Board to pay their expenses home as they had been over the stipulated time on the field. Several members of the Com^tee had met with the secretaries and the matter of the Willards moving from Chilcat to Juneau, the buildings also to be taken down there, was discussed. No decision had been

Letters to be referred to School Com^tee. Several letters were presented that could not be answered except on conference with the School Com^tee. Resolved to leave decision regarding them till that time. Report from the teachers at Mt. Pleasant as to the proceedings of the Methodists in that community. It was resolved to acquaint the School Com^tee with these facts and ask the advice for action.

Moved and seconded that power be given the secret in the office to present a number of letters to the School Com^tee on Monday next, before the conference on Wednesday.

As the Sch. Com^tee meet on April 22nd, it seemed necessary to prepare some matters for their action and also to attend to other pressing matters.

Maps of Alaska. Dr. Jackson having made a proposition to furnish maps of Alaska, showing new school work, at the rate of $4.00 per hundred, motion made and carried that 100 be ordered. Mrs. Allen's picture having been received at the office, it was moved that a suitable frame be purchased. Miss Carrie Haines to attend to it. Miss Symonds letter in regard to going to Bellville was referred to Sch. Com^tee. Letter from Miss Carruthers also referred to Sch. Com^tee.

Repairs on building Santa Fe. A communication having been received from Miss Allen advising that no extensive repairs be made on the School building, motion made and carried that the Sch. Com^tee be asked to repair the roof at small cost in view of erecting a new building as soon as possible. Mr. J. Marcellus Marshall

having written regarding furnishing books to our schools in New Mexico, motion carried that the gentleman be asked to send sample copies of the books he proposes sending.

Mrs. E. M. Knox Malad City, having written regarding a vacation asking that her expenses be paid East, motion carried that Mrs. Knox be written to that her expenses will be paid returning from her home, in Nebraska to Utah but not from the East.

A letter has apparently miscarried from Westminster. Motion carried to inquire of these matters of Mr. The vacation of the school Concord appears to be desired for only 4 pupils who wish to remain. The expense

compelled at $5.00 a piece for so doing. The consideration of the
vacation question is to be left with
Concord Mrs. Irwin and Mrs. Knox and Mr.
Boyd with power to send the answer when decided. Mrs. James
suggested that these girls might be placed in families during the
4 months or in some way work for their support. Dr. Booth being
unfit for work again and indeed forbidden to exert himself for a
year at least, the conference we had hoped for with him and the
secretaries cannot take place at
present. it is therefore suggested that
we hold it in Minneapolis if it be
impossible to do so before.
Whitney and Blohm The proposition of Mrs. Whitney to have
Mr. Blohm occupy her house while
absent in California received the
approbation of the committee and
her vacation of 8 weeks has been
granted her. Mrs. James reported
Newman having heard Mrs. Newman in a

gave almost incredible accounts of
some phases of Mormonism. She is
to go before a committee of the Senate
and has already seen the President.
Dr. Kirkwood accepts the invitation to

be present at Minneapolis.

The Committee have re-considered the praise meeting desired in May noting the small attendance at the last meeting and the fact that many now attending it would be absent. It was resolved to consider the proposition to have it occur at the Annual Meeting in Minneapolis. Motion carried to have it left to the Committee who are to make the arrangements for the meetings in Minneapolis.

The prices are too high in the boarding department young people consequently going East to be educated because it costs them no more. Other schools about them ask less and supply more teachers. He says the Liberal Institute, so called, is of no use to them whatever. Mr. Dicky only holding her Kindergarten in it. He has had estimates made of the cost of tearing this building down & erecting a new one of the old materials in part, and think it would not exceed $6000.00. The school work is advancing and propositions have been made by the Mormons to

educate their children.

The Roman Catholics are also doing active work and count on Salt Lake City as their own. It is therefore of vital importance that we hold a strong point which this building would seem to be, and he begs for the necessary funds. Motion carried that this be pressed upon the attention of the School Committee conditionally if the arrangements can be made with the Trustees.

ANNUAL MEETING OF THE WOMAN'S EXECUTIVE COMMITTEE, HELD AT MINNEAPOLIS, MAY 28, 1886.

Devotional exercises from nine until half past, Mrs Pomeroy leader, after which the opening exercises were taken charge of by Mrs. D. R. James, President *pro tem*, and opened by the singing of the 339th hymn, followed by prayer by Mrs. James.

Mrs. James then addressed the audience as follows:

We have come together again for our yearly anniversary and we are glad to look into the faces of our friends; we are glad to come up here and gain strength for the great work of the year. The year that has passed has been exceptional in the history of the Woman's Executive Committee; it has been a year of severe trial, and we come to you my dear friends, to tell you through what deep waters of affliction our Lord has taken us.

We went to Cincinnati last year burdened with debt, our hearts were heavy; we sent from our conference of members of synodical committees assembled there to the women interested in Home Missions throughout the land a call for united prayer.

We returned to the work. We sent appeals for help to those who were God's stewards, believing that God would answer prayer and send relief; but before relief came our beloved president was taken from us.

In those dark days we came close to the Master. His presence was manifestly with us and hallowed the work; the pillar of cloud by day, and fire by night was recognized, and the Master's voice saying, "Be of good cheer, it is I," came to us from the darkness.

With the load of care upon her heart our beloved president had gone into the presence of the King. She had been our leader from the first organization of the Executive Committee, always present at our meetings, cheering us by her inspiring presence, and aiding by wise counsel. Faithful to the end, she sent from her sick bed a request to a member of the Executive Committee to take her place during the months of September and October. Swiftly following came a letter dictated by her, giving the opinion of the council of physicians, that she must give up all work for a year; and two days later came the news of her death.

Later in the year she who was so efficient as Secretary of the branch of our work among the freed people of the South was taken from us. Greatly will her eloquent voice and pen and her unfailing zeal in the work be missed, and the wail of bitter grief which has come to us from the South is pathetic. Her last appeal for a school in Texas will surely not be forgotten.

But let me tell you something of the workers who remain. Let me introduce them to you as I know them, and I think you will thank God for the grace and faith of those He has called to this work, whom he has thus far spared to us.

They may prefer that I say nothing about them, but I have not consulted them, and I think you will be encouraged in your work for Home Missions by the knowledge which I can give you of the workers at 280 Broadway. The room we invite you to enter is not large or attractive; we have no money for superfluities, but we welcome you.

Here at the left of the long table before the door sits our senior Secretary. She is in her eighth year of service. The first years of our work she was unassisted, three days a week at first being sufficient for the work, but soon every day found her at her desk, and to her faithful service and great ability is due the credit of our complete organization and marvelous growth. This service has been freely given, a labor of love, the only payment received being from the Husbandman who calls the laborers into the field.

At the desk beyond sits one who, from her distant home in Colorado, at pecuniary sacrifice, came to our help in the emergency of last summer.

New York Synod lent us a third, who will soon send us greeting from distant Japan, and whose place will be filled by another helper from Colorado.

From faithful New Jersey, and cities near New York, to our semi-monthly two days' meeting, come at their own expense other members of our Executive Committee. From ten in the morning until 4:30 in the afternoon they give careful consideration to every part of the work brought before them, consulting with the Secretaries of the Board of Home Missions upon important matters, and undertaking nothing without their advice.

They bring to the mercy-seat the work, the faithful teachers, and every vexed question, that the divine blessing may rest upon all. But I must not forget our treasurer to whom you may confide any amount of money in perfect security. She has given us her services from the first, though of late we have furnished her an assistant, but the surveillance of all the work of this department comes under her care. This year in the long list of receipts, amounting to over $175,000.00, one cent was missing. Some one said, "Take a cent out of your own pocket and put it in," but that would not be right, and the long list was gone through with again, until the mistake was found and rectified.

Of our faithful laborers in the field I have not time to speak. I could not in the short hours of this morning's service begin to tell you of their devotion to the work, their heroism, their self-sacrifice. They have sympathised with our anxieties, as we have with their trials.

We hope we may be able this year to lighten somewhat their service, giving them assistance when needed, better buildings to live and teach in, and by regular and prompt remittance of salaries.

For this we look to you, in stronger confidence than ever before; we are glad to look into your faces and gain strength for our faith. We know that up and down throughout this land in our Presbyterian churches are loyal women, loyal to Jesus Christ our Lord, loyal in keeping for Him the inheritance He has given us in this land, who will take up the work, fill up the gaps in our ranks, and press forward doing faithful duty this year. If we raised $175,000.00 last year, we must make it $200,000.00 this year. Let us clasp hands with our sisters in Foreign Missions, bidding them God-speed in their work of sending the life-giving waters to the nations of the earth, and encouraging them by our earnest efforts to keep the fountain of supplies pure at home. The report of our secretary, Mrs. Haines, will now be read.

MRS. HAINES.

As this is our Annual Meeting, it seems necessary to have our Annual Report read, together with that of the Synods. You will find, however, that these reports are not very long, because we have condensed as far as possible; but I think you will find in these brief reports a great deal to make us all thankful. And yet we want to have the spirit of this meeting, that of "forgetting the things that are behind and reaching forth to those that are before," that all may get some idea of the work that is committed to the Presbyterian Church. Sometimes we are perfectly overwhelmed at the thought of it: but then we remember what the latent power of the women of this church is, and that if their hearts should only be stirred, they would not only provide the money that is needed, but help in every way. This power of the women of our church we feel more and more, is, in calling upon God for His blessing, and asking Him to do what we cannot do. For this reason we are anxious that the meetings that are held by the various societies should be meetings for prayer, claiming the promise to united prayer, so that we shall all come together once a month, or whenever the times are, not to be entertained by interesting facts or reports, but really to ask the Lord to take this work, which is His own work, and carry it on in the best way. We all unite, I hope, in the Sunday-evening prayer for Foreign Missions, and we cannot help at that time remembering our own country: but we also have asked many times that the women remember the work in our own country every Sunday morning, not by coming together, but as we sit in church waiting for the services to begin, to raise our hearts to God, and ask Him to

women of the Presbyterian Church in their work for Home Missions, are held together in one organization, with headquarters in New York City, and stand ready for whatever work in and for this country the Lord brings to them, through the Board of Home Missions, and that for the Freedmen.

The cash receipts during the year ending March 31, 1886, including balance $359.07 in Treasury were.....$176,269.83.
Value of boxes as reported.....44,449.56

Total.....210,719.39

The debt of $29,638.01, which clouded our report of a year ago, has been cleared away, the most of it by specified contributions.

The advance in addition to payment of the debt has been $17,849.39. The Treasurer's Report gives the details, in regard to above statement.

"The Lord has indeed done great things for us, whereof we are glad!" and "to His name be all the glory."

We have printed and circulated during the past year nearly
0,000 circulars, and other leaflets.
More public meetings in the interest of Home Missions have
en held than ever before.
It has been, and will be, our endeavor to have our Sunday-
hools brought into more systematic effort for Mission-work
our own country.
As information has been spread, we learn of great increase of
erest in the evangelization of our land, and believe your
ard will be sustained in putting up new buildings and other-
e enlarging the work of your school department.

PPLEMENTARY REPORT IN REGARD TO THE SYNODS.

ATLANTIC.

we think of this widely extended ocean Synod, we seem
r this year, not only the continuous swash of the waves
ing upon its shore, but now a sort of low wail of sorrow
loss to the workers there of one very dear to us, as well
o them. The Synod of Atlantic is not alone in mourn-
e loss, so mysterious to us all, of Mrs. Mary E. Allen, the
d friend, in heart and hand, to the interests of the col-
ce.
ded progress has been made in organization, promising
to effort in the future. Papers of great merit were read
neeting held in connection with that of the Synod.

BALTIMORE.

Marked advance has also been made in this Synod so influ-
tial because within its bounds meets the Congress of the
nited States. New and very efficient workers have been
ought forward in the city of Baltimore and elsewhere. But
is Synod, too, calls for our sympathy. Miss A. L. Polk, of
ilmington, Delaware, whose perseverance in effort was ex-
ptional, rests from her labors, and her loss is deeply felt by
who knew of her character.

COLORADO.

Perhaps this Synod thinks it has done quite its share in spar-
g to our Headquarters in New York City, two of its own
ost capable workers, Mrs. Charles E. Walker and Mrs. D. E.
nks. We thank Colorado for aiding us in a way to be felt
nong all our Societies. It is encouraging to find that the
men in so many of its churches are organized for Home Mis-
nary work.

COLUMBIA.

Perhaps the sisters there do not realize how truly near to us we consider them. We know that under very difficult circumstances they are endeavoring to help us in this school-department.

DAKOTA.

This name is almost losing its association with one of the leading tribes among the aborigines of that part of our land. There are Indian churches there now, in charge of educated Indian pastors. The mission at the Sisseton Agency continues to exert an elevating influence among the Sioux. The women of our Presbyterian churches have many claims in support of their own gospel privileges, but do not forget the freedmen, nor other classes elsewhere, needing the same blessing as themselves.

ILLINOIS.

Every Presbytery is now organized for work, that of Cairo bringing up the rear, April 23, 1885.

Regret is expressed by the Synodical Secretary that the apportionment of the recent debt was not fully met. Happily there is not now so much occasion to make up for this lack of service. Let us rather press forward the more heartily into calls for building and other work, such as the debt prevented our doing during the past year.

A legacy of $1,000 from Mrs. Mary L. Collins, of Quincy First Church, was a welcome contribution to our funds.

INDIANA.

Some one visiting in this Synod reports its women as better organized for work than in almost any other. Truly the gain has been marvelous in this direction, as the Synodical Report testifies officially. Every Presbytery but one has its full complement of officers.

IOWA.

Perhaps the women of this Synod do not themselves realize the advance they are making in systematic methods of work, as well as in increased contributions to the cause of Home Missions. Iowa is so beautiful a State, it is delightfully satisfactory to have all things done in keeping with its exuberance of natural capabilities for progress in agriculture, arts and science.

KANSAS.

This can hardly now be called a border State. With Nebraska its line of rain-water fall is receding to the West. As it thus receives more natural showers, so may it prove more and more a fountain of blessing for the benefit of others.

Its Societies give a good and encouraging report.

KENTUCKY.

We greet the women of this Synod with special welcome, last but not least to enter our circle, which is now complete. Now may the Spirit of the Lord, as with electric power, weld us all into such loving as well as organic union, that He may use us the more perfectly in His service, while we prove to Him indeed a crown for His rejoicing.

MICHIGAN.

We thank the Secretary of this Synod for kindly commendation of the "Blanks" sent out for Annual Reports. No one really needed them less than she. It was in part from her own method of stating results that we have learned what form to offer to others. Michigan is one of our earliest friends, and we still turn to the women there sure of loving co-operation. From one of their number living for a time in Utah, we have received much valuable information and advice.

MINNESOTA.

Meeting, as we do this year, within the limits of the Synod of Minnesota, we can but express our thanks to our dear friends here and our appreciation of the cordial hospitality received, and of the efficient way in which preparations have been made for our Annual meeting. We trust that best blessings may rest upon the women of the churches here, and that the success of their efforts for Home Missions may keep step with the unexampled growth of their cities and towns.

MISSOURI.

From Kansas City, on the western border of this great Synod, we hear of the Annual Meeting of the Board of Missions of

the Southwest as being one of exceeding interest. Missouri is doing well for Home Missions, beginning to repay to "regions beyond" the debt for help received toward the establishment of its own churches.

NEBRASKA.

Each of the five Presbyteries is organized for work, having officers duly elected.

One pleasant feature at the Synodical Meeting was a sale of various articles, bringing into the Treasury $140.

We thank its "Christian Hour" for giving no uncertain sound in favor of our Home Mission work.

NEW JERSEY.

Not out of the United States by any means as relates to this Home Missionary work. Its Synod first elected a Woman's Synodical Committee of Home Missions, an action subsequently endorsed by the General Assembly, and taken now by every Synod of the Presbyterian Church. Let New Jersey still keep to the fore if she will. There are heights and depths in this country yet to be explored and pre-emptied for the Lord Jesus Christ.

NEW YORK.

Twenty-four of the Presbyteries in this great Synod are now organized for Home Mission work, and the contributions to the cause are so largely increased that we must congratulate its Societies upon the spirit and ability which has enabled them to gather $14,381.99 more during the past year than ever before. In the year ending March 31, 1885, the sum raised was $27,114.92. In that ending March 31, 1886, $41,496.91.

We trust that in their case, as in that of others, the promise will be literally fulfilled "to him that hath shall be given." Having done much already, may more be given them to do. The Hydahs of Alaska, the Mexicans at Santa Fé, the poor whites of North Carolina, all turn expectant eyes very hopefully to the women of New York. Further help in the way of buildings, and other enlargement of the mission in these fields is urgently needed.

NORTH DAKOTA.

This is a new name within the past year among the Synods, but its women under these changed auspices are ready to continue in service. We regret some misunderstanding at first, as to which of their number were regularly appointed by the Synod, but are encouraged to know of so many ready, we believe, to work for Home Missions as the way may be opened before them.

OHIO.

The Secretary writes, "There is evidently great advance in our Synod, not only in interest in the work, and liberality towards it, but in organization, in system and in reporting funds.

"We too at Head-quarters note this improvement, and praise the Lord for raising up in Ohio, as elsewhere, for the work to be accomplished, women of rare culture, intelligence and zeal, each in her own place, ready to obey the direction, "Whatsoever He saith unto you, do it."

S. McCULLOCH, Wooster, Ohio.

PACIFIC.

It is truly encouraging to receive a report from the Pacific slope, showing that thirty-six Societies and Bands are at work, more in number than ever before. The eyes of our co-laborers look usually toward the West. Those in this Synod are of necessity turned back to regions to the East of them, and Utah more particularly feels the advantage of the rebound.

PENNSYLVANIA.

It is grand to look over the report that has come to us from this magnificent Presbyterian centre. Every Presbytery is now organized for woman's work in Home Missions, Lackawanna bringing up the rear April 11th, of the present year. The funds collected are $8,434.10 more than ever before.

We wish these sisters every blessing implied in the words of our Lord Himself "it is more blessed to give than to receive." May the grace of giving crown them still more abundantly. Continued effort is required in order to provide for the wants of the Missions at the Sisseton Agency, and in Arizona and New Mexico, not forgetting those among the Mormons.

TENNESSEE.

Out of its mountain fastnesses, out of its own great need of help to meet the pressing calls within its own territory, Tennessee yet sends us very encouraging contributions. Maryville College continues to educate well qualified workers for missionary and other fields.

TEXAS.

The women in this immense Synod are quietly becoming more thoroughly organized for Home Mission effort. Hand can be joined to hand, even by correspondence, very lovingly although it is difficult on account of distance and expense to come together as often as in the more closely populated Synods.

UTAH.

The schools here have wonderfully prepared the way for the preached gospel. While we mourn the death of Rev. Geo. W. Leonard, and other workers, there is special encouragement, on account of the manifested power of the Holy Spirit to press forward as never before in Mission work among the Mormons. These days of golden opportunity are quickly passing. More than eleven new teachers should be sent out this fall, to fill vacancies and occupy new stations.

WISCONSIN.

From its every Presbytery have come contributions to our Treasury. Alphabetically it ends the list; but we recognize in fact no such distinction. We consider ourselves not a line but a circle, now standing closely connected hand to hand. Let our loving endeavor be only this: "who shall be most ready to obey our Master's will?"

April 1.	Balance	$336 25			

The undersigned having examined the accounts and vouchers of Mrs. M. E. Boyd, Treasurer of the Woman's Executive Committee of Home Missions, finds the same correct.

New York, May 14, 1886. C. H. LANGDON.

These figures show an increase in gifts over those of last year, from all but two of the Synods, and whatever the hindering cause has been in these, it is earnestly hoped that it may be removed, so that another year may witness an unbroken line of advance.

The Synods of Dakota, Northern Dakota and Utah are welcomed to a place in the ranks of contributors to this cause, and congratulated upon the beginning made.

The amount of increase from all sources, including the amount raised for the debt, has been $47,180.91.

For this good result of the year's work we are indeed grateful to God, and to all who have had a share in it. It would be interesting, were there time, to trace these beautiful streams of Christian benevolence, back through the Synods, the Presbyteries, and the churches, and to look into the individual sources from which they have flowed. Princely gifts have come from homes of affluence reminding us of the Saviour's command to those who have received freely; and from homes of poverty many a little sacred store has swelled the amount so rapidly and so considerably that figures and results could only be reconciled by recalling the Saviour's words again, "Verily, she hath cast in more than they all.

Aged, trembling hands have sent their gifts, with a benediction, and bright maidens, and troops of little children have had their share in the contributions, and the labor of gathering them.

Invalid ones who regretted their inability to do much have nevertheless done what they could, and in some instances have helped nobly. From one of these came the suggestion of the plan for raising the money for the debt. This plan, so modestly proposed by Mrs A. F. Ibbotson, has by the blessing of God, and the prompt and hearty co-operation of the Synods proven most valuable, so that to-day we can gladly say "The debt is paid." It was a trying experience, but we think the discipline of it was wholesome, and we are stronger in faith because of it, and more sensible of our mutual dependence upon each other as members of this great missionary body.

The results accomplished by the united gifts of the year are many. It has furnished maintainance to our 221 teachers—provided many needed and helpful appliances for their work—built chapels to be used for church service on the Sabbath and for school during the week—in a word supplied the machinery necessary for the prosecution of the work.

Has it been successful in its operation? Has God owned the labors of His servants and set His seal upon them? Emphatically, yes.

In the judgment of those best qualified to speak of these things it has been pronounced an unprecedented year in spiritual results. Revival has followed revival, and this throughout the year. In some parts of the great field the ripened grain has perished for lack of reapers to harvest it.

The pale, wan faces of those of our missionaries who are with us at this annniversary, plead louder than words could do for more laborers.

What can we do to help them? If we were all ready to offer ourselves to the work it would not avail, unless we went at our own charges, for there is not the wherewithal to equip and send out the goodly number of already accepted candidates.

More money is needed, and if we earnestly desire, and pray for the extention of this good work, our question must be—not what can I afford to do, but what can I afford *not* to do?

Let us hasten now to put into action all the beautiful things we mean sometime to do, for with our country as with our souls now is the accepted time, and with some of us, we know, this will be the last year of earthly service.

SECOND ANNUAL REPORT OF THE FREEDMEN'S DEPARTMENT OF THE WOMAN'S EXECUTIVE COMMITTEE OF HOME MISSIONS.

In making the Second Annual Report of the Freedmen's Department of the Woman's Executive Committee of Home Missions we would gladly acknowledge the continued favor of Him in whose hands are the hearts of men, as shown by the increased contributions and increasing interest in our work.

Notwithstanding the pressure of the times, there has been a forward movement. In September, a school was established in Gainesville, Florida, two ladies in charge, which has increased with such rapidity that the number of pupils is literally limited by the capacity of the house. The labors of these ladies have been so greatly blessed that a church was organized in connection with their work in February.

Three teachers have been commissioned and sent to the Freedmen of the Choctaw Nation in Indian Territory. One is stationed at Lukfatah, one at Wheelock, and one has charge of the Oak Hill School, nine miles from Wheelock.

One teacher has been commissioned to the freedmen of the Seminole Nation, and is stationed at Wewoka.

The establishment of the Seminary at Crockett, Texas, which was so wisely planned and efficiently carried out by Mrs. Allen, has occupied much of our time and thoughts. It seems a just recognition of our late General Secretary that led the Board of Missions for Freedmen to call it the "Mary Allen Seminary." Rev. J. B. Smith and wife and Miss Bolles arrived in Crockett January 1, 1886, and two weeks afterward opened school. From a very small beginning the number has constantly increased, until the hired house is found to be too strait for them, and the necessity is upon us to build one suited to the wants of the school, upon the beautiful site given for this purpose by some of the citizens of Crockett. Mr. Smith writes that we ought to have a building capable of accommodating 100 pupils, ready for occupancy by October next.

The missions established last year at Point Coupée, La., at Hendersonville, N. C., and at Maryville, E. Tenn., are all doing well under the charge of the ladies then sent out. The one occupied by two of our ladies in Amelia County, Va., is now held by a graduate of Lincoln University.

Pittsburg Mission on Coal Creek, Creek Nation, Indian Territory, which is nearly three years old, is showing the result of the labor expended there.

Of the Older Schools. We are supporting one teacher entirely, and another partially, in the Goodwill School, near Maysville, S. C.

The school on Edisto Island is still taught by Mrs. Moultrie, who is laboring faithfully for the elevation of her race.

Fairfield Institute, Winnsboro, S. C., is still doing its peculiar work—that of training Christian workers for Africa. We support one teacher in this school.

Besides the day scholars, many of these teachers have night pupils, and also sewing classes, that are attended by all who wish instruction.

During the year we have, also, largely through the generosity of one lady, been able to purchase a house in Amelia C. H., Va., for a Boarding Department, in connection with the Russell Grove School. It is already filled to overflowing. This school, under the efficient management of the principal, aided by two assistants, is doing a work second to none.

Besides this, Societies and Bands hold scholarships in Fairfield Institute, Winnsboro, S. C.; Russell Grove, Amelia C. H., Va.; Mary Allen Seminary, Crockett, Texas; Scotia Seminary, Concord, N. C.; Brainard Institute, Chester, S. C.; and the "Children's Home," Baxter Springs, Kansas.

There has been an unusual amount of religious interest in several of our schools during the year. This is especially true of Scotia, in which, though not so closely connected with us as some others, we feel a deep interest.

One of the teachers wrote: "The entire senior and higher course classes have connected themselves with the Church—hopefully converted. Twenty-four seniors and ten in the higher class—a body of thirty-four educated girls—solid for Jesus. Only three juniors and four of the middle class among the boarders unconverted. In the Preparatory School the results are no less wonderful. The interest (visibly) had entered there for two weeks. My entire Bible class is from that department, and has been blessed in the conversion of every member. Did you ever know of an entire school being so moved?"

There are now supported wholly, or in part, by the women of the Church, 22 teachers and eighteen schools, also four summer schools were sustained by them.

During the year $7,966.83 has come in through the Treasurer of the Woman's Executive Committee of Home Missions. Last year $3,010.58 were reported, showing an increase this year of $4,956 25, or $1,945.67 more than double. Last year seventeen Presbyterial Societies contributed, this year eighty have remembered the Freedmen. There has also been sent direct to the Treasurer of the Freedmen's Board $525.37, making a total of $8,492.37, from Woman's Societies.

While we record with gratitude these results of the year's work, we are constrained to cry out, "Have pity upon us, O, ye friends, for the hand of God has touched us." The one to whom this success is so largely due is not here to hear the result of her labors. The large heart that was so full of sympathy for the lowly, the active brain that was ever planning for the advancement of the work, the eloquent lips and ready pen that secured the aid of others, are all stilled. The work has dropped from her hands, and we sit astonished. "We are dumb, we open not our mouths, because He did it." On the

3d of March Mrs. Mary E. Allen entered the mansion prepared for her, and is ever with the Lord. The Savior's prayer for her is answered: "Father, I will that they also whom Thou has given me, be with me where I am; that they may behold my glory." Although prostrate, we have faith to believe the work will go on with increased power, for it is the Lord's. While no *one* can fill Mrs. Allen's place, we are glad to see *many* coming forward, ready to do what they can.

The women of the Church have been called upon to build the house for the Mary Allen Seminary as a memorial to her whose name it bears. Already we are receiving hearty responses, and we feel that she will have "a monument such as she would choose—one that shall stand through time and eternity in the uplifted Christian lives of the girls who shall be gathered there."

MRS. C. E. COULTER,
Corresponding Secretary.

Mrs. Williams, of Abbeville, N. C., spoke as follows:

My dear Christian sisters. It is with inexpressible pleasure that I have the opportunity to say a word in behalf of the negro women of my race. I came to this meeting with great difficulty. We knew that the Lord had called our dear Mrs. Allen, and we were afraid that unless some one was here to make special appeal in behalf of our people, that they would suffer. We feel we have lost our dearest friend; but all things are possible with God, and I hope that these meetings have had a tendency to awaken a great interest in our work, and that the Christian women of the Presbyterian Church will, with renewed interest, do something for the millions of negro women in the South who are perishing. No work calls more heavily upon the sympathy of good and thoughtful people than that mighty movement which has been so lovingly begun for the negro women. It is true, during the short period of freedom which we have enjoyed, a few of us have become educated, and we have become wives and Christian teachers; but the majority are suffering to-day in ignorance and prejudice. Whatever may be said in behalf of negro elevation, or whatever efforts may be put forth to better their moral and spiritual condition, this one thing remains, not to be forgotten, that the efforts must be through Christ, given for every nation. The most formidable part which lies in our way is, we have not that mighty influence of Christian homes which is enjoyed to a greater or less extent by other races and nations. While it is true that there exist among us those endearing titles of home, mother, father, sister, and brother, that are in themselves but the interjections of true love and virtue and morality, there are in fact but comparatively few homes among us, as the real parental and filial ties are in the crudest state. There is a man called father, the woman who is indeed mother, but sad to say in many of those homes the marriage tie is disregarded and dishonored; and in communities of that kind, as it is in all others where these ties are lax and feeble, we may look for nothing but utter disregard of all those lovely and beautiful tributes which should cluster around them. The mother and father around whom God has placed such responsibility, to whom he has committed trusts so sacred, are not prepared for the discharge of those sacred duties. Now it will be asked, Why are these things true of the colored people of the South? Why! you ask, have they no more conception of what is good and moral? The answer to these questions is, that this is but the outgrowth of 250 years' slavitude; to have looked for results different would have been simply absurd. This, then, my sisters, is the harvest which must be reached. The elevation of our race is the grand work which we would appeal to the women of the Presbyterian Church to help us carry on. The progress we have made, though slow, makes us believe that ere long the sisters of the South will rise up and be with their sisters of the North in all that is just, and pure, and good.

I wish to tell you of the school work. As I look back over this work, I can see progress has been made; we are training young girls to be useful in the community in which they live, and they are making remarkable progress. I will tell you of a little girl who entered my school in February. She was five years old before she came to the school; she urged her parents to let her come, but they thought her too young. That little girl can now read through the first reader; she can count to one hundred by ones, twos, threes, fours, and fives; she knows the Roman table from one to one hundred. This is only one example of marked progress that our people can and do make, when they have the right kind of training. We want more schools. Mrs. Allen said that the negro problem was driven right to the heart by establishing schools. We want boarding schools among us. We have just one, "Scotia Seminary," which is doing a grand work, but that is not enough. We want such institutions as that and the "Mary Allen" Institute, that has been established by our dear Mrs. Allen. Now, sisters, will you not do more for us? Will not some one in this assembly do more to help in this great, grand work?

After singing by the Indian children in Dakota and English, an Indian woman, delegate from Dakota, was introduced, and spoke through an interpreter.

MRS. RED WALKING TALKER.

I did not expect hardly when I came that I should have to speak. I knew that if I spoke in my own tongue you could not hear what I said, but I was very anxious to come here and see this Woman's Home Mission Society, because we are connected with it. I had to labor for some time to make a little means to come, but I succeeded, and I came. I work for the Lord Jesus Christ, and he enables me to see the friends and it encourages me very much. I know of my great reward which shall be when I am through with my labors here below, and the Lord Jesus Christ receives me to the reward forever. And so, my sisters, I am laboring here all the time, looking forward to that reward which He holds out to me at the end, and so I am pressing forward continually looking up. I presume that you all know that we Indian women are very poor, and that we cannot afford, and are not able to do much, but I wish to tell you that we are trying to do what we can for the Lord Jesus Christ; but Jesus has told us that if we don't labor and work for Him, as well as believe, we are none of his, and so with that faith we must do our work, we must visit the sick and afflicted, and by our labors send our means also to spread the gospel, and by these works show our religion is true. In this way we know that the Lord Jesus Christ will fulfill His promise to us. And so, having heard of this good work which you are doing, I wish also to assist in this work, and I am very much gratified to be permitted to come here and see those who started this work. Now my friends, I have been here with you for three days, and have been looking with my eyes very hard; and though I heard the words with my ears, I have not known them with my heart, because I do not understand English. We are all to start home very soon, and it is my prayer and desire that the Lord Jesus will be with us, and we may have his love. And so now in closing I shake hands with you all in my heart.

Indian children then sung "Wonderful Words of Life." This was followed by an address by an Indian girl, Mary Wa[illegible]

Dear friends: I am very glad to come here and meet with you all, and I know that all our boys and girls are very much delighted to have the privilege of coming here. We are all thankful to you, for you have been kind in helping us in all things. You have given us teachers, and they are teaching us those things which will help us to be good men and women. had it not been for the good missionaries which the Board have sent us to our people, we would still have been heathen. You have given us the Bible in our own language, and most of our people read it and learn about Jesus. Now we boys and girls are learning our lessons in English just like the white boys and girls; in time we will all speak English language and be as intelligent as the white people. For all these things and the great many blessings we thank the dear Lord and you.

The "Village Blacksmith" was then recited by William Bane, Indian boy, after which a hymn was sung by the Indian pupils.

The annual business meeting of the Woman's Executive Committee of Home Missions was held at 1 P. M., May 28th, 1886, in the parlors of Plymouth Church, Minneapolis.

Mrs. E. F. Pomeroy presided; Miss A. C. Patterson acted as Recording Secretary.

The meeting was opened with prayer by Mrs. Haines. A committee on nomination of officers was appointed, consisting of Mrs. Boyton, of the Synod of Iowa; Mrs. Patterson, of Ohio; Mrs. Mairs, of New York; Mrs. Knight, of Missouri; Mrs. McNulty, of New Jersey; Mrs. Lloyd, of Dakota. While awaiting the report of the committee the time was spent in asking and answering questions of practical import regarding the work.

The Nominating Committee having reported, the officers of the previous year, were re-elected with the following changes: Mrs. D. R. James, President; Mrs. J. M. Ham, Vice-President; Mrs. T. C. Kirkwood, V.-President; Mrs. C. E. Walker, Cor. Sec.; Mrs. D. E. Finks, Cor. Sec.; C. E. Coulter, Sec. of School Work for Freedmen.

Prayer was then offered for the officers.

The Louisa B. Green Memorial Fund was considered, and was proposed making this fund $50,000, to be invested as a ermanent fund. It was resolved "That officers of socie- es secure the amount of this fund in the wisest way."

An advance of 20 per cent. upon the contributions of the ast year was heartily and unanimously resolved upon.

Afternoon Session.

The first hour was occupied with memorial services in loving membrance of Mrs. Louisa B. Green, the former President. rs. Perkins presided, and opened the services.

"We sit to-day beneath the chastening rod of a loving ther. Let us adopt as the language of our hearts the words the 907 hymn 'My Jesus as Thou wilt.'"

After which the 32d chapter of Isaiah was read by Mrs. mes, followed with prayer by Mrs. Langdon.

Mrs. Perkin then addressed the meeting as follows:

Far from the scene of her active labors, but not beyond the pe of her influence, we gather to pay a loving tribute of re- ct to the life and character of a Christian woman. Not y the church, but the world is purer to-day in that one whom all delight to honor "rests from her labors." We are often urners that some Christian man whose influence for truth been wide-spread, is taken from *his* field of usefulness, it is seldom true that a woman is mourned outside the ial and domestic circle in which she has been known, or the rch with which she has been connected.

Mrs. Ashbel Green was one whose influence was not ited by local interests or social obligations. Her sympathies e sufficiently broad to gather the whole world within their ng embrace. Her name was known and honored wherever Presbyterian church was established, and its women were oring for the advance of Home Missionary interests. Not ne in active city churches, but in those of quiet villages and luded hamlets, educational missionary work was provided for methods which had received her careful thought and atten- . The lonely missionary and the self-sacrificing teacher, ng their work for Christ in the midst of many discourage- nts and trials, were sustained by the consciousness of her yers and sympathy. While, to those workers who enjoyed privilege of personal association, her presence was an inspi- on, and her earnest, consecrated enthusiasm, controlling.

Think not that this woman so widely known, and occupy- a position of so great responsibility, had fewer domestic s than any of us. Those who knew her best tell us of her and devotion to her family and friends; her faithfulness to he responsibilities of a wife and mother; of the deep hu- ty with which she assumed these additional burdens for the e of Christ. But the hour came when according to the will he Father her work was done, and ministering angels joy- y conducted her to the mansion His love had prepared for faithful spirit. We sit to-day in the shadow of this great eavment. The quiet step, the moistened eye, the tremb- lip, speak of the sympathy born of Christian love.

Although many months have passed, our sorrow is still h, and this vacant chair makes more real the cause of our f. The Woman's Executive Committee of Home Missions urns its President; the church, a faithful conscientious mem- ; society a woman of rare accomplishments; and the home le the devoted companion, mother, and friend; while the k for which she has broken the Alabaster box of "Loving vice" is left for other hands and hearts to cherish.

rresistibly this hour our thoughts go back just one short r, to the time when the Executive Committee held its Annual eting in Cincinnati. It was a time of peculiar trial. Influ- es of the most depressing character filled the hearts of all anxiety. We looked in vain for the familiar face of its ored Secretary. We listened to the sad story of financial barrassment with which the Committee was struggling, and yed that this new and trying experience might but be the ans of arousing the women of our land to more earnest self- ificing effort. Always before with sound of praise and iness of heart, had the report been presented, supplemented most forcible appeals for increased contributions, and more ugh organization that *advance* might be made possible. At time, the controlling idea seemed to be, "how is this ering deficit to be met?" Those who were present and recall that occasion will remember a woman of queenly ence and dignified mein. Her beautiful face bears some e of anxiety, but not disheartenment; the trembling hand and the faltering voice are not indication of weakness or discouragement, but only a depth of feeling her woman's heart cannot resist. Listen again in imagination to her opening address. The cordial welcome: the gentle, wise suggestion of the difficulty and its cause, result in bringing her audience into sympathy with her. We are made to feel our individual responsibility, while we are assured of her confidence that we will meet the responsibility as in the past. Having entered the cloud she still finds cause for gratitude that there has been a deep religious interest in many of the mission fields, especially where schools are in operation, many having united with the church, giving good evidence of true conversion, and calls upon us to "rejoice with them in that the Lord has very graciously recognized our work and blessed it." How tenderly she pleads for the exceptional population, at the same time placing the responsibility for the successful continuance of the work already inaugurated among these needy ones, upon societies. Expressing it as the purpose of the Committee in the coming year to "strengthen the work already in operation to make the schools what they ought to be and if possible to enlarge."

Is not this an example of sublime faith and heroism? Did not our hearts burn within us as we listened to her words? How nobly she met this crisis; not with reproof or censure, but with words of encouragement to duty and faithfulness. She seemed in this emergency to be the very embodiment of strength and efficiency.

The Master called, and Louisa B. Green, the loved and honored President of the Woman's Executive Committee for Home Missions since its organization "fell on sleep." When last we saw her in all the beauty and glory of mature womanhood, she seemed more than any other to be promised "length of days" but in less than three months the strong staff was broken, and the beautiful rod upon whom could we lean. Was this affliction needed that we might find in Christ alone our strength? Organizations have vied with each other in weaving into beautiful forms, words expressive of their personal love and appreciation of her as a Christian woman, and their deep sense of a loss not only to themselves, but to the work with which she was so thoroughly identified.

We have referred particularly to her interest in Home Missions, but we should not be just to her memory did we not remember that her love to Christ was of that nature that she was interested in every department of Christian effort. Always devoted to the cause of Foreign Missions, increased responsibility did not cause her to forget her *first* love, for she found the interests of both organizations so one in spirit, that with perfect harmony of feeling, she could serve the one, for the sake of the other.

I am sure the symmetry of this service will but be made more perfect if we refer to the life and services of another lately gone from us. In the death of Mrs. Mary Allen the general work of missions suffers, while the freedmen have lost a self-sacrificing and devoted friend; one who had consecrated her strength and talent to labor that they might be lifted from their degradation and ignorance. At many of our meetings she has, with touching pathos, presented the needs of these millions of women and children. Who will plead for them now, that her voice, so eloquent in its sweetness, is hushed in silence? One year ago she was with us and had she known it was her last opportunity of asking for our sympathy and help, could she have uttered more impressive thoughts? To-day we look in vain for her loved presence, and again with bowed heads and subdued spirit we will ask for grace to bear resignedly our double sorrow.

Mrs. Green not only sympathized with the work for the Freedmen, but in the true aggressive spirit characteristic of mission work, was prayerfully watching for the day when even the poor whites of the South could no longer say "no man cares for my soul." But these become subjects of missionary enterprise through the advanced labors of the Woman's Executive Committee.

Do you realize, dear sisters, the broad plans for usefulness she had devised and was seeking to carry out through your responsive effort? The beloved Senior Secretary is with us to-day, but in a distant state our sainted President has her cold resting place. The birds sing, the sun shines, and the flowers blossom over her grave. Dear friends, many and often, go to weep there. To us remains the precious privilege of cherishing her memory and emulating her example. Let us fulfil this trust by yielding faithful service to the cause so dear to

our hearts. Let new resolves of labor for Christ in the person of His needy ones be the immortelle we will cast upon her grave to-day, the joy with which we will wreathe her memory. We can but wish she were here to share the joy *we* feel that her fervent prayers have been answered. The women of the Presbyterian church *have* responded to our appeal, and the Executive Committee *can* go forward with the work assigned us by the Master for the coming year.

Take to your hearts the sentiment with which she closed her last appeal to us. "Ye are bought with a price, even the precious blood of Christ." "Freely ye have received, freely give."

Mrs. Haines was then called upon to speak of Mrs. Green, being intimately acquainted with her, both as a member of the Committee, and as a friend.

"I am very sure that every member of the Executive Committee must join with me in thanking our Vice-president from Ohio for this beautiful tribute to the memory of our President, and one of our Secretaries. When she asked me to say a few words, it seemed at first as if I could not do it; it was like calling one of the mourners to take part in the funeral services. Mrs. Perkins has spoken of my acquaintance and friendship with Mrs. Green.

"I would like to tell you of the first day I saw her, many years ago, having been called to the lower part of New Jersey, where the women wished to organize for Foreign Missions. I found quite a number of women from the different churches, and they were all sitting around the edge of the room without any one seemingly ready to lead them. Very soon several of the ministers came in, and after a few words of explanation, it was decided to organize a Presbyterial Foreign Missionary Society. Then the question was who should be the officers? No one seemed to be ready, but directly some of the ministers, who knew Mrs. Green, proposed it to her, and how well I remember how she seemed to shrink from the duties that were so new to Presbyterian women at that time; but, when it was made plain to her that this was the call of God to her, she accepted the position, and I think that for twelve years she remained as the President of the Society. That very trait of character which struck me at that time, her readiness to serve the Lord as He might direct, was prominently shown again at the organization of this Committee. I think no one was more surprised than she, at being nominated as its first President, and yet she accepted that work, and I need not repeat what you have already heard as to her efficiency as our leader. You have also heard of her excellent judgment. When anything new was proposed we always waited for Mrs. Green's opinion, knowing that she would look at the subject on every side, and we learned to confide in her judgment.

"I would like to speak of something else which struck me, the influence of this work which she felt so much upon her own personal character. Very often she would say that if the women only knew of the reflex influence for good on their own hearts by undertaking this work for the Lord, they would never decline when any such work was offered to them. We were very much interested in the selections of Scripture which she made at our meetings. I cannot say any more: and yet I want to say a word about our dear Mrs. Allen, because it is such a mystery that in her comparative health, and in her efficiency, she too should have been removed from us. In the face of these mysterious providences we can say nothing, but just commit this whole work back to the Lord, and He will carry it on by whom He wills."

Mrs. Douglas of the Board of the Southwest was then introduced: 'I will only take a few moments of your time in speaking of Mrs. Green. Years ago Mr. Walker, her father, and my husband's father were brother Elders in a church in New York. Louisa Walker grew up with my husband's sisters; they were dear and familiar friends; they went to school together, their child life and social life was very much intermingled, and their love for her was very strong and ardent. Later than this I knew her and visited in her lovely New Jersey home. Years after this when in the providence of God I had lost sight of her, I sat by her side at Madison without knowing it; I soon felt the pressure of her hand upon my arm, and the grasp of her hand in mine, and looking in her face for the moment, I could not realize that it was she; I only thought of her as the young wife and mother; I had supposed that the Mrs. Ashbel Green who was the President of the Woman's Executive Committee was one of the older families. I had not associated the office with her, but I soon found that she was indeed the one, and her warm interest in the work was ver apparent. We had many delightful interviews at that time and have since met at many of these meetings, and I hav always enjoyed her thoroughly; there was a largeness of hea about her; there never was any friction. I loved her for h noble life and for her warm heart, and when I saw her last Cincinnati, and heard her voice in prayer, and heard h speak, and saw her physical health of body, I felt that she w a woman that the Lord had designed for special service Him, and long life, and great usefulness. It came to me wi a great shock when I heard that she was called away. Wh is the lesson of this life and death to us? Evidently that should not be idle. Many shall rise up and call her blesse but who will rise up and take her place in this great work Christ? Her toils are past, her crown is won."

Mrs. Mc. Farland, of Alaska, spoke briefly and appropriat of the tender and sympathizing friend the workers on the fi ever found in Mrs. Green, and of their sorrow at her death.

Mrs. James after singing read a selection of Scripture.

Mrs. C. E. Walker, Corresponding Secretary, gave the pr ent outlook after brief review of the year's work as follows:

"Truly this has been an eventful year. So many mark Providences. At its opening we stood with bowed heads, an ious hearts, entreating lips. The Treasury was well ni empty, the 'debt' heavy, and the work harmed by unc tainty and retrenchment. Out over the country swept the s message 'In debt $29,000!' Out of the depths we cried un our God, and He heard us. The hearts of the women of o churches loyal indeed, were stirred, and these hearts grew te der with love to our Lord and His perishing ones. Cheeri words, messages of love and sympathy, and substantial toke of love for the work, came to us. The brave workers on t field, the willing workers in the churches alike, sustained Our hearts grew lighter.

Then came another sad, anxious time to a few of our nu ber; brief but sharp—and then a sadder message went out ov the country, "our beloved President has gone home." Th draped and vacant chair, the tender words of this memori serrvice, recall the first sharp surprise and the great sorow th befell us. Out of the depths *again*, we cried unto our God, a He comforted us. He deepened the love of the women in t churches for the work; tenderer grew the messages, more ea nest the prayers and larger the gifts. The Holy Spirit mov upon the churches and among the people outside and beyon The earnest toilers on our distant fields become more earn still, and the harvest time drew near. Cheering news ca from our missions everywhere; from far away Alaska, fr Idaho and Utah; from New Mexico and Colorado, Indian T ritory and Dakota. Yes, from the South too, came words good cheer. The ingathering had come, many precious so saved.

Then came another season of anxiety and earnest petitioni but alas! again our ranks were broken. Another loved mem of our committee and head of her department of work c home. And a mournful cry came up to us from the "So land." Again we cried unto our God and He strengthened The closing months of the year drew rapidly nigh. Out of sadness came deeper trust, and from this darkness, rays light. The steady lessening of "the debt," the increasing regular contributions, the growth of Societies, their more co plete organizations, the promptness to fall into line eve where, cheered us, helped us. When our books were clo and our Treasurer announced the result, is it any wonder that arrested business to sing heartily, "Praise God from Wh all Blessings Flow" "O, Give Thanks Unto Our God for He good." Surely "He Knoweth Them That Trust in Him."

"Once more are we at our Annual Meeting. A new yea before us. What is the outlook? O friends, how can I adj the glass and let all eyes sweep the horizon, taking in the fi from Alaska to the Gulf of Mexico, from Pacific to Atlan oceans! How shall I condense and present the needs of t hour in the few moments allotted me? How lay upon yo hearts the burden resting on ours! Shall I tell you of t grand opportunities for enlargement upon our old fields? Sh I tell of the steady growth of this work that makes imperati the sending of Assistant teachers to our older schools?

"Assistant Teachers' mean *more* salaries, more sala mean *larger* contributions. Do not shake your heads at t look at results! If contributions are not increased, what lows? Hindrance to the work, discouragement to our tea Think of those over-worked, lonely, weary teachers!

simply say 'toil on, wear out and die, we cannot afford to send you helpers.' Shall we?

"Fourteen assistant teachers are called for urgently. Seven thousand dollars needed for their salaries. Let me give you extracts from some of our letters upon this subject. One came to Mrs. Haines this week, from Utah pleading for another worker. The two now at work are breaking in health and the nearest missionary is also in failing health, 'over-work' the cause—she writes "the case is desperate, we must have help. There is hard work here for three teachers, and if no minister can be sent us, do not fail, we beseech you, to give us another helper. I must be relieved from the music and the pastoral' work. The missionary work now seems to be the most pressing. Since Presbytery met we have held nine cottage prayer-meetings, besides Chapel services Sabbath evenings. We love this work, our hearts are encouraged by evidences that the Spirit is at work in the hearts of many; but the flesh is nearly exhausted." Then our Superintendent of Missions also writes us of urgent cases. Here, a school, more than doubling its number, closely crowding a small, illy ventilated room. The result failing health. There, room for two teachers, pupils enough for three to care for, and our pupils leaving us for Romish or Mormon schools, simply because we have not money to send the needed assistance. Golden opportunities lost. I could give you many instances of this kind. The letters as they have come week after week, month after month, have been weighed upon me, so little could be done. 'The debt' not yet lifted, thus our work hindered. What could we do? How try to meet this? Only by the appeals here and there for the pledges to meet first one want and then another! But I must hasten on. For old fields, now vacant, six ladies wanted. Twenty teachers at least needed now to sustain old work. Note this I am *not* talking of the new fields wide open to us, only the old work upon our hands that *must be* sustained. Additional salaries then, are needed for this old work to the amount of $10,000.

Again, the growth of the work demands another outlay, additions to our buildings here, or new ones there. Must we cripple the work this year as it was crippled last year? Time forbids particulars. I wish I *could* tell you of some of these things; my heart is full! I long to tell you of the work we have been in conference over, with our workers from the field, this last week, trying to prepare plans for the work this coming year. So many places in Utah where money is asked for to enlarge or build. The health of the teachers must suffer if we fail to do this. I remember some of the little rooms where these brave women are wearing out their lives; cheerful and cleanly as woman's hands could make them, but poor, cramped quarters after all. We must enlarge, we cannot stay longer. In one of those rooms, as we entered, sat a poor Scandinavian woman, a Mormon, waiting for the teacher to be free for a time, that she might send a letter to the friends beyond the seas. No one among her own people she could trust, and she could not write, and so she came to this teacher, (a "Presbyterian woman") so despised by the Mormon people, to do this kind act. How the children were crowded into that room! Many more than the hands of one frail woman could care for. Gently and patiently she talked with the poor woman, heard her story and promised to write her letter. The enlargement is earnestly called for—or our teacher must leave her work. Her health is suffering; she cannot go on unless more room can be given her. I added this to my list of money needed for school, buildings, repairs or enlargement. How it grows day by day; this list of new needs for the old work! Does it pay to do this work in Utah? I wish I could take you with me to some of these schools, that you might look in upon the teachers as I have done, and listen to the testimony of men and women regarding this work. You should hear the sad histories of some of those Mormon women. Many times were the women of the Executive Committee thanked for this work with eager, trembling voices by mothers and sons. One of these young men came forward and said, "Won't you tell the Christian women what is being done, and ask them not to feel discouraged?" One said to me, "If you could have seen this place five years ago and now, you would say that much had been accomplished, and won't you tell them that it is the only hope for Utah?" Another young man said, "Every dollar that has been sent into this work has been well spent." Utah asks for only a portion of the money needed for buildings this year. The Spanish speaking people need help The Indian Pueblo children must be cared for. New Mexico calls loudly. Las Vegas, Santa Fe, Mora, Albuquerque, and many other points must be greatly strengthened. Arizona, the Apache country, must be taken for Christ. So many tribes of Indians are sorely needing the Mission School.

Alaska, Indian Territory, Dakota, urge their needs. And the people of the South-land, too, both black and white, must not be neglected. Every where the story is the same—the growth of the schools, failing health of the over burdened teachers, and the necessity of enlarging, if we would hold our own.

Third, we must raise the money so urgently needed for buildings. Shall we not look to the Synodical Societies to start this Building Fund so much needed? New York Synodical Society undertakes $22,000; of this, $7,500 is now ready, the gift of one person. To Pennsylvania we are looking for aid. We are sure that strong Synodical Society will not do less than New York. We look to the North-west and the South-west, and to all the Synodical Societies lying between, to do the rest. Will you go home and plead these necessities as you have heard them stated during this past week, to all you can reach? Do *not* try to help by withdrawing from the old pledges, salaries or Scholarships. Send large contributions also to the General Fund. Give all you can prayerfully, day by day. Remember these figures. This does not include money for our school work among the Freedmen, only for the work on other fields. Neither have I included in this, the work among the needy white people of the South. Mormon Missionaries are busily at work among them misleading by their false doctrines. We must take up this work in earnest, and, caring for their bodily wants, teach them practical things while giving them the Bread of Life.

Shall we go down and possess these mountains for Christ? The General Assembly has set wide open the door to us. Shall we enter in earnest this new field? *Twelve millions* of these two classes to work among. Already Mormon missionaries and Romanists are there.

Then the work that lies beyond! I cannot speak to you of that, yet it is hard not to touch upon it. So much new work is ready and waiting for us, so many wide open doors, such precious opportunities. Will you not read carefully the leaflets that have been prepared regarding this work, and enlist all the sympathy you can? Says one who knows the work: "The Mission and Industrial School is our great hope for these people; we must teach them practical things."

Have you listened to the appeals of the Freedmen this week, and our sister to day? Do you recall the earnest words spoken for our poor white sisters in the South, our own country women? Have you given heed to the statements in regard to our Indian work? Listen to the echoes of the plaintive hymns that the Indian children sang, and the tender greetings of our red sisters. Recall the words spoken in the adjoining room regarding our work in New Mexico for the Spanish speaking people. Think of the Mormon work as well, and tell me does not the King's business require haste? Must we not be up and doing, earnest and active?

The hosts of evil are crowding around us on every side. Think of all this work, dear friends, and listen to the message of the teachers which I leave with you, for they gave it to me for you. It is this: "Pray for us. Ask the Christian women every where to pray for us. We stand alone, humanly speaking, and only in the strength of the Master can we do this work, and so won't you ask them to pray for us?" Will you do it? Will *you* pray for these teachers? Will you work for them, and with every penny, every dollar send an earnest prayer?

WASHINGTON, D. C.

MRS. C. C. B.

As Secretary of the Ladies' Home Mission Society of the New York Avenue Church, I have to report to you the *unanimous* passage of a resolution offered at our last meeting on the 12th inst., viz:

That the Presbyterian Board of Home Missions be urgently requested to take early and prompt action toward the education and Christianization of the neglected and ignorant classes known as "The Poor Whites of the South."

A very deep interest in this forgotton class of *heathen* in our own country has devoloped in our Presbyterian Society, and we feel that no work that can be presented to the Board is more worthy of its immediate consideration.

MRS. C. E. COULTER,

Secretary of Freedmen's Department.

One year ago at Cincinnati this department first appeared at the meetings under the care of the Executive Committee of Home Missions. I very well remember the encouragement that Mrs. Allen there received, when she found how heartily this Committee had received the recommendation of the Assembly the year before, that the women of the church be permitted to contribute, through the Home Missionary Societies, to the cause of the freedmen. I had fondly hoped that this department might be represented for many years by Mrs. Allen, and I had particularly looked forward to this meeting, for I knew she was so well prepared to come with her testimony as to what had been done in the South. Having made a long trip with her husband, visiting our schools and churches, she could tell what her own eyes had seen and her own ears had heard. But God's thoughts are not our thoughts; His ways are not our ways; she has been taken to a higher service, and I am here to tell of the work.

It would seem scarcely necessary to say anything of the need of the work, when you have heard so much of this need both in the General Assembly and our meetings, but I do not know that we can dwell too much upon it. You hear of the numbers of women and children for whom we must labor. There are 7,000,000.

Do we realize it? It is for these that the Executive Committee of Home Missions have so generously undertaken to work at this time, in addition to all that they were doing for the exceptional population. Some of you may have read that there is no people that have so many church members as among the colored people of the South. Well, that perhaps is true. But, my sisters, did you ever know the character of these churches? Now, I do not speak of the churches in the cities, where they have received more light, but I do speak of the churches in the country, on the old places where they have negro preachers who were formerly slaves, who have had little or no education; here we would find what kind of men were leading these people; here we may know something of the church members. A minister in North Carolina said, "God planted a tree of sin in the Garden of Eden and would not destroy it or root it up, but took care of it, and watered it every day." There was in Virginia another, who told his people that if they could only feel that they were converted, they could then go and commit any sin, and they would be just as certain of conversion as if they had never committed it. This is the character of the ministers of many of these congregations. It would shock you if you could know of some of these things. We found it literally true with many of these, that the very elements that represent our Lord's broken body and shed blood are used in revelry.

But we find that these people are very susceptible and can be led. A minister who had been in North Carolina was reviewing the advancement in his field. He said that when he first went there, there was no man either morally or mentally fitted to take charge of a Sabbath-school. Now they have good Sabbath-schools all through his fields; they have intelligent Christian people to take charge; they have young men and women to act as secretaries, and, to use his own language, he says, "the wind would have to blow more fiercely, and the snow fall thicker and faster, and the cold pinch more severely than it has done this winter, to affect attendance in our Sabbath-school." If a boy had only half a pair of pants, he was present: if a girl had anything at all to wear, she was in her place.

We have heard how necessary it was, for the sake of our country, from patriotic motives alone, that these negroes should receive a Christian education; we all admit it, we all know it, but we can look a little further. Many of you heard Dr. Pierson's eloquent address the other evening, when he spoke of the vail that had been taken away from Africa. I wonder if Dr. Pierson noticed that this vail remained, these people were enshrouded in that darkness, until their sons were converted in America. Is this a mere coincidence, or was it designed? It seems to me that all will admit that Africa must be redeemed by Africans, and where on the face of the earth will we find Africans to carry this message of redemption to them, if not in our own country? Then their education is necessary not only for our own land, but for the sake of the great dark continent also. We are working in our own country as foreign missionaries; we are preparing those who are to go to Africa and regenerate that country, and to bring it to our King.

Treasurers report accepted

The matter of paying expenses for New York Synod was discussed and will be further considered before action be taken.

Letter from Dr. Worden accompanying accompanying Superintendents the list of Superintendents of Sunday Schools saying it was cheerfully given but stating the expense of copying so large a paper was $14.00 which he hoped to receive at once. Motion carried that this amount be sent to Dr. Worden at once.

Shade for room.

The bill for shade for room being presented it was left with Mrs. Brownell to inquire of the Building if it was necessary to be paid. If so it was ordered.

The motion was carried that these bills be paid.

Mrs. Walker read a letter from Dr. Hill of Indian Territory making several corrections in Mrs. Knox's pamphlet on Indian Territory.

Leaflet on work in Indian Territory

Mrs. Haines made a motion that word be sent to Dr. Timothy Hill asking him to make the corrections in this leaflet as soon as possible and send us the result.

Mrs. Walker recommended the placing of the leaflet on New Mexico in Dr. Kirkwoods hands for similar corrections. It was put as a motion and carried.

Leaflet on N. Mexico

Mrs. Fuike reported that all the orders given in previous meeting had been attended to. Her report was therefore accepted without hearing the details.

Dr. R. M. Hill writes he hopes to find a man to send on the next cleaner as the shoemaker for Alaska; the salary would be about $900.00 possibly about $800.00 but not less as their trade demands $20.00 a week.

hopes to find shoemaker.

He bought a span of mules for $163.00 and they had gone on the last cleaner.

2 mules for Alaska

Mrs. Ham mentioned that in Mr. Simpson's work men and women are trained for missionary work having the right spirit and not seeking any thing more than a mere living. In this way even in a shoemaker one would find a true missionary as well.

Mrs. Walker stated that she was much pleased with the work she saw at Sisseton in some respects. The matron of the boys department does so much toward making over and patching the boys clothes. It would seem as though other schools could be supplied by Captain Pratt as well as the boys at Alaska so saving the matrons so much extra work.

at Sisseton

Mr. Walker was requested to write to Sisebon to ask what is needed in boys clothing. If answer does not come by the 29th, it was resolved to ask the secretaries after that date to order what what would be wanted without delay. as no regular meeting is to be held during the summer.

Cornet from H. J. Davidson.

A Mr. Henry J. Davidson Jr. sends a cornet with book of instruction for the boys at Sitka Motion carried to send Mr. Davidson vote of thanks for this very acceptable gift.

Prayer meeting in this room instead of parlors in Dr. Crosby's church.

Discussion was held on holding the prayer meeting of the Woman's Executive Committee in this room instead of in the parlors of Dr. Crosby's Church. It was thought it would associate it more particularly with the work here if it were held in this room. A motion was carried to this effect, the change to be made

Union prayer meeting.

Mrs. Boyd thought it would be still more desirable if a union prayer-meeting could be held with the foreign workers so making a joint matter of mission work

It was suggested that to further this Mrs. Walker and Mrs. Fuiks could see Miss Ella Parsons and see how the Ladies Band might be likely to receive such a proposition.

Suggestion made also to have the prayer meeting in any case at the close of our Tuesday's session, once a month.

his room purpose. Motion also carried that ask if it would be possible for us to have another room for the purpose once a month if we find the plan practicable.

Mrs. Walker will be excused from attendance at the prayer meeting tomorrow.

Mrs. Haines proposed as a topic with the Secretaries, a preparing of a Hand book for Teachers, which needs immediate attention

Mrs. Haines said that a change of day of the Annual meeting had been spoken of at Minneapolis, the proposition being to have it held on the first Tuesday and Wednesday afternoons instead of the last Friday. The subject was discussed but nothing was decided, time not permitting.

Mrs. Haines reported that the Annual

Meeting had been held in Plymouth church Minneapolis on Friday May 28th, the printed reports in full be found in the book of copied minutes.

The Secretaries coming in for conference, Mrs. Haines made a motion that we make an effort this year to raise $200.000. Mr. Boyd said that to advance on an increase of 20 per cent. it would be $200.000. Mrs. Roberts was requested to have this statement made in the Presbyterian Home Missionary.

Mrs. Ham mentioned to the Secretaries the importance of the immediate revision of the Hand-book for Teachers.

Hand book in Dr. Booths hands

Dr. Roberts explained that as it had been put in Dr. Booths hands they had not felt like asking him for it. A year having passed however it was thought no impropriety in now asking the Secretaries for it. Mrs. Haines then asked if they approved of Mrs. Walker and Mrs. Fuiks going over it and making such changes as they think fit and proper and then asking their sanction of Dr. Kendall thought it was in its present form altogether too

fully and advised it be cut down considerably.

Motion made and carried that we ask for the materials for the Hand-book and place them in the hands of Mrs. Fuller and Mrs. Walker for their revision, and indexed to be passed over to the Secretaries.

The Liberal Institution was then discussed.

Liberal Institution.

Dr. Roberts thought with so many more important objects before the Ladies the Liberal Institute could wait for another year without greatly affecting the work. If there should be sufficient money they had no objection.

$3000.00 is already being expended on Mrs. Newells chapel, and if $6000.00 were laid out on the Liberal Institute it might give rise to criticism that so much was being done in one place.

The Secretaries asked what were the points we intended pressing first. Mrs. Walker replied. Albuquerque, Lassiter, Box Elder and the school in Arizona. She said that she and Mrs. James had found the Session in much need, a

well needed

well digging an absolute necessity. $500.00 this thought was the smallest amount an artesian well could be built for.

Dr. Kendall thought the country would never be settled if every man would have to pay such a sum for his water. His farm would cost less and mine is his house to be built.

Dr. Roberts thought in most places there were springs enough to give a full supply except perhaps for a while in the summer.

dining room needed.

Mrs. Walker says another thing they sadly needed is a larger dining room. the present one as well as the kitchen being altogether too small.

She thought the dining room could be used as a kitchen and the kitchen as a laundry a new dining room to be built which would accommodate the boys from the boys home which that is built.

sick room needed at Kenyaka

She spoke at the same time of the need of a sick room at Kenyaka.

Miss Livingstone is doing excellent work at Sisseton. but Mrs. Simmons would be better removed as soon

as possible.

Mrs Smith is doing well with the boys. But Mr Smith is needed at the head of the Industrial Department instead of in the school room. He is a carpenter by trade, and also understands tinning, shoemaking and has already taught the boys many useful things. He needs for this $150.00 worth of tools. Miss Hyslop would answer in the school room with some one in Mr. Smiths place.

much at Industrial ment.

Other difficulties in the School can be removed my trust in time as Mr. and Mrs. Morris, are earnestly endeavoring to do good work.

Mr. Boyd spoke of Dr. Hill writing for $1,000.00 for McAllister, Indian Territory, and wished to know what the Ladies would do, and $1000, and possibly $2000, for Kenyaka.

The Secretaries being called off Mr. Boyd decided to come in later with the mailes prepared to place before us. Recess was therefore taken.

Mr. Boyd coming in again asked what we really would decide for the Liberal Institution.

The Ladies felt in view of the

advice of the Secretaries, that the matter would have to wait for the present.

The Jumage building $1500.00 for which has been called is to be pressed. The Carpenter shop at Sitka is also needed at once. $500.00 for this

Mrs. Walker in making up the total estimate found the amount $6750.00 in all this estimate including $350.00 for a farm.

Letter from Mr. McAllister

The letter from Dr. Hill on McAllister was then read by Mr. Boyd. Mr. McAllister proposes to build a school and present it rent free to the Board, a gentleman there to be teacher. and many

the Choctaw children will pay tuition. He thinks the school can be put in order, one and two teachers paid for $1500.00 for a year.

y due on Miller Home Dr. Hill has still $700.00 due for Mrs. Millers house.

Motion carried to relieve Dr. Hill of this indebtedness, suggesting to him to write to the Board of Church Erection to see what they will do for him. At Nenyaka $1500.00 is all they ask for and Dr. Hill sends a full statement with diagrams showing what changes can be made. by altering partitions. Mrs. More writes she needs an assistant in place of Mr. Sullivan, she suggests keeping Mr. and Mrs. Rich for this purpose.

Building necessary at Taos.

At Taos, El Ranchos N. Mexico a new building $1000.00 is considered necess for this. Motion carried that $1000.00 be appropriated for this purpose. Board permit.

Building at Santa Fe.

Motion carried that at Santa Fe if Westchester Presbytery raise the money the mission building can be built n year or as soon as it is raised $6000.00 being the amount. In the meantime we ask permission to repair the building.

For the Academy on the hill the expense would be from $5 to $800 a ye but as it is not a mission-scho The question was discussed whet the Christian influence it exerted was enough to warrant this expense.

Motion made and seconded tha this question be referred to the Secretaries with power.

...Noble's ...ation

Mrs. Walker spoke of the vacation granted to Miss Noble this summer. and on the 1st of November so as to go through the Churches in Michigan. The result would be that she would present Franklin through that whole state and we consider Franklin now well equipped.

Moved and carried that Miss Noble have July and August for her vacation, as it does not seem wise for a teacher to be off her field for two months after time for school to open.

...Noble's ...cation

Moved and carried that mite boxes be ordered in such quantity as seems best.

Moved that five hundred Certificates of shares of stock be issued for the Albuquerque school.

New Missionary Envelopes

Moved that a new supply of missionary envelopes be secured with different texts and more attractive form if the cost was not greatly increased thereby.

Mrs. Timson removed.

Motion made and seconded that Mrs. Timson be relieved of her duties as matron at Dissentis and her expenses paid back to her home.

Motion prevailed that Mrs. Fink be requested to furnish the list of teachers needed by the 29th inst.

Mrs. A. A. Brown
Sec.

The matter of the Annual meeting was discussed and it was moved to bring the matter up for further discussion at the September meeting.

Articles prepared for Religious papers.

It was moved that the leading religious papers of our denomination be kept informed of our work and that prepared items be sent them for publication. It was ordered that such further assistance as was needed in the office to relieve Mrs. Walker and Mrs. Spike from too pressing work should be secured.

Assistance in the office.

Mrs. Lanier thought that the workers who so kindly give us volunteer aid should have some recognition of their services.

Moved and seconded that a dozen copies each of the Building at Lisieux be printed from negatives on hand and that the bill be paid at once.

Letter of thanks to Mrs. Alexander.

It was resolved that Mrs. Lanier be asked to write a letter of thanks to Mrs. Alexander recognizing her efforts in raising the Green Memorial Fund.

Discussion as to Dr. Kirkwood.

The Secretaries coming in the matter of asking the Board to appoint Dr. Kirkwood as General Supervisor of our School work was presented.

Dr. Roberts thought that friction might arise if a General Supervisor were put over the School Work. Our workers and ministers would likely regard him as a sort of Ecclesiastic.

General Supt

Dr. Roberts advised writing to the Presbyteries to ascertain their views as to the advisement of such a Supervisor. If they are favorable he thinks it would be well then to proceed. It

was carried that such a letter be sent.

Moved and carried that Mrs. Walker ~~assistant for Friks~~ be given an assistant to relieve her of such work as hinders her giving necessary time to her duties as Chairman of Editorial Committee.

In regard to Miss Gist paper Dr. Kendall read and approved. But at the meeting Sept. 28th it was placed in Mrs. Hicks hands to make necessary corrections, then to be placed in Dr. Roberts hands for his approval for its printing.

Action was taken at the last meeting in regard to a new leaflet; "How we came to organize" it being approved and now in the hands of the printer.

A statement in regard to the "Building Fund" was approved. It appears from time to time in the Magazine

Mrs. Walker then read a paper entitled. "The Building Fund." to be printed in leaflet form which Dr. Kendall thought it would be well to have a statement at the end of the leaflet, giving location of school and amount of money needed. The Executive Committee deemed it wise to have a statement in regard to the Building Fund, appear from time to time in our magazine.

Antonito

Antonito matter was then brought up. it having been brought before the School Committee three times and positively refused. Still Dr. Kirkwood urges that the sending of another teacher

Antonita is one of the best things to do, and advised that the matter be not dropped. During the greater portion of the year Miss Barlow has been obliged to stand outside of the door to keep order. should be sent free to Ministers, Synodical Com^tees. and Teachers. After discussion it was moved & carried that the "Home Mission Monthly" be sent to Home Missionaries free. Synodical members to subscribe. In regard to the teachers, as a number have subscribed for it already, it was resolved to write to the teachers that it will be sent them free and asking them what shall be done with their subscription money.

Persons having received "Presbyterian Home Missionary" free, the question was asked as to what should be done when they sent in list without their name, they expecting it free. It was thought necessary to make a statement that the Home Mission Monthly will not be sent free except to Missionaries & teachers. This matter needing careful consideration it was deferred as time for prayer meeting was at hand.

December 21st 1886

Regular meeting of the Womans Executive Comtee was held Tuesday Dec. 21st 1886. Six present Mrs Ham, Mrs Foote, Mrs Honeyman, Mrs. Walker, Mrs. Finks, Mrs. B

Meeting opened with reading of scripture and prayer Minutes of last meeting read and approved.

Bills presented from printer for leaflets, tickets, envelopes &c. $9.25 A motion was made & carried that thes be paid. Bill for one dozen reporters books $1.50 This also to be paid. Bill of $26.00 for Miss M. Whitaker's traveling expenses to & from Pittsburg. A motion thes to be paid. Bill for carpet & rug amounting to $62.65 There being a fund to pay this bill in part a motion was made & carried that the deficit be met from the Treasury.

Mora N. M.

In regard to Mora, the School Comtee has not granted the request to commission Mr. Dilley, because it will necessitate Eventually the commissioning of his wife. Dr. Kirkwood thinks four workers and a man at the head is very much needed. It was resolved to make inquiries at meeting with the School Comtee & four teachers requested

Hours of Study

A resolution as to number of hours for study and recreation for Children in our Mission Schools was next read, it recommended three or four hours a day for study & time for recreation & industrial training to be left to the discretion of the Supt. This resolution was then taken up point by point for consideration. After discussion, this question a very important one & necessary to be made very plain, the resolution not being sufficiently definite it was deemed best to refer it to the

same Committee for revision. A motion was made and carried that this paper be referred to the original committee with Mrs. Walker's name added to it.

Kaysville Utah
Montpelier, Idaho
Assistants needed

The assistants at Kaysville & Montpelier, so much needed have not yet been approved by the Board. It was moved & carried that these two matters be brought before the School Com'tee at the meeting in the afternoon.

White Hall Seminary S.C.

Mrs. Walker reported writing to Miss Ufford of White Hall Seminary in regard to Miss Ainsworth & receiving an answer. But the matter stands the same as it did, as Miss Ufford misunderstands or has forgotten that she wrote asking that Miss Ainsworth remain in the school on same terms as last year.

Two copies of Temperance text books to be forwarded to each school

Temperance text books can be furnished from the office in Reade St. one third off. Mr. Boyd requested to bring it before the School Com'tee asking permission to send a copy of each to the primary & older schools. Executive Com'tee recommends that the School Com'tee be requested to grant permission that two copies be forwarded to each school with instruction for the teachers to report the number they need, with the information that the Executive Com'tee require this taught in the school according to former action of Com'tee.

Memrl. Fund

Resolution in regard to Memorial Fund then called for. Mrs. Grier, being ..... the Com'tee feels this is a very important matter requiring a great deal of discussion & thought, & fearing it will conflict with the Green Memorial Fund, suggests that Mrs. Alexander be invited to meet this

the Comtee in order to talk it over. It was thought that two Memorial Funds would be very confusing & it would be better if they could be combined in some way.

After discussion it was proposed that Mrs. Alexander be invited to meet with Mrs. Grier & Mrs. Ham to confer over this matter. Finally resolved that this matter be deferred for further action.

Mrs. Walker reported writing to Dr. Kirkwood in regard to the $200 oo to be added to his salary $200 oo to be paid Executive Comtee, according to instruction of Comtee Dr Kirkwood and receiving reply thanking the Comtee for the for his assistance kindness & stating that he does not like to draw on the work of on the funds of the ladies as he will have to give the Executive Com^tee up the school work, being heavily laden, and the acceptance of this money might bind him to it. After discussion it was shown that it was but a matter of simple justice that this money be paid Dr Kirkwood as he had saved the Com a great deal of money & spent some of his own. Therefore resolved that this $200 oo be applied the present year. This was withdrawn as such motion already appears on minutes of previous meet and the resolution offered that $200 be paid Dr Kirkw

School Comtee being ready for conference furth business was deferred until later.

The Methodists to be written to in regard to their work in Utah

In view of the fact that the Methodist have established work in various fields of Utah which are already occupied by our teachers & missionari Mrs. Walker was asked to prepare a letter, addr

to the proper person, asking that in extending their missionary operations they do so in such a way as to broaden the work in general rather than divide & weaken.

The matter of providing a cottage home for our teachers at Ephraim was discussed. It was decided that as so many other points are in pressing need and in some cases the crisis is critical, that the Presb. Soc. of Ill. be asked in view of these circumstances to apply their funds to more needy work.

Miss Robertson coming in reported a gift of $150 for her school at Muscogee from her cousin.

It was decided that Mrs. Murphy be allowed her board in addition to the $300 salary at Mt. Pleasant in view of the laborious character of her work. Mrs. Murphy is to be directed to send her bills of school expenses direct to Mr. Eaton.

The matter of tuition in our mission schools in Utah was discussed but action was deferred

A communication was read from Mr. Edwards asking that $375 be applied to the rebuilding of the old Church at his station. It was decided that as the matter had been refused by the School Com^{tee} the Executive Com^{tee} could do nothing in the matter.

an increase of 6000 in advance of last year.

Mrs. Walker reported Finance Comtee as app
ed by Mrs. James as follows: Mrs. Ham, Mrs. Brownell
and Mrs. Grier

Miss Barlows request to take the little Mexican girl into her family

Report made that Miss Barlow is willing
anxious to take the little Mexican girl spoken
by Dr Mc Niece if allowed by the Executive Comtee.
In accordance with the action of the Board allow
the teachers to take one or two children to board
a motion was made & carried that this little gi
be taken by Miss Barlow into her family.

Report was made of the Board Commissioni
five teachers for the Southern work also Mr Dil
for Mora with instructions to go at once. Dr Kirk
wood requested to go with him & assign Mrs. Di
position. Also Miss Leonard for Montpelier.

Payson. Utah Rent

Mrs. Walker having been instructed by Comtee
write Mr. Smith of Payson in regard to rent be
$75 00 out of which he could have the house paint
on making enquiry of Mr. Eaton found that no
had been deducted, thought it best to have th
matter brought before the Comtee again. Mr. Boy
invited in to explain why he should pay rent

Mr. Boyd then explained that the first agreement when the property was bought, was that he should pay one hundred dollars rent. After discussion it was deemed best that the action taken by the Comtee at last meeting should stand.

Resolutions in regard to the work in the South

Mr. Boyd reported the following resolution in regard to work in the South, passed by the Board of Home Missions at its last meeting, as follows:

In reference to the proposed schools in Tennessee and Kentucky. "Resolved that their being an apparent conflict between the recommendation of the Standing Comtee on the Home Mission Report of 1886 and the policy limiting the Mission Schools to the Exceptional population & Territories without State schools the Board defer action until we have received definite instructions from Assembly on this matter."

Mr. Boyd also reported the appointment of Mr. C. E. Walker as their agent in putting up buildings at Tucson: also Board's action allowing $3700 additional for Albuquerque making the total sum to be raised $10,000

Iron bedsteads

The Board also allowed the purchase of iron bedsteads for Albuquerque, Las Vegas and Mora.

Directors So. Dak teachers eat with children

Mrs Walker reported reply from Miss White of Sisseton Agency, Dak. in regard to the teachers being allowed to eat with the children. They find on due consideration of the matter it would be better for the teachers to have their own table and they are looking forward to the time when all the teachers can have their meals in the "Boys Home"

Request reported from Dr McNiece asking that

Request that Mrs. Shirleys salary be increased.

Mrs. Shirley's salary be raised from $300 to $450, the usual salary in Utah, as she has been receiving a small income from being postmistress, but now that is taken away. A motion was made & carried that the new salary $450 be given Mrs. Shirley from Oct. 1st.

Taos. N. M. Room Rent

Request from Taos, N. M. in regard to payment of room rent, they having to secure another room for school and living purposes, making an additional sum of $15 to be paid. After discussion a motion was made & carried that this rent be paid for this building occupied as a school and teachers residence.

Old Dwight I.T. boarding pupil

Request from Redron or Old Dwight desiring to take a boarding pupil, a little Indian orphan girl eleven years old, full blood Cherokee. It will cost $3 and her clothes for 6 months. After discussion as to what would become of the child when the six months was it was resolved that this letter be handed to one the members of Dr. Halls Church & see what can be done for the child, as it meets with the approval of Exec

Nephi Utah Miss Gee

Letter from Miss Gee of Nephi asking permission the Board to reimburse herself from tuition money for such expenses as they have been to, to make Christm happy for the children, also for entertainment of ministers who preached for them, they had not for them & board outside was $1.50 per day. It was explained that the pupils pay from forty to fifty cents per month which they seem very willing to pay. The question was then discussed as to whether this should be charged, the general expression being was better in some cases for the moral condition the people to pay this tuition. After further dis

it was resolved that as this is only from one teacher, it would be well to obtain further information in regard to tuition from other teachers and defer action. A motion was made & carried that the money expended for Christmas be deducted from tuition money that has been received.

Question of reduced salaries

The question of reduced salaries by the striking out the clause that they could take fifty dollars from tuition thus making their salaries $500. It was found in some cases that the teachers insisting upon tuition in order to obtain the additional $50, depleted the school. Therefore a request was sent to the Board of Home Missions asking that this clause be struck off of Commissions & raising the salary to $500. The Board acted upon the first part but did not act on the part raising the salary, consequently the teachers feel this reduction greatly. After discussion it was resolved that the salaries of the teachers among the Mormons wherever $450 now be raised to $500 this to be presented to Bd Home Missions.

In regard to tuition

In regard to the charging of tuition, it being recommended by the Presbytery, it was deemed best not to make any arbitrary rule but advise the teachers to use discretion and act wisely in the matter. It was suggested that some member of the Presbytery be communicated with giving the ideas of the Comtee showing that the Comtee desire to cooperate with them. After discussing freely it was resolved that the Comtee confer with the proper person in this matter and defer action until information is gained.

Mrs. Walker reported receipt of $160 from Smithfield Utah Mission, for Home Missions. This is very encouraging.

Mrs. Walker reported receiving a Mormon do
ment from Mrs. Perkins of Cleveland, Ohio which
was found pasted in the bell sent to St George Ut
At first it was thought well to have this documen
printed in H. W. Monthly but finally decided t
leave it to the discretion of the Secretaries.

In regard to Lifemembership Certificates

There being many misunderstandings in
regard to Life membership certificates, a numb
asking what the privileges are &c Then again ma
taking a scholarship or paying a teacher's salary, d
sire to make a life member of some person with
this same money, Mrs. Walker then read stat
ment prepared for the Home Mission Monthly
desiring to know the opinion of the Committee. Th
paper was approved & endorsed by the Committee.

Letter from Augusta Ga. Teacher stating they
had named their School Haines after Mrs. Haines.

After recess letter from Miss Dodge was read
Santa Fe. N. M. speaking of affairs at Santa Fé proposing that
somebody be appointed to look after the prop
as it was not in good hands at present suggest
that Mrs. Livingston & Miss Allison be a Committee
to attend to these matters of property &c. After discussion
motion was made & carried that Mrs. Walker & Mrs. F

Bills for printing leaflets, book entitled "Our Country" Carbon for Typewriter, and Curtains amounting to #107.75 having been examined by Finance Comtee were presented to Executive Comtee for approval, on motion they were ordered paid.

The Executive Comtee having approved ordering more of

the leaflets, "A Plea for our Envelopes," & circumstances arisi
prevening their reprinting at present, Lafayette Ave. Churc
Brooklyn having a quantity on hand, on motion Mrs.
Walker was authorized to purchase them from the L. A.

Being in need of more of Dr Jackson's pamphlet, "The
Tribes of Alaska," there being constant calls for facts in
gard to Alaska, & there not being sufficient business t
call the Publication Comtee together, Mrs. Walker thoug
perhaps the Executive Comtee could take action in rega
to their purchase. After discussion it was suggested
that one hundred be purchased & then the matter pl
ed before the Publication Comtee. A motion was made &
carried that Mrs. Walker be requested to correspond wi
the parties having them & obtain one or five hundred
as the rates seemed to justify our demand.

Dr Jackson's pamphlet

Mrs. Walker reports having brought the matter o
increase of salaries of Utah teachers before Secretaries a
they advising a delay in presenting this to the Board
The Secretaries feel sure they would not grant it at th
time & it would be better to have more information in regard
it & then present it at the close of the school year. Then again
Secretaries thought the Board would wait until the r
of Dr. Booth who has visited our Utah Schools & they would
his opinion of the matter. Acting under this advice the m
was not brought before the School Comtee and Board.

Santa Fe. N. M. property

In regard to property at Santa Fé assurance was
by Messrs. Eaton & Boyd that Dr Kirkwood had full a
ority & was watching the matter very closely & was in
conference with Mr. Livingston all the time.

Hydah

Mrs. Walker reported hearing from Mr. Wadha
in regard to saws for mill at Hydah. He has pla

the matter in the hands of a dealer who understands the matter & the saws will be sent to Mr. McCloud as soon as possible. Portion of Mr. McClouds report read stating the sawing of 6000 feet of lumber for Hydah Mission. The report very encouraging.

White Hall, N.C.

Report given that Miss Era Ainsworth had not gone as assistant to Miss Ufford as there seemed to be a misunderstanding in regard to it. In the correspondence with Miss Ufford nothing was said about the arrangements as it was supposed she knew what they were, having requested that she be retained. The matter was brought before the School Comtee & they granted permission to retain Miss Era Ainsworth at $200 for the year. It now awaits action of Bd of Home Missions. The action taken in regard to this matter was approved by Executive Comtee.

Raise White's Salary

School Comtee also gave permission to raise Miss White's salary to $500 but refused the request of Miss Barlow & Dr McLean that Miss Barlow should take the little Mexican girl in her home. This was refused on the ground that an assistant had been granted & she does not need her for company.

Mexican girl

As this permission was requested that the little girl might be benefited the question arose what was to be done for her. After discussion a motion was made & carried that Mrs. Walker try to find a home for this child in some other school. Santa Fe and Mora were proposed.

Kaysville Utah

Hurst's salary

School Comtee granted the request that Mrs. Shirley's salary be raised from $300 to $450. Assistant at Kaysville refused by School Comtee. Mrs. Gallup of Clinton, N.Y. who recommended Miss Hart teacher at Kaysville, is very anxious that this assistant should be granted being afraid Miss Hart will break down as the school is large & she is of a nervous temperament & needs company. Mrs. Walker

proposed that according to action of Bd Home Missions
be granted one or two children to board with & assist her
A motion was made & carried that correspondence be had
Miss Hart, learning her desires in the matter and give her
such advice as the occasion seems to warrant.

Mrs. Finks reported showing the Mormon documents
to Dr Kendall who was strongly in favor of printing it in full

In regard to Commissioning Miss Hyslop

The matter in regard to having Miss Hyslop commissioned
for six months or a year was then spoken of at length. The
fact having been brought to the notice of some of the members
of Executive Comtee that she was not as helpful or harmo-
nious a worker as she might be, although a very capable
teacher. Mrs. Walker mentioned the fact of visiting the
school with Mrs. James & they were both pleased with
her readiness, ability & efficiency but thought it might not
be wise to retain her, but deemed it best to have the matter
left for a time. Letter from Miss White stating that although
painful for her to say it, she thought that there would be
more harmony among the workers if she were not there. As
she is commissioned for a whole year it would be more dif-
ficult to remove her. Mr. Boyd had proposed commissioning
Miss Hyslop for six months. Knowing the circumstances
that Mrs. James would approve, Mrs. Walker asked that
the commission be held until after Executive Comtee meet
for authority. Letter from Mrs. James approving of the com-
mission for six months time.

Miss Hyslop medical Education desired

Letter from Miss Hyslop desiring to know if the Board
can aid her in getting a medical Education that she may
increase her usefulness in Mission work. Executive Com
cannot do this except as individuals. It was proposed
that as Miss Hyslop was a good teacher she might

transfered to another field or aided to medical training. After long discussion a motion was made & carried that Mrs. Walker decide with Mrs. James upon the steps & course to be pursued in regard to Miss Lyelop.

Alaska Matters.

Mrs. Walker stated that Dr. Jackson of Alaska was in the office & reported on Sitka matters. They need more help & machinery for laundry. There are 83 children in the school ranging from four to eighteen years of age - average 10 or 11 years. The children being very young are not able to give much if any help. While people are complaining that the little boys were obliged to cut too much wood. Dr. Jackson is anxious that Prof. Kelly should be authorized to use coal. Miss Kelsey was sent out as teacher but obliged to take position of Matron therefore an assistant teacher is needed or Miss Kelsey to go in school room which she is well fitted for & a Matron commissioned.

Mrs. Kinaus, seamstress, needs an assistant as she is obliged to make a great deal of clothing & do much mending.

Mrs. Pakle needs machinery for laundry or assistant laundress. After discussion, Matron & Teacher having been granted before no new action was needed. Motion was made & carried that the necessities of the case be stated to the Board of Home Missions & assistance be sent to Mrs. Kinaus.

On motion meeting adjourned.

Change to be made books in copying letters.

A special meeting was called to talk over the advisibility of change in copying books. Motion made & carried that the Executive Com. be make a change in the books we have been accustomed to use for copying letters and one dozen books be purchased by which copying can be done more rapidly, thereby saving time

the Treasurer of the Board of Home Missions taking part of them.

On motion meeting adjourned.
